NOTE TO USER

It would be appreciated if you could complete and return the **Reader's Survey** inserted at the beginning of this volume

Objective

To promote economic diversification in Western Canada in a manner that provides added influence for the West in national policy and decision-making, that improves client services in the West and that facilitates federal-provincial coordination.

Activity Description

Western Economic Diversification

To exercise, in close cooperation with western stakeholders, more effective guidance over federal Government policies, regulations and resources so that they become more constructive instruments of western economic growth and diversification.

INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 64 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts

The Public Accounts is produced in three volumes.

Volume I presents a summary analysis of the financial transactions of the Government while **Volume III** contains an annual consolidated report on the businesses and activities of all parent Crown corporations together with a listing of all Crown corporations and other corporate interests of Canada.

Volume II is published in two parts. **Part I** presents the financial operations of the Government, segregated by ministry while **Part II** presents additional information and analyses. The content of **Part II** is summarized as follows:

- financial statements of revolving funds (Section 1);
- financial statements of departmental corporations and other entities (Section 2);
- supplementary information required by the Financial Administration Act (Section 3);
- accounts receivable (Section 4);
- professional and special services (Section 5);
- construction and/or acquisition of land, buildings, works, machinery and equipment (Section 6);
- transfer payments (Section 7);
- public debt charges (Section 8);
- payments of damage claims, ex gratia payments, Federal Court awards and nugatory payments (Section 9);
- federal-provincial shared-cost programs (Section 10);
- other Government-wide information (Section 11); and,
- other miscellaneous information (Section 12).

Airports Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Airports Revolving Fund have been prepared in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year. The primary responsibility for the integrity and objectivity of the data in these financial statements rests with management.

These financial statements were prepared in accordance with the significant accounting policies set out in Note 2. Some of the information included is based on management's best estimates and judgements, which give due consideration to materiality. To meet the reporting requirements, separate accounts are maintained on a decentralized basis for each of the airports funded by the Revolving Fund, under the functional authority of the Director General, Finance, and are submitted to Ottawa Headquarters for review and consolidation.

The airports in the Fund are subject to departmental systems of financial management and internal control and such additional policies, practices and procedures as are necessary to facilitate financial reporting for the Revolving Fund, in accordance with the requirements of the Treasury Board and Receiver General for Canada. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are recorded to maintain accountability of Government funds and to safeguard the assets of the Revolving Fund.

The Revolving Fund was wound up as at March 31, 1991 in accordance with authority provided in 1990-91 Supplementary Estimates, Vote 2c. The net assets and responsibility for the continuation of services of this Fund have been transferred to the Airports activity of the Transport Program.

Authority provided	94,234	96,436	82,550	58,536

RECONCILIATION OF UNUSED AUTHORITY MARCH 31, 1991
(in thousands of dollars)

	1991	1990
Debit balance in the accumulated net charge against the Fund's authority account	(361,500)	(275,563)
Transfer to ANCAFA of contributed capital and accumulated surplus	1,444,679	
	1,083,179	(275,563)
Authority provided in Vote 2c to write-off the assets and liabilities	1,444,679	
	(361,500)	(275,563)
Add: PAYE charges against the appropriation account after March 31	59,019	58,009
Less: amounts credited to the appropriation account after March 31	36,411	24,902
Net authority provided, end of year	(338,892)	(242,456)
Authority limit	80,000	80,000
Unused authority carried forward	418,892	322,456
Unused authority repealed [1]	(418,892)	

[1] 1990-91 Supplementary Estimates C, Vote 2c provided authority to repeal Section 10 of the Revolving Funds Act as of March 31, 1991, thereby eliminating the legal basis for the existence of the Airports Revolving Fund. Therefore, the statutory unused authority is cancelled. See Note 15 for additional information.

Airports Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991

1. Authority and purpose

The Airports Revolving Fund (formerly known as the Self-Supporting Airports and Associated Ground Services Revolving Funds), in accordance with the Revolving Funds Act, is authorized to make operating and capital expenditures out of the Consolidated Revenue Fund for the purpose of operating, maintaining and developing such airports as the Treasury Board may approve. The Fund is also authorized to spend any revenue received from the operation of such airports for this purpose as well as any monies appropriated therefore by Parliament from time to time.

This Fund was originally established in 1969. It has a statutory drawing authority of $80 million on the Consolidated Revenue Fund and it operates under terms and conditions approved by the Treasury Board.

Over the years the number of airports in the Fund has varied. At March 31, 1991 there were eight: Halifax, Montreal (Dorval and Mirabel), Ottawa, Pearson, Winnipeg, Calgary, Edmonton and Vancouver.

The Fund ceased operations as at March 31, 1991. 1990-91 Supplementary Estimates C, Vote 2c provided authority to repeal Section 10 of the Revolving Funds Act as of March 31, 1991, thereby eliminating the legal basis for the existence of the Airports Revolving Fund. Therefore, the statutory unused authority is cancelled. See Note 15 for additional information.

2. Summary of significant accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada.

(a) Valuation of inventory of materials and supplies

Inventory of materials and supplies, held for repair and maintenance purposes at the airports, is valued at the lower of cost and replacement value.

(b) Deferred charges

Payments made by the Fund which give rise to future benefits are recorded as deferred charges and are amortized over the years to which the benefits relate.

(c) Fixed assets

Fixed assets purchased by the Fund are recorded at cost. Fixed assets transferred to the Fund prior to April 1, 1979 were recorded at appraised values established by the Department of Transport in accordance with Treasury Board Circular 1980-7. Fixed assets transferred to the Fund as at April 1, 1979 were recorded at their amortized value at that date. All subsequent transfers of fixed assets from and to Canada are recorded at net book value at the date of transfer.

Project administration costs, including interest incurred during the construction of new airports, are capitalized and included in airport development costs to the extent that these costs are not readily identifiable with specific fixed assets. Additions, renewals and betterments which extend the economic lives of the assets are capitalized. Maintenance and repairs are charged to operations.

(d) Amortization of fixed assets

Amortization is charged on a straight-line method based on the estimated useful life of the asset.

The amortization rates used within the major classes of assets are as follows:

Terminal and facilities	2.5% to 10.0%
Runways and other paved surfaces	2.5% to 6.7%
Machinery and equipment	4.0% to 20.0%
Airport development costs	4.2%

(e) Deferred revenue

Funds received in advance are recorded as deferred revenue and recognized as revenue over the term of the lease.

(f) Terminal control costs

Terminal control costs are for those air navigational services associated with the approach, landing and take-off of aircraft at an airport and the control of en route flights while traversing a terminal control area. The costing of terminal control is an estimate of direct and indirect costs including amortization for air traffic services, flight service stations, technical support services, flight calibration, and meteorological services.

(g) Interest associated with capital contributed to the Fund

Interest is allocated on the capital contributed to the Fund. The interest rate (10.52% in 1990-91, 10.40% in 1989-90) is based on Crown corporation borrowing rates weighted against the net book value of capital acquisitions for the last 20 years. An average of the contributed capital balance less surplus in the accumulated net charge against the Fund's authority balance at the beginning and the end of the year is used to calculate the allocated interest.

(h) Employee benefits

Department of Transport employees operating the airports of the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of their pension cost is included in the employee benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation Retirement Benefits Account.

Termination benefits accrue to Department of Transport employees operating airports of the Fund. Payment of these benefits is made to employees on separation or retirement. The cost of these benefits is expensed in the year in which they are earned.

(i) Departmental overhead

Departmental overhead reflects the charges by the Department of Transport for the estimated costs of technical and administrative services provided to the Fund. Since these expenditures are not readily identifiable with specific services, the charges are allocated to the Fund as a percentage of direct operating and maintenance expenses.

Airports Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991—*Continued*

(j) Grants in lieu of taxes

Grants in lieu of taxes, imposed on airports of the Fund, are accrued based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid by the Department of Public Works and recovered from the Fund.

The grants are not finalized until they have been audited by the Department of Public Works, often several years in arrears. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(k) Services provided to and received from Government departments without charge

The estimated costs for services provided to and received from Government departments without charge are included in their respective revenue and expense categories and are offset by a corresponding amount which is included under allocations.

(l) Air transportation tax

Air transportation tax is levied under the Excise Tax Act, Part II. The tax is collected by the Department of National Revenue—Customs and Excise which transfers funds equivalent to the tax collections to the Department of Transport.

Sufficient tax proceeds are allocated to the Fund in the Main Estimates to cover the estimated shortfall between site-generated revenue and operating costs, amortization and interest. The air transportation tax allocation is subsequently revised to offset non-cash adjustments to terminal control costs and departmental overhead, as well as services without charge.

The air transportation tax allocation is included under allocations.

3. Changes in financial statement presentation

Certain 1990 comparative amounts have been reclassified to conform to the presentation adopted in 1991.

4. Long-term receivables

The long-term receivables include $4.2 million from the country's two major airlines as the portion of unpaid fuel concession fees negotiated as a settlement. Payments due total $579,445 annually from 1991-92 to 1998-99 inclusive and $199,750 in 1999-2000 and are non-interest bearing.

The remaining $1.6 million is due from other airlines. Payments due total $798,888 annually from 1991-92 to 1993-94 inclusive and are non-interest bearing.

5. Changes in treatment of fixed assets

Effective April 1, 1990, the Department raised the capitalization threshold for fixed assets from $500 to $5,000. This change in accounting policy resulted in a retroactive adjustment which reduced the 1991 net book value of fixed assets by $1,026,649.

The 1990 figures were restated on a comparable basis, which resulted in reductions of $3,393,154 to the net book value of fixed assets and of $338,300 to amortization expense.

Changes were also made to the amortization rates of some categories of fixed assets. These changes in accounting estimates are accounted for only in 1991 and applicable future periods, ie, no retroactive adjustment was made.

6. Fixed assets and accumulated amortization

Fixed assets, at cost and appraised values	Balance at beginning of year	Acquisitions	Disposals	Transfers	Balance at end of year
			(in thousands of dollars)		
Land and land development costs	120,566		(508)	1,156	121,214

Airports Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991—*Continued*

7. Development Agreement—Terminal 3, Lester B. Pearson International Airport

In 1987, the Department of Transport entered into a development agreement under which a developer would construct and operate a third terminal building at Lester B. Pearson International Airport in Toronto. A ground lease and related agreements were executed in 1988. The ground lease is for a term of 40 years and the Developer has the option of renewing the lease for a further term of 20 years. Title to the terminal building passes to the Department of Transport, at no cost, automatically at the end of the 20 year renewal term, or at the end of the 40 year lease term if the Developer does not exercise his option to renew.

The Developer paid $2 million on entering into the lease agreement in April 1988 and a further $28 million on September 24, 1990. These payments will be recognized as revenue over the 40 year lease term which commenced on March 31, 1991.

The Department of Transport has agreed to provide, under certain specified conditions, loans to the Developer during the first 15 years of the lease. The principal and accumulated interest on these loans may not exceed $70 million and in any one year no more than $8 million may be loaned. As at March 31, 1991, no such loans had been made.

8. Equity of Canada

(a) Accumulated net charge against the Fund's authority

The accumulated net charge against the Fund's authority represents the net accumulation of all cash transactions made through the Consolidated Revenue Fund, the central account through which all Government receipts and disbursements flow. By virtue of the Fund's mandate, it receives credit for all revenues collected and is empowered to draw funds under statutory authority from the Consolidated Revenue Fund for shortfalls up to the maximum of the authorized limit of $80 million.

A drawdown on the Fund's authority occurs when accumulated cash disbursements exceed accumulated cash receipts (credit balance) and bears interest at a rate determined by the Minister of Finance. An accumulated excess of cash receipts over cash disbursements (debit balance) represents an addition to the drawing authority of the Fund.

(b) Contributed capital

Contributed capital primarily includes the amounts representing the values assigned to assets transferred from and to Canada and interest associated with capital contributed to the Fund.

(c) Accumulated surplus

The accumulated surplus account represents the net accumulation of surpluses and deficits since the establishment of the Fund.

9. Royal Canadian Mounted Police security services

The RCMP provides security services without charge to the Fund. An enhanced level of service in relation to national security is now being provided in addition to the basic security services previously provided. An estimated amount of $29.3 million (1990—$21.4 million) relating to the basic security service is included as part of the operating expenses of the Fund with a corresponding offset included under allocations.

10. Net other services provided to and received from Government departments without charge

The other services provided to and received from the Department of Transport and other Government departments without charge are recorded and included under their corresponding revenue and expense categories. These services are summarized as follows:

	1990-91	1989-90
	(in thousands of dollars)	
Services received—		
Crash, fire and rescue—Department of National Defence	1,548	1,474
Provincial sales tax—Supply and Services Canada	2,203	2,886
Telecommunications equipment maintenance—Department of Transport	3,598	3,408
Other	1,144	1,198
	8,493	8,966
Services provided—		
Landing fees—State and military aircraft	(6,432)	(3,273)
Other	(956)	(836)
	(7,388)	(4,109)
	1,105	4,857

11. Allocations

Certain amounts are allocated to the Fund to offset expenses as follows:

	1990-91	1989-90
	(in thousands of dollars)	
Air transportation tax paid to the Fund as provided for in the Main Estimates	53,326	65,501
Increased allocation to offset non-cash adjustments to terminal control costs and departmental overhead	19,439	16,261
Total air transportation tax allocation	72,765	81,762
RCMP security services received without charge	29,347	21,421
Net other services provided to and received from Government departments without charge	1,105	4,857
Total allocations	103,217	108,040

12. Contractual obligations

As at March 31, 1991, the Fund was committed to expenditures totalling approximately $57 million (1990—$76 million) under fixed asset construction and maintenance contracts.

13. Airport transfers

In 1989, Cabinet approved a policy to transfer airports to local management. Later that year, the Department of Transport signed letters of intent with regional airport authorities to begin negotiating the transfer of Edmonton, Vancouver, and Calgary International Airports and the Montreal International Airports at Dorval and Mirabel.

Airports Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991—*Concluded*

No transfers have occurred to date but negotiations are continuing and it is expected that long-term leases to transfer the above airports will be concluded in fiscal year 1991-92.

14. Contingent liabilities

The Department of Transport is a defendant in certain pending and threatened litigations related to the operations of the Fund. The aggregate amount of claims in respect thereof as at March 31, 1991 is approximately $88 million. Settlement, if any, resulting from the resolution of these claims will be accounted for in the year in which the settlement occurs.

On May 16, 1989, virtually all major airlines using Canadian airports filed a suit in the Federal Court of Canada naming Her Majesty the Queen in Right of Canada, the Minister of Transport and the Department of Transport as defendants. The airlines' claim of $66 million was for fuel concession fees covering the period 1983 to 1988. The major part of this claim relates to the airports which are included in the Fund. However, an undetermined part of this claim relates to other airports operated by the Federal Government.

In December 1989, the Department of Transport obtained agreement with the country's two major airlines by which the airlines agreed:

(a) to discontinue court action (their portion represented approximately 80% of the total claim);

(b) to pay fuel concession fees from December 1, 1989 until March 31, 1991 or the introduction of the new cost recovery policy, whichever is sooner; and

(c) to remit a portion of the unpaid fuel concession fees as negotiated.

The Department of Transport agreed to discontinue charging the fee after March 31, 1991. The Department of Justice and Transport are working to fully resolve the fuel concession fee litigation and contractual issues in relation to the other airlines.

15. Termination of the Airports Revolving Fund

In TB minute no. 815267, the Treasury Board approved:

(a) the inclusion of an item in 1990-91 final Supplementary Estimates to discontinue the Revolving Fund effective March 31, 1991,

(b) the winding up of the Fund, and

(c) the transfer of the net assets and responsibility for the continuation of services to the Airports Activity of the Transport Program.

Supplementary Estimates C, Vote 2c provided authority to repeal Section 10 of the Revolving Funds Act, as of March 31, 1991, thereby eliminating the legal basis for the existence of the Airports Revolving Fund.

The schedule attached provides the balances in the accounts of the Airports Revolving Fund prior to the transfer of the total net assets to the Airports Activity of the Transport Program as of March 31, 1991.

Defence Production Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Defence Production Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, the Defence Production Act, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance and Administration Sector. This responsibility is discharged by the Financial Policy, Accounting and Reporting Systems Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

Defence Production Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991

1. Purpose and authority

The Defence Production Revolving Fund has been established by Section 15 of the Defence Production Act. It was established in 1951 for the purpose of:

(a) financing the stockpiling of defence supplies or strategic materials;

(b) making loans or advances to aid in defence procurement such as working capital loans as advance payments on contracts but not including loans or advance payments for capital purposes; and

(c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The Adjustment of Accounts Act (S.C. 1980, c. 17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a continuing non-lapsing authority from the Adjustment of Accounts Act to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed at any time by more than $100 million the aggregate of amounts received on these two accounts. An amount of $15,408,997, representing net assets assumed by the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus in the amount of $455,935 has been transferred to the Fund's authority during 1984-85.

2. Significant accounting policies

(a) Payments to suppliers for defence supplies are billed to departments and Crown corporations at cost.

(b) Progress payments to suppliers

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by Government departments and agencies and/or for stockpiled inventories, which are in progress and located on the supplier's premises, are recorded as progress payments to suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

(c) Progress billings to customers

Billings to customers for defence supplies requisitioned which have not yet been delivered to customers are recorded in the accounts as progress billings to customers.

Note: For the year ended March 31, 1990 and 1991, there were no transactions that applied to (a), (b) and (c).

Government Telecommunications Agency Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Government Telecommunications Agency (GTA) Revolving Fund have been prepared as required by and in accordance with the policy and procedures of the Treasury Board for revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the significant accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director General, Financial Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. These are supplemented by additional systems and procedures developed and implemented by the Fund's Finance and Administration Division. The Fund maintains systems of financial management and internal control to encourage the use of prudence, probity and value-for-money in the spending of public funds. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by frequent contacts with departmental financial and internal audit officers.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified accounting staff, by organizational arrangements that provide appropriate divisions of responsibility and by a high standard of internal communications aimed at ensuring that its regulations, policies, procedures and managerial authorities are understood throughout the Agency.

The Agency maintains and operates a computerized financial information system, that was designed to meet the unique requirements of accounting for revolving fund transactions, and the need to provide timely and accurate financial information required by the Department of Supply and Services in its discharge of Receiver General responsibilities relating to the Accounts of Canada.

Government Telecommunications Agency Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1991

1. Purpose and authority

The Government Telecommunications Agency Revolving Fund was originally established in 1963 to plan and provide telecommunications facilities and services at the request of federal departments and agencies. Section 23 of the Adjustment of Accounts Act which was repealed and replaced by Section 4 of the Revolving Funds Act, authorized the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed $8,000,000 at any time. This authority was increased to $12,000,000 by Appropriation Act No. 4, 1981-82, to $15,000,000 by Appropriation Act No. 4, 1983-84, to $19,000,000 by Appropriation Act No. 4, 1984-85 and to $30,000,000 by Appropriation Act No. 3, 1989-90. In accordance with Vote 2c, Appropriation Act No. 4, 1982-83, an amount of $1,485,822 of the accumulated deficit caused by the payment to Bell Canada for a terminated contract has been written off to the authority. An amount of $741,781 representing net assets assumed by the Fund and assets contributed to the Fund was charged against this authority when the Fund became budgetary.

2. Significant accounting policies

(a) Prepaid expenses

Some payments are made to suppliers for activity in the next fiscal year and are recorded as prepaid expenses on the balance sheet.

(b) Fixed assets

Fixed assets are carried at cost. In most cases, depreciation is calculated using the diminishing balance method at the following rates: automobiles (30%), office equipment (20%), furniture and fixtures (10%). Telecommunications equipment constitutes a special category of assets, depreciated on a straight-line basis, over the first five to seven years of utilization of the equipment.

(c) Deferred charges

Deferred charges are linked to acquisitions of telecommunications equipment by GTA and are amortized on a straight-line basis on the same life expectancy as the asset they relate to. In 1990-91, the amortization relating to deferred charges amounted to $2,833.

(d) Deferred revenue—Service contracts

Advance payments from client departments and agencies for future telecommunications services are recorded as deferred revenue and are included in revenue on an equal basis over a five to seven year period. In 1990-91, $110,358 was recognized as revenue.

(e) Accrued revenue—Long-term

Monthly payment plans are offered to departments and agencies to cover implementation costs of telecommunications services. At the end of 1990-91, the amount outstanding is equal to $9,209. The short-term portion of the accrued revenue (due in 1990-91) represents $7,820 and is included in the accounts receivable—Government of Canada in the balance sheet.

(f) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Changes in financial statements presentation

The allocation of expenditures between Operations, Management and Administration, and Planning and Coordination has been revised to more closely reflect the nature and accountability of the Special Operating Agency.

These financial statements include the following categories: Operations (unchanged), Management services (formerly Management and Administration and Planning and Coordination) and Telecommunications Architecture.

The 1990 comparative figures have been restated to reflect the 1991 presentation.

4. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	$	$	$	$
Office equipment	1,806,600	562,357	141,654	2,227,303
Furniture and fixtures	252,200	88,499		340,699
Automobiles	107,388	11,299		118,687
Telecommunications equipment	2,875,181	287,708		3,162,889
	5,041,369*	949,863	141,654	5,849,578

Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	$	$	$	$
Office equipment	929,416	280,332	103,774	1,105,974
Furniture and fixtures	155,053	18,565		173,618
Automobiles	73,587	13,530		87,117
Telecommunications equipment	1,407,084	414,185		1,821,269
	2,565,140*	726,612	103,774	3,187,978

*The balance at beginning of year for fixed assets and accumulated depreciation does not include $177,000 for equipment under capital lease, as this amount was fully utilized.

National Film Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements have been examined by the Audit Committee and presented to the Board of Trustees.

These financial statements were prepared in accordance with the stated accounting policies as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgement and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director of Administration and Financial Services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where contacts are maintained between our internal auditor and staff of the Auditor General's Office. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have been examined by the Auditor General, his role being to express an informed judgement as to whether the financial statements present fairly the financial position of the Board as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in conformity with generally accepted accounting principles.

National Film Board—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF COMMUNICATIONS

I have audited the balance sheet of the National Film Board as at March 31, 1991 and the statements of operations, accumulated deficit and accumulated net charge against the Revolving Fund's authority for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

Raymond Dubois, FCA
Deputy Auditor General
for the Auditor General of Canada

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1991

1. Authority and purposes

The National Film Board was established in 1950 under the National Film Act to initiate and promote the production and distribution of films in the national interest and in particular to:

produce and distribute, and to promote the production and distribution of films designed to interpret Canada to Canadians and to other nations;

represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;

engage in research in film activity and to make available the results thereof to persons engaged in the production of films;

National Film Board—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991—*Continued*

advise the Governor in Council in connection with film activities; and

discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

The Board, through the operation of a revolving fund having a permanent continuing authority from Parliament, can make payments out of the Consolidated Revenue Fund for working capital and the interim financing of operating costs and the acquisition of capital assets and can record the increase in the net book value of capital assets against this authority, which provides that the aggregate of admissible working capital and net book value of capital assets is not to exceed $20 million at any one time. A parliamentary authority, to replenish the revolving fund for net acquisitions of capital assets and the admissible cost of operations, is voted annually and recorded in the year to which it applies. Any unused balance lapses.

2. Significant accounting policies

Production of films and other forms of visual presentation

All production costs are charged to operations in the year in which they are incurred and shown in the statement of operations as follows:

Board's program

All costs incurred for unsponsored productions, the Board's share in coproductions and the excess of costs over the sponsor's contribution for partially-sponsored productions.

Sponsored production

All costs incurred for fully-sponsored productions and the sponsored costs of partially-sponsored productions.

Revenues from production of films and other forms of visual presentation are accounted for at an amount equal to the sponsored production costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Film prints

The cost of prints made for sale purposes is recorded as inventories. The cost of other prints is expensed on a current basis.

Inventories

Productions in progress are carried at the cumulative amount of costs incurred for each production exceeding advances invoiced, up to the amount of the sponsored unbilled balance. On the other hand, any cumulative excess of advances invoiced over costs incurred is recorded as advances on productions.

Materials and supplies are carried at the average cost.

Film prints and other forms of visual presentation held for sale are carried at the lower of the average direct cost of production and net realizable value.

Capital assets

Capital assets are carried at cost. Amortization is calculated on the straight-line method over the estimated useful lives of the assets, as follows:

Technical equipment	5 to 20 years
Data processing equipment	3 to 10 years
Office furniture	10 to 20 years
Office equipment	10 to 15 years
Rolling stock	5 to 10 years

Leasehold improvements are charged to operations as incurred.

The Board enters into operating lease agreements to acquire the exclusive use of certain capital assets. These rental fees are charged to operations in the year to which they apply. The Board also enters into capital lease agreements by which substantially all the benefits and risks incident to ownership of the assets are transferred to the Board. The Board then records an asset and an obligation corresponding to the fair value of the acquisition price of the asset (excluding any interest expenditure). The assets recorded from a capital lease agreement are amortized on the same basis as other assets owned by the Board and the obligations are amortized over the lease term.

Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

Pension plan

All employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

3. Advances to coproducers

The Board advanced amounts to coproducers to temporarily finance a portion of their production costs and in order to avoid delaying production schedules. These advances are reimbursable according to the degree of advancement of productions. Concurrently, the coproducers have assigned to the Board amounts owed or amounts that could be owed by Telefilm Canada.

4. Inventories

	1991	1990
	$	$
Productions in progress	954,426	1,020,729

6. Obligation under capital leases

The Board entered into agreements to rent data processing equipment and office equipment under capital leases. The assets were capitalized at $2,119,892 using implicit interest rates varying from 7% to 15%. The related obligations are liquidated over the 3-year and 5-year lease terms and are segregated between current and long-term portions on the balance sheet. Minimum lease payments for the year ended March 31, 1991 totalled $483,329, including interest of $128,321, charged to operations.

Obligations under capital leases includes the following:

Future lease payments

	$
1992	521,611
1993	504,517
1994	401,010
	1,427,138
Less: interest	212,801
	1,214,337
Current portion	417,383
Long-term portion	796,954

10. Contingent liability

The Board is the defendant in a pending claim and lawsuit for an amount totalling $260,000. It is the opinion of Management that this action, if as and when resolved, will not result in any substantial liabilities to the Board.

Passport Office Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Passport Office Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements have been prepared in accordance with the significant accounting policies, set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund's division for financial administration complies with departmental financial management and accounting policies, develops those specific to the Fund's requirements and issues manuals and directives which maintain these policies and which describe procedures. The Fund maintains systems of financial management and internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. These systems are augmented by the Jepartmental internal audit program.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991

1. Authority and purpose

The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin. The Revolving Funds Act authorized the operation of the Fund.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,000,000 at any time. An amount of $745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Inventories

The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

Passport Office Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991—*Concluded*

(b) Fixed assets

Leasehold improvements are amortized on the straight-line basis over the term of the appropriate lease. Other fixed assets are depreciated from the year of acquisition on the straight-line basis over their estimated useful lives as follows:

Furniture	16 years
Electronic data processing (EDP) equipment	5 years
Other equipment	10 years

(c) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(d) Revenue from passport fees is prepaid on application and accounted for on an accrual basis. Deferred revenue represents the fees received for which the services have not yet been provided.

3. Inventories

	1991	1990
	$	$
Materials and supplies	1,319,668	1,485,014
Work in process	160,168	111,216
	1,479,836	1,596,230

4. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposal	Balance at end of year
	$	$	$	$
Leasehold improvements	670,133	249,348		919,481
Furniture	685,448	150,241	2,713	832,976
EDP equipment	1,337,809	417,048	1,195	1,753,662
Other equipment	1,284,066	201,132	8,082	1,477,116
	3,977,456	1,017,769	11,990	4,983,235

Accumulated depreciation and amortization	Balance at beginning of year	Depreciation and amortization	Decrease	Balance at end of year
	$	$	$	$
Leasehold improvements	448,016	250,901		698,917
Furniture	299,688	44,774	688	343,774

Services	50,270	27,985
	2,103,251	1,979,906

Public Works Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Public Works Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Furthermore, certain transactions of the Revolving Fund have been examined by the Auditor General as part of his annual audit of the Public Accounts.

These financial statements were prepared in accordance with the significant accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Department's Corporate Management Branch develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Branch maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting systems and financial statements have evolved over the years to meet changing conditions.

NOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1991

1. Authority and purpose

The Public Works Revolving Fund was established by the Adjustment of Accounts Act (Bill C-22 dated July 22, 1980), which was repealed in 1985 and replaced by Section 5 of the Revolving Funds Act, to allow the Minister of Public Works Canada to make expenditures for undertakings by the Department on behalf of other Government departments and agencies, other Governments, and private sector tenants of federally owned or leased property. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the operating expenses, the necessary working capital, and capital expenditures; the total of which is not to exceed $450,000,000 at any time.

In accordance with the former Section 33 of the Adjustment of Accounts Act, and through the 1983-84 Supplementary Estimates B, the authority of the Fund was amended to include charges on behalf of other PWC's departmental programs and to increase the financial authority from $55 million to $150 million. In the 1984-85 final Supplementary Estimates the authority was increased from $150 million to $300 million. Through the 1987-88 Supplementary Estimates E, the authority was further increased from $300 million to $450 million.

The Services Program operated as a revolving fund on a direct cost recovery basis from April 1, 1985 to March 31, 1988, supplemented by a payment vote to cover non-recoverable operating expenses from clients, as well as a vote to cover capital acquisitions of the program. Since April 1, 1988, under revised terms and conditions of approved TB Minute 805839 dated June 25, 1987, the objective of the Public Works Revolving Fund is to operate as a financially self-supporting entity charging market-based service fees in accordance with the Treasury Board approved rate structure for the services provided to clients. Due to the uncertainty of the revenue projections, the Department found it necessary to seek funding, in 1989-90 and 1990-91, in the amounts of $46,518,751 and $53,217,391 respectively, to partially cover its operating losses.

2. Significant accounting policies

The Public Works Revolving Fund is charged with all expenditures of the Services Program (with the exception of the Statutory Vote: Minister of Public Works—Salary and motor car allowance), and is credited with the recoveries from all clients for the services rendered. The revenues generated include fees based on market practices, plus recoveries of salaries and other disbursements, where appropriate.

Public Works Revolving Fund—*Continued*

NOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1991—*Continued*

The financial statements have been prepared using the following accounting policies:

Revenue recognition

Revenue is recognized in the accounting period in which it is earned through the provision of goods or services, or when an event giving rise to a claim has taken place.

Expense recognition and recording

All expenses, including termination benefits and vacation pay, are recorded in the fiscal year in which they are incurred.

Accounts receivable

Accounts receivable are recorded when invoices are issued as a result of the provision of goods or services and are reported at the billed amounts. It is the Fund's policy to provide for doubtful accounts.

Consumable stores inventory

This account includes only the consumable materiel that is bought and held in PWC stores on behalf of operational managers responsible for property management services and other services as agreed to by Materiel Management. The inventory is comprised of stock items which are categorized accordingly under hardware, electrical, lumber, and plumbing supplies. Inventories of consumable materiel are valued at cost on a first-in, first-out basis.

Work-in-process

Work-in-process includes the value of actual labour hours at standard rates multiplied by a billing factor, fees and disbursements incurred for services performed or goods delivered on client projects or on behalf of other PWC's departmental programs, less any amounts already billed.

Fixed assets

Certain fixed assets previously under the custodianship of the Department of Public Works were assumed by the Fund as of April 1, 1988 and recorded at cost along with the associated accumulated depreciation. As a result, these assets are reflected in the accounting records at net book value. Fixed assets purchased by the Fund since April 1, 1988 are recorded at cost.

Floating marine and related shore-based assets costing less than $15,000 are treated as expenses in the year of acquisition.

Fixed assets (other than those relating to floating marine and related shore-based facilities) costing less than $1,000 are expensed in the year of acquisition.

An expenditure which extends the economic life of an asset or increases its capacity will be capitalized.

Proceeds from disposal of fixed assets are retained by the Fund, with any loss or gain on disposal disclosed separately in the financial statements.

Depreciation of fixed assets

Fixed assets are depreciated on a straight-line basis, to their salvage value over their estimated useful economic life, from the month the asset becomes operational on the following basis:

Floating marine and related shore-based facilities	Estimated useful economic life
Dredges and fixed shore-based facilities	35 years
Scows, tugs and large survey vessels	30 years
All other dredging assets	15 years
Other capital assets	
Vehicles and construction equipment	3 years
Tools, machinery, building and office equipment, including EDP equipment, furniture and fixtures	5 years

Pension plan

Employees of the Department whose salaries and other benefits are paid by the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government's portion of the pension cost is included in the employee benefits assessed against the Fund. The liability for the payment of the pensions is against the Public Service Superannuation and Supplementary Retirement Benefit Accounts.

Accrued salaries and benefits

This accrued liability represents the amount of unused annual leave based on average salary rates in effect as at the end of the year.

Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for in collective agreements, and the cost of these benefits are recorded in the accounts as they are earned by the employees. The amount of the liability has been established, and is revised annually, using rates determined on an actuarial basis, provided by the Treasury Board.

3. Changes in financial statements presentation

The 1989-90 income statement presented the revenue and expenses by type for two of the three departmental activities. A supporting statement provided the expenses by type, for the Corporate and Administrative Services activity in the amount of $115,556,467. $18,100,000 of these expenditures were allocated to other programs and therefore deducted from this total. The net amount of $97,456,467, was reported on the income statement. Also appearing below the Contribution margin was an adjustment to revenue and expenses in the amount of $2,294,954.

For 1990-91, the income statement presents the departmental total with the activities presented separately by type of revenue and expenses on an appendix. The amount for adjustment to revenue and expenditures is now reported under "All other expenditures".

Public Works Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1991—*Concluded*

4. Assumed assets and liabilities

To assist the Fund in operating as a financially self-supporting entity, certain fixed assets originally funded from departmental appropriations and liabilities for employee unused annual leave and termination benefits were assumed by the Public Works Revolving Fund. As of April 1, 1988 an amount of $16,547,815, representing net liabilities assumed by the Fund, was charged to the Fund's accumulated net charge against the Fund's authority. Current and fixed assets were assumed at their estimated net realizable value and estimated net book value respectively, and long-term liabilities were assumed at their adjusted actuarial values.

	1991	1990
	$	$
Assets:		
Fixed assets (net of depreciation)	36,458,225	35,791,123
Consumable stores inventory	2,746,386	2,746,386
	39,204,611	38,537,509
Liabilities:

	52,964,797	52,964,797
Net liabilities assumed	13,760,186	14,427,288

6. Write-off of prior years' deficits

Treasury Board's approval was received February 8, 1990 (TB 810454) to write-off an amount of up to $31,260,334 from the accounts of the Public Works Revolving Fund relating to uncollectible debts from other departments, agencies and Crown corporations, as well as the accumulated deficit, which arose prior to 1988-89.

In addition to the above, on February 8, 1990, Treasury Board's approval was received (TB 813101) to write off an amount of $63,400,000 from the Public Works Revolving Fund related to the 1988-89 operating deficit.

Parliamentary approval was also received in the Supplementary Estimates C, 1989-90 to adjust the accounts of the Public Works Revolving Fund by the amounts referred to above.

7. Other expenses

Retroactive pay, totalling $12,309,174, and reversal of unbillable/unrecoverable accounts receivable from other Government departments, totalling $5,780,632, were not included in "Expenses" as they apply to previous years.

5. Fixed assets and accumulated depreciation

Race Track Supervision Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Race Track Supervision Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of the data in these statements rests with the management of the Fund.

These financial statements were prepared in accordance with significant accounting policies on a basis consistent with that of the preceding year, as set out in Note 2. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Information presented herewith is consistent with that presented elsewhere in the Public Accounts and in ministerial reports. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

The Department's Corporate Management Branch develops and disseminates financial management and accounting policies and issues specific directives to the staff managing the Revolving Fund in order to maintain standards of accounting and financial management.

Financial management and internal control of the Fund are maintained through the appropriate division of responsibility, the provision of leadership and evaluation of those operating the Fund as well as internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

MARCH 31, 1991

1. Authority and purpose

The Race Track Supervision Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada. The Appropriation Act No. 1 was repealed and replaced by Section 2 of the Revolving Funds Act in 1985.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $2,000,000 at any time.

Charges to the Fund are to include administration expenses of race track supervision and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

The use of the Fund's authority is monitored through the accumulated net charge against the Fund's authority account. Its balance, shown on the Balance Sheet under Equity of Canada, represents the financial position of the revolving fund. It is composed of the cumulative net cash transactions through the Consolidated Revenue Fund, the original net assets transferred to the Fund at inception and any subsequent write-offs of deficit or surplus. The change in this account during the year represents the net financial resources used or provided by the Fund.

2. Significant accounting policies

(a) Fixed assets

Fixed assets, acquired from parliamentary appropriations prior to April 1, 1970 are recorded in the Fund in accordance with Treasury Board Circular 1970-7 at values determined as at that date by officers of the Department. Subsequent acquisitions are recorded in the Fund at cost and are depreciated from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 years
Electronic data processing equipment	5 years
Automotive	3 years
Buildings	25 years

(b) Pension plan

Employees of the Race Track Division operating the Supervision Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Account.

(c) Vacation pay

The accrued liability on the Balance Sheet represents the amount of vacation pay credits outstanding at the end of the year.

(d) Employee termination benefits

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of fifteen weeks' pay.

The provision at the end of the year consists of one half week's pay at current salary rates for each complete year of service to a maximum of fifteen weeks' pay.

Public Service Commission—
Staff Development and Training Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year. Some of these policies are further explained in the notes which form part of these statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with the information presented in these financial statements, unless otherwise indicated.

The Financial Services Directorate and the Fund's financial management officers, who report functionally to the senior full-time financial officer, develop and disseminate financial management and accounting policies, and issue specific directives which maintain standards of accounting and financial management. Systems of financial management and internal control are maintained for the Fund at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by on-going monitoring activities by the Fund's Financial Management Officers, Financial Services Officers and by the Financial Services Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1991

1. Authority and purpose

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971, for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c. 17, to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,500,000 at any time. In accordance with Vote 115a (1980-81) and Vote 35c (1981-82), accumulated deficits of $4,573,071 have been deleted from the accounts. An amount of $1,915,571 representing net liabilities assumed by the Fund was charged to this authority when the Fund became budgetary in 1981. The Adjustment of Accounts Act has been repealed and replaced by Section 7 of the Revolving Funds Act.

2. Significant accounting policies

(a) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(b) Fixed assets and depreciation

Effective April 1, 1984 the Staff Development and Training Revolving Fund adopted the accounting policy of capitalizing fixed asset purchases and charging operations for the use of these assets. These fixed assets are depreciated on the declining balance method from the year of acquisition at the following rates:

Office and classroom furniture	10%
Office and classroom equipment	15%
EDP and word processing equipment	25%

(c) Prepaid expenses

Under the terms of two contracts, advance payments are made to suppliers for the provision of video learning tapes and are recorded as prepaid expenses on the balance sheet. The operations of the Fund are charged with expenses coincident with the provision of services. Prepaid expenses also include the inventory of photocopies and supplies maintained for sale to Language Training Canada at March 31, 1991.

(d) Deferred revenue

Consists of amounts received from clients for services to be rendered.

3. Subsidized operations

Appropriation funds in the amount of $2,885,000 were paid to the Staff Development and Training Revolving Fund for the 1990-91 fiscal year. These funds were approved to cover the cost of the activities that should not be borne by the user which are not cost recoverable. The comparative figure for 1989-90 is $2,885,000.

4. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Decrease in assets due to transfer of LTC to the department	Balance at end of year
	$	$	$	$
Furniture	824,189	118,892	80,565	862,516
Equipment	417,772	60,090	31,570	446,292

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991—*Concluded*

5. Extraordinary item

During 1990-91, the Fund has reported an extraordinary loss of $540,824 due to the transfer of discretionary language training back to the appropriation (TB's decision on the PSC's 1991-92 Multi-Year Operational Plan).

Discretionary language training reported a net profit of $540,824 in 1990-91 and the balance sheet accounts were as follows:

	$
Accounts receivable	(716,738)
Accounts payable	54,550
Fixed assets	(175,661)
Net loss for 1990-91 fiscal year	297,025
Loss on transfer	(540,824)

Supply Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Supply Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year end and are consistent with the information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance and Administration Sector. This responsibility is discharged by the Financial Policy, Accounting and Reporting Systems Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal controls are augmented by the maintenance of internal audit programs.

Net financial resources (used) provided and change in the accumulated net charge against the Fund's authority account, during the year	34,516,431	(8,079,836)
Accumulated net charge against the Fund's authority account, beginning of year	(152,642,135)	(144,562,299)
Accumulated net charge against the Fund's authority account, end of year	(118,125,704)	(152,642,135)

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1991

1. Purpose and authority

The objective of the Fund is to acquire and provide goods and or services required by departments and agencies, taking into account the contribution of procurement to the realization of national objectives, and to provide services for the disposal of Crown owned materiel, all in the most economical manner.

The Supply Revolving Fund was authorized by Supply and Services Vote L6, Appropriation Act No. 1, 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976 and with the Expositions Revolving Fund effective April 1, 1977.

Effective April 1, 1980, Parliament, through the passage of the "Adjustment of Accounts Act", repealed all votes in respect of the accounts of the Supply Revolving Fund. Section 29 of the Act established the Supply Revolving Fund as a budgetary entity with a statutory non-lapsing drawing authority of $150 million. The authorized limit of the Fund was subsequently increased from $150 million to $200 million through the Appropriation Act No. 4, 1981-82. In 1983 the Revolving Funds Act repealed the "Adjustment of Accounts Act" and Section 8 authorized the establishment of the Supply Revolving Fund.

An amount of $44,171,345 representing net assets assumed by the Fund and assets contributed to the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus has been transferred to the Fund's authority as follows:

	$
1982-83	3,256,386
1983-84	4,888,134
1984-85	5,691,677
1985-86	22,763,154
1986-87	647,189
	37,246,540

2. Significant accounting policies

(a) Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting with the following variations:

(i) The accrual policy for recording certain acquisition revenue is based on detailed and validated statistical analysis of the procurement work-load. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching cost and revenue.

This policy was revised April 1, 1985. As a result, on contracts ranging from ($200,000 to $50 million between April 1, 1985 and May 31, 1987) $240,000 to $60 million from June 1, 1987, an initial fee equal to 50% on Science and Engineering Acquisition contracts and 65% on Commercial Acquisition and Printing Acquisition contracts is charged at the date of contract issuance and the balance of the fee is charged over the life of the contract. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to contract award date but is of the opinion that the accounting principle of matching cost and revenue is not materially violated.

(ii) Employee benefits (termination benefits and vacation pay) accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The total liability for these benefits is not accrued; however, the actual expenses are recorded in the period in which they are incurred. The unaccrued liability is reflected in Note 8.

(b) Depreciation

Leasehold improvements are amortized on the straight-line basis over the term of the lease with a maximum of 10 years. Other fixed assets are depreciated commencing the year after acquisition on the straight-line basis over their estimated useful lives as follows:

Leasehold improvements	10 years
Furniture	5 years
EDP equipment	5 years
Automotive	5 years
Warehouse equipment	10 years
Printing equipment	8 years
Audio-visual	10 years

Supply Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991—*Concluded*

3. Inventories

	1991	1990
	$	$
Raw materials and finished goods	21,560,291	23,139,797
Work in process	1,486,751	1,294,325
	23,047,042	24,434,122

4. Net investment in EDP equipment leases

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase designated EDP equipment approved by Treasury Board for client departments. The capital, interest and any other costs are recoverable from departments over a one to five year period under direct financing leasing agreements. Title to the equipment remains with the Supply Revolving Fund until the cost of the equipment is paid in full. Payments by the client departments for the long-term investment in leases are due as follows: $2,228,738 in 1992-93, $1,444,795 in 1993-94, $301,581 in 1994-95 and $161,221 in 1995-96.

5. (a) Fixed assets and accumulated depreciation

Depreciation in the amount of $2,762,363 in 1991 and $2,323,491 in 1990 has been included in the cost of sales in the Statement of Operations. Restatements were made to the opening balances of the fixed assets and leasehold improvements as a result of management decisions. The net book value was not affected by these decisions.

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	$	$	$	$
Furniture	5,081,432	477,691	654,792	4,904,331
EDP equipment	27,313,170	6,803,538	711,921	33,404,787
Automotive	863,713	174,697	71,879	966,531
Warehouse equipment	4,565,324	437,131	274,329	4,728,126
Printing equipment	15,356,098	2,732,226	1,186,784	16,901,540
Audio-visual	1,628,102	46,249	634,741	1,039,610
	54,807,839	10,671,532	3,534,446	61,944,925

Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	$	$	$	$
Furniture	3,534,714	487,696	689,449	3,332,961
EDP equipment	10,600,748	4,662,998	543,409	14,720,337
Automotive	429,152	139,397	67,965	500,584
Warehouse equipment	3,347,999	344,141	197,423	3,494,717
Printing equipment	10,338,195	1,121,707	1,201,183	10,258,719
Audio-visual	1,038,733	154,576	440,024	753,285
	29,289,541	6,910,515	3,139,453	33,060,603

(b) Leasehold improvements and amortization

	Balance at beginning of year	Purchases	Amortization	Deletions	Balance at end of year
	$	$	$	$	$
Leasehold improvements	8,774,414	977,095		1,164,511	8,586,998
Amortization	5,669,962		420,596	1,113,457	4,977,101
	3,104,452	977,095	420,596	51,054	3,609,897

Loss on disposal of fixed assets and deletion of leasehold improvements in the amount of $376,725 has been included as part of the extraordinary item.

6. Sales and cost of sales

For consolidation purposes, internal sales and cost of sales in the amount of $33,704,270 ($35,210,619 in 1990) have been eliminated.

7. Deferred acquisition contract fees

In accordance with the revised Department's policy on smoothing revenue for certain types of contracts as detailed in 2(a)(i), the value of deferred acquisition fees on uncompleted contracting work as at March 31, 1991 amounted to $10,694,507 ($9,799,001 in 1990).

8. Employee benefits liability

The unaccrued liability of employee benefits consists of termination benefits and vacation pay.

	1991	1990
	$	$
Termination benefits	34,360,500	35,232,057
Vacation pay	10,633,676	8,067,032
	44,994,176	43,299,089

9. Extraordinary item

Effective April 1, 1991, the Supply Revolving Fund will be reorganized. The Communications Services Directorate will be removed from the Fund and will be established as a Special Operating Agency titled the "Canada Communications Group". This reorganization resulted in the following adjustments within the Supply Revolving Fund.

	$
Canadian Government Exposition Centre	
Closeout costs—Manufacturing facilities	1,910,000
Inventory adjustment	839,995
	2,749,995

10. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the Government's policy of self-insurance.

FINANCIAL STATEMENTS OF DEPARTMENTAL CORPORATIONS

Agricultural Stabilization Board

MANAGEMENT REPORT

The accompanying statement of use of parliamentary appropriations of the Agricultural Stabilization Board, for the year ended March 31, 1991, and all the information in this annual report are the responsibility of management and have been approved by the Executive Board. We have made the following representations based on the best of our knowledge and belief. We have prepared the accompanying statement of use of parliamentary appropriations in accordance with the Government of Canada's rules for the recording of expenditures by departments. Financial information presented elsewhere in the annual report is consistent with that contained in the financial statement.

The ASB maintains systems of financial management and internal control. Transactions are recorded in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability for government funds.

The Auditor General of Canada has been requested to carry out an audit of the statement of use of parliamentary appropriations. The financial statement for the year ended March 31, 1991 and the Auditor's Report thereon follow.

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have audited the statement of use of parliamentary appropriations by the Agricultural Stabilization Board for the year ended March 31, 1991. This statement is the responsibility of the Board's management. My responsibility is to express an opinion on this statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement presentation.

In my opinion, this statement presents fairly, in all material respects, the use of parliamentary appropriations by the Board for the year ended March 31, 1991 in accordance with accounting policies set out in Note 2 to the statement.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the statement have, in all significant respects, been in accordance with the Appropriation Acts for the year ended March 31, 1991, the Financial Administration Act and regulations and the Agricultural Stabilization Act.

NOTES TO THE STATEMENT OF USE OF PARLIAMENTARY APPROPRIATIONS MARCH 31, 1991

1. Authority and objectives of the Board and purpose of the statement

The Board, which was established in 1958 and operates under the authority of the Agricultural Stabilization Act (the "Act"), consists of three members appointed by the Governor in Council. It is a departmental corporation named in Schedule II of the Financial Administration Act.

The objectives of the Board are to stabilize the prices of agricultural commodities in order to assist the agricultural industry to realize fair returns for its labour and investment and to maintain a fair relationship between prices received by farmers and the costs of goods and services that they buy.

The purpose of the statement of use of parliamentary appropriations is to present the use of appropriations by the Board for purposes of the Act in accordance with accounting policies described in Note 2. These policies are consistent with the Government of Canada's rules for the recording of expenditures by departments. The statement is not intended to present the results of the Board's operations based on agricultural conditions during the year. This would require that consideration be given to adopting accounting policies on a full accrual basis.

Contributions for named commodities pursuant to the minimum provisions of the Act and for commodities covered by National Tripartite Stabilization Program agreements established pursuant to the Act are funded through a statutory authority. The Board's operating and capital expenditures, and all other contributions pursuant to provisions of the Act, are funded by budgetary lapsing authorities.

2. Significant accounting policies

(a) Expenditure recognition

Contributions funded by a statutory authority are recorded on the cash basis. All other contributions are recorded on a cash basis, except that disbursements for which payment claiming documents have been received within a specified period after the year end are accrued. Operating and capital expenditures are recorded on the accrual basis.

(b) Refunds of previous years' expenditures

Refunds of previous years' statutory expenditures are deducted from statutory contributions (included in this statement) when received. Refunds of previous years' annually voted expenditures are not included in this statement.

3. Subsequent event

The Act was repealed effective April 1, 1991 with the coming into force of the Farm Income Protection Act (FIPA) on April 1, 1991. The Agricultural Stabilization Board will continue to exist for purposes of administering activities pursuant to the transitional clauses of FIPA as they relate to the Act, and for other deficiency payments as explained below.

Agricultural Stabilization Board—*Concluded*

NOTES TO THE STATEMENT OF USE OF PARLIAMENTARY APPROPRIATIONS
MARCH 31, 1991—*Concluded*

The transitional clauses of the FIPA extend the provisions of the Act for wool marketed during the 1990 calendar year and for other named commodities (corn and soybeans and spring wheat, winter wheat, oats and barley not produced in the designated area as defined in the Canadian Wheat Board Act) marketed during the 1990-91 crop year. Further, the provisions of the Act as they relate to the establishment of a prescribed percentage of a base price for industrial milk and cream will continue to apply for the fiscal year ending March 31, 1992.

Deficiency payments for named commodities provided for in the Act prior to its repeal effective April 1, 1991 and for designated commodities authorized by Governor in Council pursuant to the Act prior to April 1, 1991 will continue to be made in 1991-92 and subsequent years as payment claiming documents are received. Refunds of previous years' expenditures due to overpayments to producers will also continue in 1991-92 and subsequent years as the Board's post-verification of receipts is completed.

The National Tripartite Stabilization Program agreements entered into pursuant to the Act will continue under the authority of the FIPA.

Atomic Energy Control Board

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Atomic Energy Control Board (AECB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the AECB.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the AECB maintains a set of accounts which provides a centralized record of the AECB's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The AECB Administration Directorate develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The AECB maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the AECB's assets. The AECB also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Deputy Auditor General, his role being to express an informed opinion as to whether the AECB's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the AECB's financial transactions.

AUDITOR'S REPORT

TO THE ATOMIC ENERGY CONTROL BOARD
AND THE
MINISTER OF ENERGY, MINES AND RESOURCES

I have audited the statement of operations of the Atomic Energy Control Board for the year ended March 31, 1991. This financial statement is the responsibility of the Board's management. My responsibility is to express an opinion on this financial satement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of the operations of the Board for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority, objective and operations

The Atomic Energy Control Board (AECB) was established in 1946, by the Atomic Energy Control Act. It is a departmental corporation named in Schedule II to the Financial Administration Act and currently reports to Parliament through the Minister of Energy, Mines and Resources.

The objective of the AECB is to control nuclear energy in the interests of health, safety and national security. The AECB achieves this objective by controlling the development, application and use of nuclear energy in Canada, and by participating on behalf of Canada in international measures of control.

The AECB administers the Nuclear Liability Act, including designating nuclear installations and prescribing basic insurance to be carried by the operators of such nuclear installations, and the administration of supplementary insurance coverage premiums for these installations. The sum of the basic insurance and supplementary insurance totals $75 million for each designated installation (see Note 9). The number of installations requiring insurance coverage is 15.

The AECB's expenditure is funded by a budgetary lapsing authority. Revenue, including licence fees, is deposited to the Consolidated Revenue Fund and is not available for use by the AECB. Employee benefits are authorized by a statutory authority.

On April 1, 1990 the AECB Cost Recovery Fees Regulations came into effect. The general intent of these regulations is the recovery of all operating and administration costs of the AECB's regulatory activities relating to the commercial use of nuclear energy from the users of such nuclear energy. Educational institutions, publicly funded non-profit health care institutions and other federal Government departments are exempt from these regulations. The AECB costs associated with exempt organizations and costs related to its international safeguards and import/export activities are to remain as a cost to the Government.

Fees for each licence type have been established based on the AECB's cost of carrying out its regualtory activities. These include the technical assessment of licence applications, compliance inspections to ensure that licensees are operating in accordance with the conditions of their licence, and the development of licence standards. The current fees are based on 1988-89 AECB costs. The AECB plans to review and update its licence fees every two years.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's accounting policy, with the exception of employee termination benefits and vacation pay which are recorded on the cash basis.

Atomic Energy Control Board—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Continued*

(b) Revenue recognition

Licence fees are recorded as revenue over the life of the licence (normally one or two years), except for licence fees regarding an application for a construction approval of a nuclear reactor in which case it is recognized over the period of the work performed by the AECB.

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

Other revenue is recorded on the cash basis.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(e) Contributions to superannuation plan

AECB employees participate in the superannuation plan administered by the Government of Canada and contribute equally with the AECB to the cost of the plan. Contributions by the AECB are charged to expenditure when disbursed.

3. Licence fees—Deferred revenue

At year end the unearned portion of licence fees was as follows:

	1991	1990
	$	$
Receipts during the year*	37,754,149	
Less: revenue recognized during the year (licence fees)	24,555,286	
Balance, end of year	13,198,863	

*Inlcudes accounts receivable of $820,787.

4. Parliamentary appropriation

	1991	1990
	$	$
Energy, Mines and Resources		
Vote 25 (Vote 40 in 1990)	32,280,000	26,891,000
Lapsed	414,651	526,841
	31,865,349	26,364,159
Statutory contributions to employee benefit plans	2,944,000	2,178,000
Total appropriation used	34,809,349	28,542,159
Add: services provided without charge by other Government departments:		
accommodation	2,107,752	1,570,040
employee benefits	570,096	317,000
other	296,803	29,269
	2,974,651	1,916,309
	37,784,000	30,458,468
Less: non-tax revenue	24,661,877	63,149
Net cost of operations	13,122,123	30,395,319

5. Liabilities

At year end the amounts of liabilities are as follows:

	1991	1990
	$	$
(a) Accounts payable		
Payables at Year End	3,332,995	2,001,150
Payments on due date	1,387,648	1,985,692
Contractors holdbacks	204,992	220,274
	4,925,635	4,207,116
Salaries payable	14,147	15,034
	4,939,782	4,222,150
(b) Other liabilities		
Vacation pay	1,551,034	1,218,877
Employee termination benefits	1,512,317	1,389,589
	3,063,351	2,608,466

The costs represented by the accounts and salaries payable are reflected in the statement of operations.

The costs associated with other liabilities are not included in the statement of operations. These costs are recognized only when paid (see Note 2(a)).

The vacation pay represents the amount of vacation pay credits outstanding at the end of the year.

The employee termination benefits are calculated for employees having 10 or more years of continuous employment on the basis of one half week pay for every year of continuous service to a maximum of 13 weeks pay.

6. Licences provided free of charge

During the year, the value of licences provided free of charge to educational institutions and publicly funded non-profit health care institutions amounts to $1,515,286. The value of licences provided free of charge to other federal Government departments amounts to $381,238.

7. Contingent liabilities

At March 31, 1991, the AECB was defendant in lawsuits amounting to $900,000 (1990—$600,000). Of this amount, $600,000 represents lawsuits seeking damages for breach of statutory duties related to radioactively contaminated soil. The remaining $300,000 represents a lawsuit seeking damages for wrongful dismissal. Any settlement resulting from the resolution of these actions will be paid from the Consolidated Revenue Fund.

8. Related party transactions

AECB administers a special program jointly with Atomic Energy of Canada Limited (AECL) for research and development in support of the safeguards program of the International Atomic Energy Agency. For 1991, AECL charged $1,900,306 (1990—$1,150,000) to this program.

Atomic Energy Control Board—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Concluded*

9. Nuclear liability reinsurance account

Under Section 17 of the Nuclear Liability Act, all premiums paid by the operators of nuclear installations for supplementary insurance coverage are credited to a Nuclear Liability Reinsurance Account. The Account forms part of the Consolidated Revenue Fund. Any claims against the supplementary insurance coverage are payable out of the Consolidated Revenue Fund and charged to the Account. There have been no claims against or payments out of the Nuclear Liability Reinsurance Account since its creation. The balance of the Nuclear Liability Reinsurance Account as at March 31, 1991 is $535,521 (1990—$534,021).

The supplementary insurance coverage provided by the Government of Canada under the Nuclear Liability Act, as of March 31, 1991 is $664,500,000 (1990—$664,500,000). Insurance coverage, by the Government of Canada, also includes a class of risks excluded as a liability of the principal insurers.

10. Comparatives figures

For comparatives purposes, some 1990 figures have been reclassified to conform with the 1991 presentation.

Canada Employment and Immigration Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canada Employment and Immigration Commission (CEIC) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of CEIC. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Senior Management of CEIC.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CEIC maintains a set of accounts which provides a centralized record of the CEIC financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

Financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The CEIC maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard CEIC assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. CEIC also seeks to assure the objectivity and integrity of data in these financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and objectives

The Canada Employment and Immigration Commission was established under Section 7 of the Employment and Immigration Reorganization Act, 1977 and is a departmental corporation named in Schedule II to the Financial Administration Act. All the Commission's operating and contributions and grants expenditures are funded by budgetary lapsing authorities whereas employee benefits, annuities agents supplementary retirement benefits and the Government's contributions to

Canada Employment and Immigration Commission—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Continued*

the Unemployment Insurance Account and in respect of fishermen's benefits are authorized by statutory authorities. The Commission is divided into three program areas and their objectives are as follows:

Corporate Management and Services Program—To ensure the development and the implementation of policies and programs, to provide strategic, operational and administrative support to enable Canada Employment and Immigration Commission to carry out its mission, and to provide for such other functions allocated to it.

Employment and Insurance Program—To develop and apply a framework of policies and programs necessary for the efficient functioning of the Canadian labour maket consistent with national, social and economic goals, in a manner which promotes: a labour force which meets national and occupational requirements; an economy capable of growth and adaptation without undue burden on individuals, groups, and regions; and equality of opportunity to compete for and have access to jobs.

Immigration Program—To contribute to the economic, social, humanitarian and cultural interests of Canada and to meet our international responsibilities through the administration and admission of immigrants and visitors to Canada, the settlement of immigrants in Canada, and the provision of effective control of persons seeking to come into or remain in Canada, taking into account the health, safety and security needs of Canada.

Loans to immigrants and other classes of persons for the purpose of paying the costs of admission, transportation and reasonable living expenses are made under a non-budgetary statutory authority advanced by the Minister of Finance pursuant to the Immigration Act, Section 119. The total amount of loans outstanding shall not, at any time, exceed $110,000,000.

2. Significant accounting policies

The statement of operations was prepared using the following accounting policies:

(i) Expenditure is recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay.

(ii) Revenue is recorded on a cash basis in accordance with the Government's accounting policies.

(iii) Acquisitions of capital assets are charged to operating expenditure in the year the expenditure is incurred.

(iv) Estimated amounts for services provided without charge from other Government departments are disclosed in the statement of operations.

(v) Refunds of previous years' expenditures are recorded as revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

5. Trust funds and specified purpose accounts

The Canada Employment and Immigration Commission also has the responsibility to administer and control the following trust funds and specified purpose accounts.

(a) Unemployment Insurance Account

The Unemployment Insurance Act provides for a compulsory contributory Unemployment Insurance Program applying to all employees, subject to minor exceptions.

The Act authorizes an account in the Accounts of Canada to be known as the Unemployment Insurance Account.

The Act provides for the following to be credited to the Account: (a) premiums, penalties and interest; (b) Government's share of benefits pursuant to Bill C-21, the 1990-91 share is calculated and applicable for the period of April 1 to October 23, 1990; (c) repayment of overpayments of benefits, or overpayment of amounts paid under Section 26.1 and, benefit repayments; (d) amounts for services rendered to other Government departments or agencies, or to the public; (e) amounts provided for any other purpose related to unemployment insurance and authorized by an appropriation administered by the Canada Employment and Immigration Commission; and (f) interest on the balance of the account at such rates as the Minister of Finance may authorize. The Act also provides that the following be charged to the account; (a) benefits paid under the Act; (b) all amounts paid under Section 26.1 for developmental assistance (c) the costs of administering the Act; and (d) the interest on advances made by the Minister of Finance.

[1] Fishermen's benefits in the amount of $84 million (1990—$268 million), the related Government contribution of $66 million (1990—$251 million) and the fishermen's premiums of $18 million (1990—$17 million) are included in the statement.

[2] No interest bearing loans under Section 137(1) of the Unemployment Insurance Act (1990, no interest bearing loans) were made to the Unemployment Insurance Account. The net balance as at March 31, 1991 is of $176 million (1990—$971 million).

(b) Government Annuities Account

This account was established by the Government Annuities Act, and modified by the Government Annuities Improvement Act, which discontinued sales of annuities. The account is valued on an actuarial basis each year, with the deficit or surplus charged or credited to the Consolidated Revenue Fund. The accounts of the Government Annuities Account are maintained on an accrual basis.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years, by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts, and discontinued sales of annuities.

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously unlocated annuitants, earned interest and items transferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, and actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities, related to annuitants who cannot be located, are transferred to non-tax revenue.

6. Loans, investments and advances

Assisted Passage Scheme—Employment and Immigration

Section 119 of the Immigration Act authorizes the making of loans to immigrants and other such classes of persons.

The total amount authorized to be outstanding at any time is $110,000,000.

The terms and conditions of the loans, with their year-end balances, are as follows:

(a) repayable by monthly instalments over 1 to 5 years with a possible deferment of 2 years, bearing interest at rates from 6 to 15% per annum, with final instalments between April 1, 1990 and April 1, 1995, balance at year-end $4,233,139; and,

(b) repayable by monthly instalments over 1 to 5 years with a possible deferment of 2 years, non-interest bearing, with final instalments between April 1, 1990 and April 1, 1995 at year-end $77,384,835.

Canadian Centre for Occupational Health and Safety

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Centre for Occupational Health and Safety (CCOHS) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Centre. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the Audit Committee of the Centre.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgement and gives due consideration to materiality. To fulfill this reporting responsibility, the Centre maintains a set of accounts which provides a centralized record of the Centre's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Centre's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Centre maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Centre's assets. The Centre also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Centre's financial statement, considered in its entirety, presents fairly, in accordance with stated accounting policies, the Centre's financial transactions.

AUDITOR'S REPORT

TO THE COUNCIL OF THE CANADIAN CENTRE FOR OCCUPATIONAL HEALTH AND SAFETY
AND THE
MINISTER OF LABOUR

I have audited the statement of operations of the Canadian Centre for Occupational Health and Safety for the year ended March 31, 1991. This financial statement is the responsibility of the Centre's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Centre for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and purpose

The Centre was established in 1978 under the Canadian Centre for Occupational Health and Safety Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers. The Centre's operating expenditure is funded in part by its operating revenue and by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge by Government departments

Estimates of amounts of services provided without charge by Government departments are included in expenditures.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Centre contribute equally to the cost of the Plan. The Centre's contributions are charged to expenditure on a current basis.

3. Non-tax revenue credited to the Vote

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Concluded*

4. Joint venture

On March 31, 1991 CCOHS received $265,000, the first instalment of the $540,000 to be paid by the Ontario Training Corporation (OTC) for 50% undivided interest in a joint venture to develop and market a compact disc training package addressing the hazards of chemicals in the workplace. First sale of the product estimated to occur in April 1992. Revenues to be shared as follows:

75% CCOHS—25% OTC for products sold by CCOHS
60% CCOHS—40% OTC for products sold by OTC

Product ownership will revert to 100% ownership CCOHS no sooner than three years and when OTC has received revenue totalling one million dollars.

5. Parliamentary appropriation

	1991	1990
	$	$
Department of Labour—Vote 15	5,333,000	8,264,000
Department of Labour—Vote 15c	3,486,000	358,000
Supplemented by Treasury Board Vote 5	162,000	
	8,981,000	8,622,000
Amount lapsed	392,813	21,368
Total use of appropriation	8,588,187	8,600,632
Add: services provided without charge by Government departments	309,999	309,999
Net cost of operations	8,898,186	8,910,631

As a contingency to avoid expenditures beyond the approved level of appropriations, a submission to Treasury Board authorized a draw down of $666,000 of the appropriated funding to be authorized for 1991-92. Of the total amount $273,187 was used, leaving a balance of $392,813 which was carried forward to the 1991-92 funding.

6. Capital assets and accumulated amortization

The accounting policies of the Government of Canada do not require the capitalization of capital assets. However, internal controls are maintained to safeguard assets and they are amortized over their useful lives of five years using the straight-line method.

Capital assets at cost	March 31, 1990	Acquisitions	March 31, 1991
	$	$	$
Computer equipment	3,490,639	249,063	3,739,702
Furniture and equipment	1,051,191	12,066	1,063,257
Leasehold improvements	632,719		632,719
	5,174,549	261,129	5,435,678

	$	$	$
Computer equipment	2,437,623	351,526	2,789,149
Furniture and equipment	943,658	44,581	988,239
Leasehold improvements	632,719		632,719
	4,014,000	396,107	4,410,107

7. Liabilities

	March 31, 1991	March 31, 1990
	$	$
Accounts payable and accrued liabilities	446,384	428,537
Accrued vacation pay	273,900	253,334
Provision for employee termination benefits	241,533	67,277
	961,817	749,148

8. Donations

In accordance with Section 5(4) of its Act, the Centre received during the year $200 in donations, bringing the total to $6,225 at March 31, 1991. These funds are carried forward in a special account in the Consolidated Revenue Fund which does not lapse.

Canadian Transportation Accident Investigation and Safety Board

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Transportation Accident Investigation and Safety Board (CTAISB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with management.

This financial statement was prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CTAISB maintains a set of accounts which provides a centralized record of its financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The CTAISB's administration branch develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The CTAISB maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard its assets. The CTAISB also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been audited by the Auditor General, his role being to express an informed opinion as to whether the statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the CTAISB's financial transactions.

AUDITOR'S REPORT

TO THE CHAIRMAN OF CANADIAN TRANSPORTATION ACCIDENT INVESTIGATION AND SAFETY BOARD
AND TO THE
PRESIDENT OF THE QUEEN'S PRIVY COUNCIL FOR CANADA

I have audited the statement of operations of the Canadian Transportation Accident Investigation and Safety Board for the year ended March 31, 1991. This financial statement is the responsibility of the Board's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Board for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and purpose

The Canadian Transportation Accident Investigation and Safety Board (CTAISB) was established on March 29, 1990 under the CTAISB Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Board is to advance transportation safety. The primary purpose of the Board's investigations is accident prevention. It seeks to identify safety deficiencies in transportation occurrences and to make recommendations designed to eliminate or reduce any such safety deficiencies. In addition to investigations and public inquiries into specific occurrences, the Board may conduct special studies and special investigations into more general matters pertaining to transportation safety. The Board has the exclusive authority to determine causes and contributing factors when it investigates a transportation occurrence. The Board's expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on an accrual basis, in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on a cash basis.

(b) Revenue recognition

Revenue is recorded on a cash basis in accordance with the Government's accounting policies.

(c) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(d) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(e) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

These refunds relate to expenditures incurred in previous years by the Canadian Aviation Safety Board.

Director of Soldier Settlement

THE DIRECTOR OF SOLDIER SETTLEMENT IS A DEPARTMENTAL CORPORATION NAMED IN SCHEDULE II TO THE FINANCIAL ADMINISTRATION ACT. NO REVENUE AND EXPENDITURE HAVE BEEN INCURRED IN THIS FISCAL PERIOD AND AS A RESULT, NO FINANCIAL STATEMENTS HAVE BEEN PRODUCED FOR THE PUBLIC ACCOUNTS.

Economic Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Economic Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the Chief executive officer of the Council.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement.

The Council's financial services division develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial control. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by an internal audit function, established in compliance with the Treasury Board/Office of the Comptroller General standards for internal audit in the Government of Canada. The Council also seeks to ensure the objectivity and integrity of data in this financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions for the year ended March 31, 1991.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions and reporting requirements, both internal and external. With an internal computerized financial reporting and control system, the Council has realized achievements in more accurately forecasting the cost of future initiatives and in the provision of financial information for decision-making purposes.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and purpose

The Council was established in 1963 by the Economic Council of Canada Act and is a departmental corporation named in Schedule II of the Financial Administration Act.

The objective of the Council is to advise and recommend to the Prime Minister how Canada can achieve the highest possible levels of employment and efficient production in the medium and long-term in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

The Council's operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

4. Agreement with CIDA

In June 1990, the Council and the Canadian International Development Agency (CIDA) entered into an agreement under which the Council will, over a six year period, assist the Thailand Development Research Institute in strengthening its abilities in various areas. A budget of $7.6 million has been established for the project which will be fully funded by CIDA. During 1990-91 fiscal year, approximately $373,000 was recovered from CIDA for the expenditures paid by the Council. These expenditures are not recorded in this statement of operations for 1990-91.

5. Lease commitment

On April 25, 1990, the Economic Council of Canada entered into a buy for lease agreement with the Department of Supply and Services to purchase a VAX computer. The asset was valued at $416,600 using an implicit interest rate of 9.64%, with the obligation being liquidated over the lease term of 4 years through annual lease payments of $104,150.

Fisheries Prices Support Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Fisheries Prices Support Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Board's financial service group develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control at appropriate costs. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have not been audited by the Auditor General. The Auditor General has however, audited the financial statement of the Board prepared on an accrual basis of accounting and has expressed the opinion that such financial statement presents fairly, in conformity with stated accounting policies, the Board's financial position as at March 31, 1991.

Less: decrease in inventories		
Add: increase (decrease) in accounts receivable		
Net cost of operations	158,608	161,884

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1991

1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule II to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Significant accounting policies

The financial statements have been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

Fisheries Prices Support Board—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991—*Concluded*

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Canned mackerel program

In 1990-91, the Board's only activity was to act as an agent for the procurement of canned mackerel. This program was funded in its entirety by way of an advance from the Canadian International Development Agency (CIDA). CIDA provided an advance of $3,500,000, the Board paid $2,839,675 for the acquisition, storage and delivery of the mackerel, and the balance of $660,325 was returned to CIDA.

Due to the nature of this agency relationship with CIDA, the Board carried out the transactions on CIDA's behalf and for CIDA's use and thus, did not hold lawful possession of the goods. As such, no sales, cost of goods sold or warehousing and handling transactions are recognized in the March 31, 1991 statement of operations in relation to this agency arrangement with CIDA.

4. Administrative services provided without charge by the Department of Fisheries and Oceans

AUDITOR'S REPORT

TO THE CHAIRMAN OF THE FISHERIES PRICES SUPPORT BOARD
AND THE
MINISTER OF FISHERIES AND OCEANS

I have audited the statement of operations of the Fisheries Prices Support Board for the year ended March 31, 1991. This financial statement is the responsibility of the Board's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of the operations of the Board for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

D. Larry Meyers, FCA
Deputy Auditor General

F. MORRISSEY JOHNSON
Chairman

NOTES TO THE FINANCIAL STATEMENT
MARCH 31, 1991

1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule II to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Accounting policies

The Board follows the accrual basis of accounting.

Administrative services provided without charge by the Department of Fisheries and Oceans are included in the cost of operations.

3. Canned mackerel program

In 1990-91, the Board's only activity was to act as an agent for the procurement of canned mackerel. This program was funded in its entirety by way of an advance from the Canadian International Development Agency (CIDA). CIDA provided an advance of $3,500,000 ($3,500,000 in 1989-90), the Board paid $2,839,675 ($2,479,534 in 1989-90) for the acquisition, storage and delivery of the mackerel, and the balance of $660,325 ($1,020,466 in 1989-90) was returned to CIDA.

Due to the nature of this agency relationship with CIDA, the Board carried out the transactions on CIDA's behalf and for CIDA's use and thus, did not hold lawful possession of the goods. As such, no revenues and expenses are recognized in the March 31, 1991 statement of operations in relation to this agency arrangement with CIDA.

The Board has agreed to act as an agent for CIDA again in 1991-92.

4. Administrative services provided without charge by the Department of Fisheries and Oceans

Medical Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Medical Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in this financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a detailed record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's Corporate Management Branch develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in this financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate division of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

AUDITOR'S REPORT

TO THE MEDICAL RESEARCH COUNCIL
AND THE
MINISTER OF NATIONAL HEALTH AND WELFARE

I have audited the statement of operations of the Medical Research Council for the year ended March 31, 1991. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and purpose

The Medical Research Council was established in 1969 by the Medical Research Council Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Council is to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services. The Council's operating and grants expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The financial statement has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure when disbursed. All operating expenditure is recorded on the accrual basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis. This practice is in accordance with the Government's accounting policy.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditure.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(e) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

3. Parliamentary appropriations

	1991	1990

Net cost of operations	242,133	202,516

Medical Research Council—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Continued*

4. Trust funds

As provided for in Section 4(3) of the Medical Research Council Act, the Council administers a number of trust funds separately from the activities funded through parliamentary appropriations. The purpose and accounting for these funds is described below. The balance of these funds is represented by deposit with the Receiver General for Canada.

(a) In 1974, the Council received $75,000 from an anonymous donor to establish a fund. The interest received is used for the payment of grants for research in the fields of dyskinesia and torticollis. Other donations received in prior years not earmarked for specific projects have also been credited to this Fund.

(b) In 1985, the Council received a distinguished award entitled "The St. Boniface General Hospital Research Foundation Award" which included an amount of $20,000. In recognition of the importance of the award, the Council, in agreement with the Foundation, decided to use the monetary portion of the award to establish a trust fund from which it could provide summer research scholarships to encourage graduate high school students, first year pre-med students and first and second year medical students to become involved in biomedical research. These awards are called "Farquharson Research Scholarships". The last award was paid in 1991, and the fund has now been closed.

(c) In February 1986 the Federal Government announced, as part of a new "Matching Policy", that private sector contributors who wish to provide funds for medical research can channel their money either through universities or through the Medical Research Council. When the Council receives such monies, they must be placed in trust and disbursed in accordance with agreements between the contributor and the Council.

The transactions relating to these three funds are as follows:

	Dyskinesia and torticollis		Farquharson Research Scholarships		Donations for research	
	1991	1990	1991	1990	1991	1990
	$	$	$	$	$	$
Balance, beginning of year	92,353	83,056	66	3,479	635,046	321,157
Add: donations received					1,436,843	988,990
interest received	10,543	9,297		67	88,339	43,132
Less: grants paid			66	3,480	1,347,782	718,233
Balance, end of year	102,896	92,353		66	812,446	635,046

5. Commitments

The Council is committed to disburse grants and scholarships in future years subject to the provision of funds by Parliament. Future year commitments are as follows:

	1991	1990
	(in thousands of dollars)	
Year of payment		
1990-91		198,130
1991-92	238,895	143,635
1992-93	170,881	89,443
1993-94	105,659	43,264
1994-95	46,387	19,928
1995-96	19,139	6,356
1996-97	6,315	
	587,276	500,756

6. Travel

Expenditure for travel charged to operations is related to the peer review process and was incurred by the members of 26 grant committees, 10 award committees and the staff of the Council to meet, assess and rate grant and award applications. In addition, travel expenditure incurred by the Council, its executive and standing committees and other non-staff advisory personnel is also charged to operations.

Medical Research Council—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991—*Concluded*

Expenditure for travel charged to administration is for the general support of the Council's administrative activities and includes meetings of ad hoc advisory groups established to study specific issues for the Council. Details are as follows:

	1991	1990
	(in thousands of dollars)	
Operations:		
Grant committees	563	460
Award committees	132	103
Council/Executive	69	64

National Museums of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Museums of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Corporation. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements was derived from these financial statements as of June 30, 1990 that were audited by the Auditor General of Canada.

These financial statements were prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provide a record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Corporation's Comptroller develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by frequent contacts between staff of the Corporation and of the Auditor General's Office. The Corporation also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED JUNE 30, 1990

1. Authority and objective

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule II to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, Corporate Management and Corporate Services.

Operations, capital and grants and contributions are funded by budgetary lapsing authorities and employee benefits are authorized by statutory authorities.

On January 30, 1990, the Museums Act received Royal Assent, whereby the operations of the corporation were to be transferred to four newly created Crown corporations (National Gallery of Canada, National Museum of Science and Technology, Canadian Museum of Civilization and Canadian Museum of Nature) listed in Part I of Schedule III of the Financial Administration Act. On June 28, 1990 the Governor in Council fixed July 1, 1990 as the day on which the said Act would come into force. Under the new Act, the Corporation ceased its operations on June 30, 1990.

2. Accounting policies

(a) Expenditure

Expenditure is accounted for on the accrual basis of accounting, except for employee termination benefits, vacation pay, and trust account transactions which are accounted for on the cash basis of accounting.

(b) Revenue

Revenue is accounted for on the cash basis of accounting in accordance with Government of Canada accounting policies.

(c) Capital purchases

Capital acquisitions are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in the operating expenditure.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the plan. Contributions in respect of current service are expensed during the year in which the services are rendered. With respect to past service, contributions are expensed when paid.

(g) Publishing and boutiques

Operating expenditure of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

3. Parliamentary appropriations

	Three months ended June 30, 1990			Year ended March 31, 1990
	Gross	Credits	Net	Net
	$	$	$	$
Department of Communications				
Vote 75	92,660,737	68,864,297	23,796,440	89,946,814
Overexpended (lapsed)				(6,123,616)
Deferred	(1,259,390)		(1,259,390)	(1,956,737)
	91,401,347	68,864,297	22,537,050	81,866,461
Vote 80	7,670,000	6,906,929	763,071	37,123,000
Overexpended (lapsed)				(3,536,230)
	7,670,000	6,906,929	763,071	33,586,770
Statutory—Contribution to employee benefit plans	6,796,000	5,097,000	1,699,000	6,222,000
Total use of appropriations	105,867,347	80,868,226	24,999,121	121,675,231

National Museums of Canada—*Continued*

NOTES TO THE FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED JUNE 30, 1990—*Concluded*

4. Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

Inventories on hand to year-end are as follows:

	June 30, 1990	March 31, 1990
	(in thousands of dollars)	
Books, pamphlets, replicas, etc.	2,815	2,400
Publications in process	414	339
	3,229	2,739

5. Fixed assets and accumulated depreciation

Had the previous accounting policies of the Corporation continued with respect to capitalization of fixed assets and recording depreciation, the balances would be as follows:

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	6,276	142		6,418
Furniture and equipment	23,606	236	776	23,066
EDP equipment	6,391	513	262	6,642
Automotive	785	14	94	705
	37,058	905	1,132	36,831

Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	282	65		347
Furniture and equipment	10,240	797	776	10,261
EDP equipment	3,144	332	262	3,214
Automotive	440	35	94	381
	14,106	1,229	1,132	14,203

Useful lives have been estimated as follows:

Leasehold improvements	Term of the lease
Furniture and equipment	5-12 years
EDP equipment	5 years
Automotive	5 years

6. Purchase of objects for the collections of the Corporation

	Three months ended June 30, 1990	Year ended March 31, 1990

AUDITOR'S REPORT

TO THE MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the National Museums of Canada as at June 30, 1990 and the statements of operations, equity and changes in financial position for the three months then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at June 30, 1990 and the results of its operations and the changes in its financial position for the three months then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Raymond Dubois, FCA
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1990

1. Authority, objective and operations

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule II to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, Corporate Management and Corporate Services.

On January 30, 1990, the Museums Act received Royal Assents, whereby the operations of the Corporations to be transferred to four newly created Crown corporations (National Gallery of Canada, National Museum of Science and Technology, Canadian Museum of Civilization and Canadian Museum of Nature) listed in Part I of Schedule III of the Financial Administration Act. On June 28, 1990 the Governor in Council fixed July 1, 1990 as the day on which the said Act shall come into force. Under the new Act, the Corporation has ceased its operations on June 30, 1990.

National Museums of Canada—*Continued*

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1990—*Continued*

2. Accounting policies

(a) Basis of accounting

Expenses and revenue are accounted for using the accrual basis of accounting, except for refunds of previous years' expenditure and the trust account which are recorded on a cash basis. Parliamentary appropriations are recorded in the year to which they apply.

(b) Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

(c) Property and equipment

Property and equipment are carried at cost and depreciated using the straight-line method over their estimated useful lives as follows:

Equipment	5 to 12 years
Building renovations	25 years
Office furniture	5 to 10 years

Expenses related to the design and development of exhibits, and the fit-up of new accommodations excluding property and equipment, are charged to operations in the year they occur.

(d) Collections

Collections constitute the major portion of the Corporation's assets but are shown at a nominal value of $1,000 on the balance sheet because of the practical difficulties in reflecting them at a meaningful value. Objects purchased for the collections of the Corporation are recorded as expenses in the year of acquisition. Objects donated to the Corporation are not recorded in the books of accounts.

(e) Services provided without charge

Amounts for services provided without charge by Government departments are included in operating expenses.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to admissible past service, contributions are expensed when paid; the terms of payment are set by the applicable purchase conditions.

(g) Publishing and boutiques operations

Operating expenses of publishing and boutiques, including costs relating to personnel, travel, transportation, advertising, building maintenance, rent and utilities, are included in operating expenses.

(h) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under their collective agreement and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

3. Transfer to new Corporations

On July 1, 1990, pursuant to the Museums Act, the National Gallery of Canada, the Canadian Museum of Civilization, the Canadian Museum of Nature, and the National Museum of Science and Technology, were established as Crown corporations listed in Part I of Schedule III to the Financial Administration Act.

The assets, liabilities and equity of the National Museums of Canada at June 30, 1990 were transferred to the four new Corporations as follows:

	National Gallery of Canada	Canadian Museum of Civilization	Canadian Museum of Nature	National Museum of Science and Technology	National Museums of Canada
	(in thousands of dollars)				
Assets					
Current assets	6,590	11,450	2,436	2,055	22,531

	9,437	37,055

9. Purchase of a major collection

In 1987-88, the National Museum of Natural Sciences entered into a number of agreements to purchase a privately-held mineralogical collection. The potential total cost of the project including the cost of the collection, the services of professional fund-raisers, acession and exhibition costs could reach $7,000,000 over a period of three years if all purchase options are exercised. As at June 30, 1990, the cumulative expenditures associated with the project totalled $5,102,026 ($3,472,447 as at March 31, 1990).

National Research Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the National Research Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in this financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the financial statement, unless indicated otherwise.

The Corporation's Finance and Informatics Services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and to safeguard the Corporation's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Corporation's accounting and reporting systems are under constant review and upgrading. The Finance and Informatics Services has taken advantage of the latest in computer technology to develop a Council wide "End User Reporting System" and a comprehensive "Physical Assets Management System". The asset system offers the Council better control and tracking of its assets and both systems provide for flexible and timely management reports. In addition for 1991-92, a Project and Resource Management System is being implemented to assist in the management of projects and the related resources.

The Corporation is continuing with its many cash management initiatives. Extensive use is being made of travel cards, travellers cheques and other cost cutting measures such as discount fares and frequent flyer programs. The Council is also using credit cards as a means of making small purchases and has established a Cost Accounting Unit to assist management in matters of revenue generation, fee setting, costing and contracting-in.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and purpose

The National Research Council of Canada was established under the National Research Council Act 1966-67 and is a departmental corporation named in Schedule II to the Financial Administration Act. The objectives of the Council are to create, acquire and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development and to promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development. The Council's operating, capital and grant expenditures are funded through budgetary lapsing appropriations and revenue credited to vote. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditures.

3. Parliamentary appropriations

	1991			1990
	Gross	Credits	Net	Net
	$	$	$	$
Vote 60	316,907,076	25,617,275	291,289,801	242,680,001
Lapsed	25,955,900		25,955,900	351,926
	290,951,176	25,617,275	265,333,901	242,328,075
Vote 65	166,788,000	611,000	166,177,000	122,468,000

	116,257,061		116,257,061	117,073,817
Statutory contributions to employee benefits	25,889,000		25,889,000	23,934,000
Total use of appropriations	578,233,768	26,228,275	552,005,493	503,086,300
Add: services provided without charge by the Council and other Government departments	33,248,000		33,248,000	29,355,000
Less: non-tax revenue		1,763,973	1,763,973	1,020,291
Net cost of operations	611,481,768	27,992,248	583,489,520	531,421,009

4. Accounts receivable

At year end, accounts receivable from the provision of services and sales of publications are as follows:

	1991	1990
	$	$
Current:		
Outside parties	3,259,692	2,195,142
Government of Canada	117,635	323,833
	3,377,327	2,518,975

National Research Council of Canada—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Concluded*

5. Trust accounts

The Council keeps in trust monies received from organizations to cover expenditures made on their behalf.

	1991	1990
	$	$
Balance, beginning of year	1,656,851	836,046
Payments made	1,918,580	917,903
Monies received	3,059,928	1,738,708
Balance, end of year	2,798,199	1,656,851

6. Contingent liabilities

In connection with its operations the Council is a defendant in certain cases of litigation. It is estimated that pending and threatened litigation amount to $11,579,000.

7. Contractual obligations

The Corporation has commenced capital expenditure programs aggregating $27,548,500 ($7,273,500 in 1991-92, $8,550,000 in 1992-93 and $6,269,000 in 1993-94) for the modernization and extension to its laboratories and modernization of its equipment. To March 31, 1991 the Corporation has spent $5,456,000 on the programs. The Corporation has also entered into a contract for the Canadian Space Station Program, Phase C2-B worth $205,510,520 of which $80,073,889 was spent in 1990-91, $116,300,000 in 1991-92 and $9,136,631 in 1992-93.

Natural Sciences and Engineering Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Natural Sciences and Engineering Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This financial statement was prepared in accordance with the significant accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement unless indicated otherwise.

The Council's Directorate of finance and administration develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This statement of operations has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE NATURAL SCIENCES AND ENGINEERING RESEARCH COUNCIL
AND THE
MINISTER FOR SCIENCE

I have audited the statement of operations of the Natural Sciences and Engineering Research Council for the year ended March 31, 1991. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and objective

The Council was established in 1978 by the Natural Sciences and Engineering Research Council Act, and is a departmental corporation named in Schedule II to the Financial Administration Act. Its objective is to promote and support both research and the provision of highly qualified personnel in the natural sciences and engineering. The Council's grants and scholarships and operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants, scholarships, termination benefits and vacation pay are recorded on the cash basis. All other expenditure is recorded on the accrual basis, in accordance with the Government's Payables at Year End accounting policy.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge

Estimates of amounts for services provided without charge by Government departments and agencies are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

(e) Contributions to the Public Service Superannuation Plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Council. Contributions with respect to current service are expensed in the current year. Contributions with respect to past service benefits are expensed when paid, generally over the remaining service lives of the employees.

1995-96	7.8	
1996-97	4.2	
	814.0	810.6

5. Grants, scholarships and other expenditures administered and disbursed for Government departments and agencies and organizations outside the Government

Grants, scholarships and other expenditures administered and disbursed by the Council on behalf of Government departments and agencies and organizations outside the Government, which are not included in the statement of operations, are detailed in Schedule II. Most of these disbursements are made by the Council from lapsing funds entrusted to it by Government departments and agencies.

The Council held in trust for two organizations outside the Government (NATO and AECL) grants and scholarships funds.

Science Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Science Council of Canada (hereafter called Council) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council, which also ensures that the financial management system is efficient and free from bias.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations and the notes have been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions. Council is constantly reviewing its policies and practices in order to improve its standards of accounting and financial management.

AUDITOR'S REPORT

TO THE SCIENCE COUNCIL OF CANADA
AND THE
MINISTER FOR SCIENCE

I have audited the statement of operations of the Science Council of Canada for the year ended March 31, 1991. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and objective

The Council was established in 1966 by the Science Council of Canada Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The Council's operating expenditure is funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

The objective of the Council is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

2. Accounting policies

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of office furniture and equipment are charged to expenditure in the year of purchase.

(c) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as non-tax revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

3. Parliamentary appropriations

	1991	1990
	$	$
Industry, Science and Technology Canada Vote 85 (1990—Vote 90)	2,931,000	2,698,000
Supplemented by Treasury Board Vote 5		72,000

Net cost of operations	3,425,568	3,307,021

Science Council of Canada—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Concluded*

4. Bequest

The Council received a bequest to be used to promote the study of humanities, as the Council may see fit, and for educational purposes generally. The transactions relating to this account, which are not included in the statement of operations, are as follows:

	1991	1990
	$	$
Balance, beginning of year	402,294	408,287
Add: interest received during the year	42,120	44,761
Less: expenditure incurred during the year	60,285	50,754
Balance, end of year, represented by deposit with Receiver General for Canada	384,129	402,294

5. Amounts administered and disbursed for Government departments, agencies and organizations outside the Government

Amounts administered and disbursed by the Council for Government departments, agencies and organizations outside the Government, which are not included in the statement of operations for the year ended March 31, 1991 are:

	1991	1990
	$	$
Industry, Science and Technology Canada		
To conduct a sectoral R & D performance project	729,657	261,311
To assist Council's intellectual property project		10,000
Agriculture Canada		
To assist Council, in organizing a workshop with CAEFMS on sustainable agriculture	5,000	
Environment Canada		
To assist printing of Council's report "Water 2020"	3,000	
National Research Council of Canada		
To conduct a future study (NRC to the Year 2016)		109,112
Government of Japan		
To conduct the Canada-Japan joint study of complementarity in science and technology		16,144
	737,657	396,567

Most of these disbursements are made by the Council from lapsing funds entrusted to it by Government departments and agencies.

Social Sciences and Humanities Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Social Sciences and Humanities Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Council. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the audit and review committee of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's Directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

AUDITOR'S REPORT

TO THE SOCIAL SCIENCES AND HUMANITIES RESEARCH COUNCIL
AND THE
SECRETARY OF STATE OF CANADA

I have audited the statement of operations of the Social Sciences and Humanities Research Council for the year ended March 31, 1991. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and objective

The Council was established in 1977 by the Social Sciences and Humanities Research Council Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Council is to promote and assist research and scholarship in the social sciences and humanities.

The operating and grants expenditures are funded by budgetary lapsing authorities. Employee benefit plans contributions are authorized by a statutory authority.

2. Accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants are charged to expenditure when disbursed. Operating expenditure is recorded on an accrual basis, in accordance with the Government's accounting policy, except for employee termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisition of office furniture and equipment is recorded as operating expenditure in the year of purchase.

(c) Services provided without charge by other departments

Estimates of amounts for services provided without charge by Government departments are included in operating expenditure.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue and are not deducted from expenditure.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Council's contributions are charged to expenditure on a current basis.

3. Parliamentary appropriations

Parliamentary appropriations are recorded when used and any amount not used lapses in accordance with Section 44 of the Financial Administration Act.

Social Sciences and Humanities Research Council—

Add: funding from other departments for Joint Initiatives	453			
	82,048	74,580	8,728	7,020
Add: services provided without charge by Government departments			959	851
Deduct: non-tax revenue			(417)	(670)
Net cost of operations	82,048	74,580	9,270	7,201

4. Supplementary information

(a) Accounts receivable

Accounts receivable from award holders amounting to $170,000 (1990—$72,000) are not included in the statement of operations.

(b) Queen's Fellowship Fund

The Queen's Fellowship Fund consists of $250,000 which has been deposited in an interest bearing trust account. The interest earned is used for fellowships to graduate students in certain fields of Canadian studies. The operations of the Fund, which are not included in the statement of operations, are as follows:

	1991	1990
	(in thousands of dollars)	
Balance, beginning of year	260	264
Add—Interest earned	30	28
Deduct—Fellowships paid	(17)	(32)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	273	260

(c) Special Trust Fund

This trust fund was established for the receipt and disbursement of private donations for the purpose of special projects in the field of social sciences and humanities research activities. The operations of this special trust fund, which are not included in the statement of operations, are as follows:

	1991	1990
	(in thousands of dollars)	
Balance, beginning of year	6	6
Add—Interest received	1	
Add—Donations received		25
Deduct—Fellowships paid		(25)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	7	6

(d) Matching grants: incentive payment

The Government's objectives in introducing the matching policy are to increase, in partnership with the private sector, the level of funding for university research, and to encourage stronger research collaboration between the two sectors.

Social Sciences and Humanities Research Council—
Concluded

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Concluded*

When the matching funds policy was developed, the Social Sciences and Humanities Research Council indicated its intention to pay the universities an incentive based on the matching grants claimed by the Council. For 1990-91 these incentive payments to universities totalled $522,000 ($498,000 in 1989-90).

5. Commitments

Payment of grants and scholarships extending in future years are subject to the provision of funds by Parliament. Future years awards adjudicated prior to March 31, 1991 are payable as follows:

	(in millions of dollars)
1992	81.6
1993	30.1
Subsequent years	13.9
	125.6

The Director, The Veterans' Land Act

THE DIRECTOR OF SOLDIER SETTLEMENT IS A DEPARTMENTAL CORPORATION NAMED IN SCHEDULE II TO THE FINANCIAL ADMINISTRATION ACT. NO REVENUE AND EXPENDITURE HAVE BEEN INCURRED IN THIS FISCAL PERIOD AND AS A RESULT, NO FINANCIAL STATEMENTS HAVE BEEN PRODUCED FOR THE PUBLIC ACCOUNTS.

The National Battlefields Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of The National Battlefields Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. Management is responsible for the integrity and objectivity of the financial information in this report. The role of the commissioners is to ensure that management fulfills its duty regarding financial information and internal control.

This financial statement was prepared according to the accounting policies set out in Note 2 on a basis consistent with that of the preceding period. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility management maintains a system of internal control to assure that the financial information is reliable and the assets are safeguarded. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement, unless indicated otherwise. The Corporation also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Auditor General performed an audit on the financial statement for the year ended March 31, 1991 according to generally accepted auditing standards, his role being to express an informed opinion to see if the financial statement presents fairly the results of operations of The National Battlefields Commission for this period.

The opinion of the Auditor General is attached.

AUDITOR'S REPORT

TO THE MINISTER OF THE ENVIRONMENT

I have audited the statement of operations of The National Battlefields Commission for the year ended March 31, 1991. This financial statement is the responsibility of the Commission's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting policies used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of the operations of the Commission for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the statement of operations.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and objectives

The Commission was established in 1908 under an Act respecting The National Battlefields at Quebec for the purpose of acquiring, preserving and developing an historic battlefields park at Quebec.

The Commission is a departmental corporation named in Schedule II to the Financial Administration Act.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the following accounting policies:

(a) Expenditures are recorded on an accrual basis, except for employee termination benefits and annual leaves which are accounted for when paid.

(b) Acquisitions of capital assets, supplies and small tools are charged to operating expenditures in the year of purchase.

(c) Expenditures include estimated amounts for services provided without charge by a Government department and for contributions to employee benefit plans funded by the statutory vote of the Parks Canada Program. They also include capital assets provided without charge by a private sector organization.

(d) Revenues are recorded on a cash basis.

(e) Contributions to the superannuation plan administered by the Government of Canada, in respect of current and admissible past services, are charged to expenditures when paid. All employees of the Commission participate in this plan. The employees and the Commission contribute equally to the cost of the plan. The contributions represent the total liability of the Commission under the plan.

3. Parliamentary appropriation

	1991	1990
	$	$
National Battlefields Commission— Operating expenditures		
Vote 30	2,595,800	1,829,000

Net cost of operations	2,752,521	1,945,834

The National Battlefields Commission—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—*Concluded*

4. Inventory

(a) As at March 31, 1991, the supplies inventory held by the Commission was valued at $35,310 ($37,517 as at March 31, 1990). The value of the inventory has been established using the weighted average cost method.

(b) The Commission will publish a high quality book on the history of the Plains of Abraham; the total cost of this project is estimated at $314,000, of which $65,200 have been disbursed as at March 31, 1991.

5. Capital assets

The cost of capital assets under the responsibility of the Commission is as follows:

	March 31, 1990	Additions	Disposals	March 31, 1991
	$	$	$	$
Lands	724,710			724,710
Roadways, driveways and landscaping	1,058,122	152,731		1,210,853
Parking	94,313	17,000		111,313
Buildings	383,880	61,369		445,249
Interpretation centre in the Musée		150,000		150,000
Equipment	1,062,815	100,239	10,554	1,152,500
	3,323,840	481,339	10,554	3,794,625

6. Special land and historical object purchase fund

Funds have been received from provincial and municipal governments and other administrations for the purpose of acquiring certain land and historical objects. These funds, together with revenue earned from the investment of such funds, are recorded in a special fund. As at March 31, 1991, the balance of this special fund amounts to $192,272 ($171,434 as at March 31, 1990) and is on deposit with the Receiver General for Canada. Interest earned during the year then ended amounted to $19,218 ($16,951 in 1990). Donations received for this year were $1,620.

7. Contractual obligation

In the course of its activities, the Commission concluded many contracts. The related payments for 1991-92 amount to $730,100.

8. Interpretation centre in the Musée du Québec

Under the terms of an agreement to be entered into with the Musée du Québec, the Commission is arranging, at an estimated total cost of $1.6 million, an interpretation centre to be inaugurated in 1992. The agreement will be for an initial renewable term of fifteen years and will provide for reciprocal services of equal values.

FINANCIAL STATEMENTS OF OTHER ENTITIES

Agricultural Products Board

MANAGEMENT REPORT

The accompanying financial statements of the Agricultural Products Board, for the year ended March 31, 1990, and all the information in this annual report are the responsibility of management and have been approved by the Executive Board. We have prepared the accompanying financial statements in accordance with generally accepted accounting principles. Financial information presented elsewhere in the annual report is consistent with that contained in the financial statements.

The APB maintains systems of financial management and internal control. Transactions are recorded in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability for Government funds.

The Auditor General of Canada has been requested to carry out an audit of the financial statements.

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have examined the balance sheet of the Agricultural Products Board as at March 31, 1990 and the statements of operations and equity for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1990 and the results of its operations and the changes in its equity for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Appropriation Acts for the year ended March 31, 1990, the Financial Administration Act and regulations and the Agricultural Products Board Act.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1990

1. Authority and objectives

The Agricultural Products Board (the Board), which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises four members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale or delivery of surplus commodities in times of depressed markets.

During the year, the Board undertook the 1989 Surplus Ontario Grape Program, purchased Canadian pork for donation to Poland and purchased Canadian pork for subsequent sale to the USSR. As at March 31, 1990, the first two programs are complete while the purchase of Canadian pork destined for the USSR is still underway. No sales of pork to the USSR have taken place as at March 31, 1990. Programs carried over from previous years are the 1987 and 1988 Surplus Ontario Grapes Programs and the 1988 Maple Syrup Program.

2. Accounting policies

The Board follows the accrual basis of accounting.

Inventories are valued at the lower of cost and estimated net realizable value.

3. Cash held by agents

The Board has entered into an agreement with the Ontario Grape Growers' Marketing Board (OGGMB) requiring that the OGGMB provide, through a public accounting firm, accounting services to the Board and trust accounts in a chartered bank for the receipt and disbursement of funds received from the Board, funds received from the Province of Ontario and funds from the sale of surplus products in respect of the 1987, 1988 and 1989 Surplus Ontario Grape Programs. The Board's share of receipts from the sale of surplus products are transferred to the Consolidated Revenue Fund. Cash held in trust for the Province of Ontario at March 31, 1990 was $1,112,114 (1989—$901,547).

The Board has also entered into an agreement with R. A. Chisholm Ltd. for the administration of the USSR Pork Program. A trust account has been established by the firm for the receipt and disbursement of funds received from the Board for the purposes of this program.

4. Inventories

	1990		1989	
	Cost	Net realizable value	Cost	Net realizable value
	$	$	$	$
Grape products	1,548,971	241,000	4,629,440	2,337,251
Pork—USSR	4,767,455	3,412,000		
Maple syrup	4,422,336	4,000,000	4,422,336	4,422,336
	10,738,762	7,653,000	9,051,776	6,759,587

The write-down of inventories to their estimated net realizable value is charged to the loss from operations.

5. Subsequent event

Subsequent to the year end, the Board entered into an agreement for the sale of all its maple syrup in inventory as at March 31, 1990. In exchange, the Board will receive a non-interest bearing unsecured note for $4,000,000 due over three years beginning in the fiscal year 1990-91. The Board's ability to recover this receivable is dependent upon the debtor's ability to pay.

6. Long-term note receivable

The note receivable will mature on December 31, 1992. It is repayable in annual instalments of $225,000 applied first against principal and due each December 31. Interest is calculated using commercial bank prime and is non-compounding.

7. Contractual commitments

As part of the USSR Pork Program, the Board has entered into a commitment to purchase additional pork at a cost of $16.8 million. The Board also has a commitment to sell this additional product, together with the amount in inventory as at March 31, 1990, to the USSR. The Board expects to realize total losses of $5.3 million on the USSR Pork Program.

Agricultural Products Board—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1990—*Concluded*

8. Contingency

The Board is a defendant in a case of litigation arising from its operations. This pending litigation is for the amount of $262,125. Any losses arising from this litigation will be charged to operations in the year that settlement occurs.

9. Food aid to Poland

As part of a food assistance program for the Polish People's Republic, under an agreement signed December 1, 1989, Canada agreed to donate approximately 1,200 tonnes of frozen pork products to Poland. In support of this program, the Board purchased and delivered 1,295 tonnes of pork products to Poland at a total cost of $2,426,083. Pursuant to a letter of understanding between the APB and the Department of External Affairs, an amount of $426,083, representing costs incurred for this program in excess of $2,000,000, was financed by the Department of External Affairs. Authority for the purchase and delivery of up to 1,200 tonnes of pork products was provided by Governor in Council (P.C. 1989-2346) on November 23, 1989. This authority was subsequently increased to 1,295 tonnes by Governor in Council (P.C. 1991-1/456) on March 7, 1991.

10. Agents' commissions

The Board used the following agents during the year to carry out certain programs. The costs are included with administrative expenses, except for the Graeme Goodsir costs which were financed by the Department of External Affairs.

	1990	1989
	$	$
Ronald A. Chisholm Ltd. (Pork—USSR)	143,340	
Graeme Goodsir Associates Inc. (Polish pork)	60,000	
Ontario Grape Growers' Marketing Board	26,080	33,785
	229,420	33,785

11. Financial statement presentation

Certain comparative figures have been reclassified to conform with the presentation adopted in the current year. A statement of changes in financial position hac not been presented since the Board's financing activities are disclosed in the statement of equity.

12. Use of parliamentary appropriation by the Board

	1990	1989
	$	$
Purchases, processing and carrying charges		
Grapes and grape products	779,525	7,530,842
Maple syrup	5,376	4,416,960

Pork—Poland	2,000,000	
	7,552,355	11,947,802
Administrative expenses	322,047	344,320
Less: services provided without charge by other Government departments	(16,035)	(53,645)
Total expenditure financed by parliamentary appropriation—Agriculture Vote 5	7,858,367	12,238,477

Agricultural Products Board—*Continued*

MANAGEMENT REPORT

The accompanying financial statements of the Agricultural Products Board, for the year ended March 31, 1991, and all the information in this annual report are the responsibility of management and have been approved by the APB. We have prepared the accompanying financial statements in accordance with generally accepted accounting principles. Financial information presented elsewhere in the annual report is consistent with that contained in the financial statements.

The APB maintains systems of financial management and internal control. Transactions are recorded in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability for Government funds.

The Auditor General of Canada has been requested to carry out an audit of the financial statements. The financial statements for the year ended March 31, 1991 and the Auditor's Report thereon follow.

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have audited the balance sheet of the Agricultural Products Board as at March 31, 1991 and the statements of operations and equity for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 1991 and the results of its operations and the changes in its equity for the year then ended in accordance with generally accepted accounting principles.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Appropriation Acts for the year ended March 31, 1991, the Financial Administration Act and regulations and the Agricultural Products Board Act.

D. Larry Meyers, FCA

Equity at end of the year	10,053	8,169

The accompanying notes are an integral part of this financial statement.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991

1. Authority and objectives

The Agricultural Products Board (the Board), which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises four members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale or delivery of surplus commodities in times of depressed markets.

During the year, the Board bought and sold Canadian pork products to the USSR, undertook the 1990 Surplus Ontario Grape Program, purchased alfalfa seeds for donation to Poland, purchased skim milk powder for donation to Bulgaria and purchased and sold 1990 Canadian ranch raised mink pelts. As at March 31, 1991, all programs were complete except for the mink pelt program and the 1988 Surplus Ontario Grape Program which was carried over from the previous year.

2. Accounting policies

The Board follows the accrual basis of accounting.

Inventories are valued at the lower of cost and estimated net realizable value.

3. Cash held by agents

The Board has entered into an agreement with the Ontario Grape Growers' Marketing Board (OGGMB) requiring that the OGGMB provide, through a public accounting firm, accounting services to the Board and trust accounts in a chartered bank for the receipt and disbursement of funds received from the Board, funds received from the Province of Ontario and funds from the sale of surplus products in respect of the 1987, 1988 and 1990 Surplus Ontario Grape Programs.

The Board's share of receipts from the sale of surplus products are transferred to the Consolidated Revenue Fund. Cash held in trust for the Province of Ontario at March 31, 1991 was $1,151,000 (1990—$1,112,000).

4. Inventories

	1991		1990	
	Cost	Net realizable value	Cost	Net realizable value
	(in thousands of dollars)

January 10, 1993	1,334
	4,000

Agricultural Products Board—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991—*Concluded*

The Board's ability to recover this receivable is dependent on the debtor's ability to pay. The debtor has defaulted on the payments due January 10, 1991 and March 31, 1991, totalling $1,333 thousand but has indicated an intention to repay these amounts by November 30, 1991. Interest is calculted on past due amounts using the commercial bank prime rate plus 1/2%, compounded monthly until paid.

The note receivable for the 1980 Canned Vegetable Program will mature on December 31, 1992. It is repayable in annual installments of $225 thousand applied first against principal and due each December 31. As at March 31, 1991, the receivable balance consists entirely of interest accumulated on a principal amount that was retired during the year.

6. Contingency

The Board is a defendant in a case of litigation arising from previous year's operation in the amount of $262,000. Any losses arising from this litigation will be charged to operations in the year that settlement occurs.

7. Sales and cost of sales

	1991			1990		
	Sales	Cost of sales	Loss on sales	Sales	Cost of sales	Loss on sales
	(in thousands of dollars)

11. Financial statement presentation

Certain comparative figures have been reclassified to conform with the presentation adopted in the current year. A statement of changes in financial position has not been presented since the Board's financing activities are disclosed in the statement of equity.

Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Board in accordance with generally accepted accounting principles. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

The Medical Research Council provides secretarial and other administrative and technical services to the Board, including maintaining systems of financial management and internal control. Transactions are executed in accordance with the Queen Elizabeth II Canadian Research Fund Act and are properly recorded to maintain accountability of funds and to safeguard the Board's assets.

These financial statements have been audited by the Auditor General, his role being to express an informed opinion as to whether the Board's financial statements, considered in their entirety, present fairly, in conformance with generally accepted accounting principles, the Board's financial transactions.

AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES
AND THE
MINISTER OF NATIONAL HEALTH AND WELFARE

I have audited the balance sheet of the Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children as at March 31, 1991 and the statements of operations and balance of fund and changes in financial position for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Queen Elizabeth II Canadian Research Fund Act and by-laws of the Board.

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1991

1. Authority and purpose

The Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children was established by the Queen Elizabeth II Canadian Research Fund Act in 1959 to assist individuals or organizations to undertake or carry on research into the diseases of children, and the causes, prevention and treatment of such diseases. The Act provided for an initial one million dollar appropriation from the Consolidated Revenue Fund and established the Board of Trustees, consisting of a Chairman and six other trustees appointed by Her Majesty by commission under the Great Seal. The Board manages and administers the Fund in accordance with and subject to the Act.

2. Accounting policies

(a) Revenue from, and investments in, Government of Canada securities

The investment in Government of Canada securities is recorded at cost. Any premium or discount on acquisition is amortized over the life of the security until maturity. Interest income is recorded on the accrual basis.

(b) Expenses

Expenses are recorded on the accrual basis.

(c) Services provided without charge

The Medical Research Council provides the Board, without charge, such secretarial and other administrative and technical services and facilities as are required for the purposes of the Act.

Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991—*Concluded*

3. Investment in Government of Canada securities

	1991			1990		
	Par Value	Cost	Market Value	Par Value	Cost	Market Value
	$	$	$	$	$	$
Government of Canada						
Residuals	425,500	263,083	346,373	470,625	293,556	340,020
Treasury bills	145,000	143,719	143,641	94,000	90,529	90,204
	570,500	406,802	490,014	564,625	384,085	430,224

Under the terms of the Act, the Board may invest any moneys of the Fund in bonds or other securities of the Government of Canada and may sell any such bonds and securities. The securities held at March 31, 1991 bear interest at rates ranging from 8.75% to 11.14% a year. Since interest on Government of Canada residuals is paid only at maturity, the market price of these residuals takes into account accrued interest, current prevailing interest rates and the term to maturity.

4. Queen Elizabeth II Visiting Professorships

At a Board of Trustees meeting on March 20, 1985, a decision was taken not to offer any new scientist awards for the time being. At the same meeting, the Board approved the establishment of a Lectureship Award to be known as the Queen Elizabeth II Visiting Professorship, to enable Canadian departments of pediatrics to invite scientists of international calibre to visit their departments. This is designed to help strengthen these departments' scientific and research efforts in childhood diseases. The first awards were made in 1986-87.

5. Queen Elizabeth II Canadian Research Fund/MRC Scientist Awards

At a meeting of the Board of Trustees on March 27, 1990 it was agreed that a new joint Queen Elizabeth II Canadian Research Fund/Medical Research Council Scientist Award Program be established. The Medical Research Council subsequently approved the joint program in June 1990. It was agreed that the program would be in effect for five years with the Queen Elizabeth II Canadian Research Fund providing full funding for the first year and funding for subsequent years shared equally with the Medical Research Council. Each award amounts to $205,000 and is funded over a three year period. Future year commitments of the Queen Elizabeth II Canadian Research Fund are as follows:

Year of payment	$
1991-92	180,000
1992-93	55,000
1993-94	60,000
	295,000

Canadian Grain Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Grain Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in the financial statement rests with the management of the Commission.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. To fulfill its reporting responsibility, the Commission maintains a set of accounts which provides a centralized record of the Commission's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the financial statement, unless indicated otherwise.

The Department of Agriculture's Directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Commission maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Commission's assets. The Commission also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Commission's results of operations.

The accounting system and financial statement of the Commission have evolved over the years to meet changing conditions.

AUDITOR'S REPORT

TO THE CHIEF COMMISSIONER AND COMMISSIONERS
CANADIAN GRAIN COMMISSION

I have audited the statement of operations of the Canadian Grain Commission for the year ended March 31, 1991. This financial statement is the responsibility of the Commission's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Commission for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

Contingent liabilities (Note 6)

The accompanying schedule and notes are an integral part of this financial statement.

NOTES TO STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and objectives

The Canadian Grain Commission was established under Section 3 of the Canada Grain Act (1970) to establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets. The Canadian Grain Commission operates under lapsing authority however, there are some personnel costs covered by statutory authorities.

The Commission exercises certain responsibilities under the following Acts and associated regulations in addition to the Canadian Grain Act:

Financial Administration Act
Grain Futures Act
Weights and Measures Act
Western Grain Stabilization Act
Western Grain Transportation Act
Inland Water Freight Rates Act

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards of the Receiver General for Canada for reporting the results of operations of the Commission in the Public Accounts of Canada. The most significant accounting policies used in the preparation of the statement are as follows:

(a) Expenditure recognition

All expenditures are recorded on the accrual basis, in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash basis in accordance with Government of Canada accounting policies. Revenue is credited directly to non-tax revenue.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Amounts representing services provided without charge from Government departments are included in expenditure.

(e) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

Canadian Grain Commission—*Continued*

NOTES TO STATEMENT OF OPERATIONS
MARCH 31, 1991—*Concluded*

3. Parliamentary appropriation

	1991	1990
	$	$
Department of Agriculture		
Vote 25		
Program expenditure and contributions	47,781,357	45,755,811
Less: supplementary estimates		1,448,000
amount lapsed	3,785,987	2,618,691
	43,995,370	41,689,120
Statutory—Contributions to employee benefit plans	5,635,000	4,794,000
Total use of appropriation	49,630,370	46,483,120
Add: services provided without charge by Government departments	1,784,886	1,271,600
Less: revenue credited to non-tax revenue	43,884,465	33,168,613
Net cost of operations including Office of the Grain Futures Act	7,530,791	14,586,107

4. Accounts receivable

As at March 31, 1991, accounts receivable from outside parties for services provided by the Commission were $3,673,899 (1990—$3,596.536).

5. Lease commitments

Lease commitments under operating leases with terms of more than one year total $4,027,872. The future aggregate minimum lease payments by fiscal year are as follows:

	$
1992	2,643,907
1993	469,399
1994	394,275
1995	349,331
1996 and on	170,960

6. Contingent liabilities

Pursuant to the Canada Grain Act, the Commission licences grain dealers and elevators. Prior to licensing, the Commission must satisfy itself that applicants have provided security to satisfy their obligations to holders of documents for the delivery of grain or the payment of money.

On May 22, 1991, the Federal Court of Appeal upheld judgments of the Federal Court in relation to actions taken against the Canadian Grain Commission for damages involving the default of two licensees, Memco Limited and Econ Consulting Ltd., where the security held by the Commission was insufficient to cover all outstanding eligible obligations. The Court held that the Commission was negligent and awarded damages amounting to approximately $3,300,000. The Department of Justice is considering advice on whether to seek leave to appeal to the Supreme Court of Canada. There are other actions for damages totaling approximately $2,100,000 relating to the licensing and security provisions that are pending.

The Commission could be liable for damages depending on the ultimate outcome of these cases. In the opinion of management and legal counsel, the likelihood and extent of liability cannot be fully determined at the present time. Accordingly, no provision has been made in the accounts of the Commission.

Discoveries have been completed with respect to an action for negligence initiated by the Ontario Wheat Producers Marketing Board which names various Government agencies, including the Canadian Grain Commission. Damages are claimed for storage and transportation costs. No provision has been made for potential damages since the validity of the claim is unproven and the extent of losses, if any, cannot be determined at the present time.

Settlement, if any, that may be made with respect to these actions, is expected to be accounted for in the year in which the settlement occurs.

Canadian Grain Commission—*Concluded*

PURSUANT TO SECTION 14 OF THE PUBLIC HARBOURS AND PORT FACILITIES ACT

TRANSPORT

PC 1989-1586, August 24, 1989, remission or substitution of rates regulations on all container charges payable under the Government Wharves Regulations by (1) Co-opérative de Transport Maritime et Aérien, Magdalen Islands, Compagnie Relais Nordik (Groupe Desgagnés) in the Province of Quebec, and (2) Marine Atlantic Inc in the Province of New Brunswick with respect to containers that were landed at or were destined for isolated community for which marine transportation is the primary means of supply of the necessities of life, from June 1, 1986 to March 31, 1990	164,940

Debts, obligations and claims written off or forgiven

There are three types of approval/authority for the write-off or forgiveness of debts, obligations and claims:

(i) Ministerial approval represents authority given to Ministers under the Financial Administration Act (FAA) or other Acts of Parliament as described in (i)(a) and (b)—

(a) Section 25(1) of the FAA gives Ministers, through Treasury Board regulations, general authority to approve the write-offs, from the memorandum departmental accounts receivable, of any debt other than overpayments of salaries, wages, and employment-related allowances, obligation or claim that does not exceed $25,000.

(b) Other Acts of Parliament (eg. Bankruptcy Act) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.

(ii) Treasury Board approval— Section 25(1) of the FAA allows a Minister, with specific Treasury Board approval, to write-off, from memorandum departmental accounts receivable, any debt, obligation or claim that exceeds $25,000. Certain debts, obligations or claims less than $25,000, such as the overpayment of salaries, wages and employment-related allowances, may need Treasury Board approval to be written off.

(iii) Parliamentary authority—

(a) Section 25(2) of the FAA requires that where a debt, obligation or claim included in the Statement of Assets and Liabilities of Canada is to be written off, the write-off must be authorized by Parliament as a budgetary item in an Appropriation Act or some other Act.

(b) Section 25(4) of the FAA specifies that any debt, obligation or claim of a Crown corporation due to the Government may be forgiven by being included in a budgetary vote of an Appropriation Act.

(c) Ministers may also be given specific approval to forgive a debt, obligation or claim as provided by Parliament in a specific Act.

The type of accounts and the type of deletions are indicated by the following codes:

Account	Deletion	Code
Memorandum accounts receivable	Write-off	A
Memorandum accounts receivable	Forgiveness	B

(1) See introduction above.

(2) Vote L51a, Appropriation Act No. 9, 1966, authorizes the Minister, in the current and subsequent years, to forgive the repayment of a loan or any part thereof made to an Indian.

(3) Vote L103b, Appropriation Act No. 1, 1969, authorizes the Minister, in the current and subsequent years, to forgive the repayment of a loan or any part thereof made to parolees for assistance in their rehabilitation.

Accountable advances not repaid, accounted for or recovered

Note: this information is required by Section 38(3) of the Financial Administration Act.

* For details, see following statement called—"Details of accountable advances outstanding as at April 30, 1991".

(1) Because of the complexity of this Department's accounting system, accountable advances that have been issued but are not yet due and employees that have presented to the Financial Services a legitimate protest regarding their advance, were considered settled in April 1991.

Accountable advances not repaid, accounted for or recovered—*Continued*

Statement of accounts receivable for tax revenue

In accordance with its accounting policies, the Government reports tax revenue in the year in which it is received. However, amounts representing billed but uncollected and/or unbilled and accrued financial claims arising from amounts owed to a Government body for self-assessed taxes are not recorded as accounts receivable in the accounts of Canada, nor are they reported as assets on the Statement of Assets and Liabilities. These items, therefore, are controlled through memorandum accounts kept by Government bodies and are presented in this statement.

In order to comply with generally accepted accounting principles for governments, the Government accounts for non-tax revenue in the fiscal year in which the transactions occurred that gave rise to the revenues and may also include charges related to the provision for non-tax accounts receivable. These revenues are recorded in the accounts of Canada and reported as assets in the Statement of Assets and Liabilities.

In the following table, the column outside parties represents tax revenue receivable from outside the Government. Allowance for doubtful accounts represents the total tax revenue receivable scheduled for write off or forgiveness plus an allowance for doubtful accounts based on the best estimate of all or any amounts which may not be collected. Internal to the Government are amounts of tax revenue receivable collectable from Government bodies. A Government body is an organization which is part of the Government of Canada as an accounting entity.

Items shown as Internal to the Government do not represent cash to be received. They are memorandum amounts and are not included in the total net accounts receivable.

Accounts receivable written-off or forgiven are included in Section 3 of this volume (Statement of debts, obligations and claims written-off or forgiven).

Accounts receivable for tax revenue as at March 31
(in thousands of dollars)

Categories of accounts receivable for tax revenue	1991 Outside parties	1991 Allowance for doubtful accounts	1991 Net accounts receivable	1991 Internal to the Government	1990 Net accounts receivable
Tax revenue receivable—					
Income tax—					
Personal	3,581,042	1,554,333	2,026,709		1,786,454
Corporation[1]	2,375,075	1,021,785	1,353,290		1,343,714
Scientific Research Tax Credit[2]	753,483	632,925	120,558		156,140 *

Non-resident	93,483	40,941	52,542		38,898
	7,153,480	*3,373,231*	*3,780,249*		*3,502,633*
Excise taxes and duties	547,686	60,166	487,520	36,400	205,599
Energy taxes—					
Petroleum and gas revenue tax	8,797		8,797		10,715
Oil export charges	2,909	2,763	146		140
Petroleum compensation charge	11,704		11,704		9,897
	23,410	*2,763*	*20,647*		*20,752*
Other tax revenue receivable	29,933	10,745	19,188		27,987
Total tax revenue receivable[4]	7,754,509	3,446,905	4,307,604	36,400	3,756,971

* Comparative figures for the previous year have been restated.

(1) Included in the statement is corporate Part VII tax of $1,262,117 which is refundable when investment tax credits or share-purchase tax credits are earned by the corporations.

(2) Scientific Research Tax Credit (SRTC) information:
The amounts under SRTC represent "returns assessed" ($120,557,223 net) and are assessments of Part VIII tax returns relating to scientific research projects expenditures that have not been accepted as tax credits under SRTC legislation. Excluded from accounts receivable are "designations assessed" ($49,716,035), which comprise tax credits that can either be applied to tax payable or if no scientific research has been completed will become accounts receivable. This can only be determined through the audit process which is underway. Allowance for doubtful accounts for 1990 included both "Returns assessed" and "Designations assessed" ($99,662,453). Based on "Returns assessed" ($975,877,012), the adjusted amount is $819,736,690 and net accounts are $156,140,322.

(3) This statement includes receivables of the Unemployment Insurance Account. National Revenue–Taxation has reported $69,625,125 in Unemployment insurance accounts receivable as at March 31, 1991 ($59,486,780 as at March 31, 1990) which represent deductions at source.

(4) During the year, total write-offs and forgiveness of accounts receivable as detailed in Section 3 of this volume amounted to $651 million. That statement also includes Parliamentary write-offs and forgiveness of loans, investments and advances which totalled $3 million.

Professional and Special Services

This section presents, for each program, the total amount spent for each classification of services together with a detailed listing of *(a)* individual payments of $100,000 or over; or *(b)* the aggregate of all payments to one individual or one organisation that totals $100,000 or over. A summary of total current year's expenditure (standard object 04 and related portion of standard object 15) by department and agency is provided in Section 1 (Table 3) of Volume II (Part I).

The following statement presents a summary of professional and special services by ministry and main classification for the year ended March 31, 1991.

NOTE TO USER

It would be appreciated if you could complete and return the **Reader's Survey** inserted at the beginning of this volume

Construction and/or acquisition of land, buildings and works

This statement provides total current year's expenditure by program, with details for contracts of $250,000 or over ($25,000 or over for cost plus contracts). In this statement:

—one asterisk {*} adjacent to amounts in the expenditures to date column indicates that amounts reported in previous year's Public Accounts relating to expenditures to date have been amended in the current year;

—two asterisks {**} adjacent to name and location of contractor indicate that the contracts have been awarded through the Department of Public Works;

—three asterisks {***} adjacent to amounts in the amount of contract column indicate cost plus contracts; and,

—an {*f*} adjacent to amounts in the expenditures to date column indicates the contracts completed in the current year.

A summary of total current year's expenditure (standard object 08) by department and agency is provided in Section 1 (Table 3) of Volume II (Part I).

It would be appreciated if you could complete and return the **Reader's Survey** inserted at the beginning of this volume

Transfer payments

A transfer payments is a grant, contribution or other payment made by the Government for which no goods or services are received, and which is made for the purpose of furthering program objectives. This section presents, for each program, the total expenditure by recipient or class of recipients, together with a detailed listing of individual payments of $100,000 or over. A summary of total current year's expenditure (standard object 10 and related portion of standard object 15) by department and agency is provided in Section 1 (Table 3) of Volume II (Part I).

Federal contributions in respect of provincial and territorial health care services are included under the Established Programs Financing arrangements found in Part V of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. Total entitlements of each province are based on a equal per capita amount determined in accordance with the legislation. The tax contribution is the current value of a legislatively prescribed number of tax points (and the Fiscal Equalization associated with them). Cash payments are the difference between total entitlements and the tax contribution plus adjustments related to prior years payments. The equalization associated with the tax transfer is paid under the Fiscal Equalization program administered by the Department of Finance. The amount of these cash and tax transfers in 1990-91 is shown above.

The payment of cash contributions is also subject to provisions of the Canada Health Act. The Act requires that the provinces meet certain criteria and conditions including not permitting extra billing by a medical practitioner or a dentist or the assessment of specified user charges by a hospital. Should a province fail to comply with these specific conditions, the Act provides for automatic deductions from the cash contributions. During 1990-91 no deductions were made.

APPENDIX 2

Payments under the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act (National Health and Welfare)

(in thousands of dollars)

Provinces and territories	Insured health services	Extended health care services	Total 1990-91
Newfoundland	129,857	28,609	158,466
Prince Edward Island	29,616	6,480	36,096
Nova Scotia	201,651	44,216	245,867

Quebec	850,407	337,962	1,188,369
Ontario	1,556,663	484,992	2,041,655
Manitoba	248,382	54,295	302,677
Saskatchewan	227,414	50,014	277,428
Alberta	582,586	121,960	704,546
British Columbia	700,347	155,611	855,958
Total provinces	4,691,056	1,320,185	6,011,241
Northwest Territories	11,536	2,712	14,248
Yukon Territory	6,255	1,288	7,543
Total	4,708,847	1,324,185	6,033,032

Federal contributions in respect of provincial and territorial health care services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. These contributions are calculated from a predetermined base amount escalated on the basis of growth in the gross national product. In recent years, adjustments have been made to the escalator because of federal restraint.This value is then multiplied by the population of each province to determine the provincial entitlement. These contributions take the form of a transfer of a predetermined number of tax points (and associated equalization) estimated at 8.0 billion in 1990-91, together with a residual cash payment (as shown above). The payment of these cash contributions is also subject to various provisions of the Canada Health Act. In order that a full cash contribution may be paid, provinces must satisfy program criteria respecting public administration, comprehensiveness, universality, portability and accessibility throughout the fiscal year, and in addition must agree to provide the Minister of Health and Welfare with required information and must give recognition to the contributions and payments made by Canada under the Canada Health Act.

Additionally, the Act requires that the provinces must not permit extra billing by a medical practitioner or a dentist (for surgical dental services requiring a hospital for their proper conduct) or the assessment of user charges by a hospital. Should a province fail to comply with these conditions, the Act provides for automatic deductions from cash contributions. All provinces are presently complying with these requirements, as they are defined under the Canada Health Act.

APPENDIX 3

Payments under the Canada Assistance Plan (National Health and Welfare)

(in thousands of dollars)

Provinces and territories	Year ended March 31		Increase or decrease(–)
	1991	1990	
Newfoundland	118,960	101,040	17,920
Prince Edward Island	28,729	23,881	4,848
Nova Scotia	189,089	157,186	31,903
New Brunswick	173,743	158,936	14,807
Quebec [1]	1,264,577	1,106,377	158,200
Ontario	2,474,771	1,761,467	713,304
Manitoba	227,057	194,497	32,560
Saskatchewan	158,845	152,857	5,988
Alberta	554,009	513,187	40,822
British Columbia	748,881	693,782	55,099
Total provinces	5,938,661	4,863,210	1,075,451
Northwest Territories	22,230	16,859	5,371
Yukon Territory	6,035	5,202	833
Total	5,966,926	4,885,271	1,081,655

The Canada Assistance Plan Act authorizes the Government to enter into agreements with provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

[1] The Province of Quebec has opted to receive special funding in lieu of cost sharing under the Canada Assistance Plan, in accordance with Part VII for Special Welfare programs of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. Under these provisions, the Province of Quebec is entitled to receive a combination of cash and tax abatement units equivalent to the transfer payments which would have been made had it opted to participate in the Canada Assistance Plan.

The amounts received by Quebec were:

	1990-91	1989-90
	(in thousands of dollars)	
Cash payments	1,264,577	1,106,377
5 tax abatement units (estimated value)	635,189	574,709
	1,899,766	1,681,086

APPENDIX 4

Details of New Horizons Payments (National Health and Welfare)

(in thousands of dollars)

Provinces and territories	Year ended March 31, 1991		Year ended March 31, 1990	
	Number of projects funded	Payments	Number of projects funded	Payments
Newfoundland	49	351	51	375
Prince Edward Island	37	191	30	194
Nova Scotia	96	662	110	681
New Brunswick	103	541	89	537
Quebec	616	3,769	660	3,889
Ontario	396	4,872	459	5,736
Manitoba	110	861	99	825
Saskatchewan	119	715	174	828
Alberta	138	1,111	155	1,123
British Columbia	222	2,198	252	2,073
Total provinces	1,886	15,271	2,079	16,261
Northwest Territories	2	22	2	6
Total	1,888	15,293	2,081	16,267

The New Horizons Program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished by providing professional assistance and financial contributions to help groups of seniors to plan and develop projects in keeping with their interests and talents. These projects help participating seniors to remain socially active and provide them with an opportunity to become involved in community service projects which help many seniors to prolong an independent life-style.

APPENDIX 5

Summary of payments under the Family Allowances Act (National Health and Welfare)

Year ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1991	3,754	6,756	2,736
1990	3,699	6,658	2,654
1989	3,675	6,609	2,606
1988	3,666	6,597	2,564
1987	3,659	6,592	2,534

Federal Family Allowances are paid in respect of dependent children under age 18. Although payment is normally made to the mother, it may be made to any person who has assumed responsibility for the maintenance of the child. Special allowances are paid for children who are maintained by agencies or institutions. The legislation provides for annual escalation of the allowance in January of each year in accordance with increases in the Consumer Price Index in excess of 3%. The federal monthly rate of family allowances per child was $33.33 in 1990 and 33.93 in 1991. Special allowances were $49.72 a month in 1990 and $50.61 in 1991.

A provincial government may request the federal government to vary the federal Family Allowances rate payable in that province on the basis of the age of the children or the number of children in the family, or both, provided that the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province is equal to the monthly federal rate. The provinces of Alberta and Quebec have exercised this option.

In March 1991, there were 3,754,080 families and agencies receiving an average of $61.74 on behalf of 6,756,022 eligible children.

Child Tax Credit is an income-tested benefit designed to assist low and middle income families with children. The basic amount of 1990 Child Tax Credit was $575.00 per child. The total credit payable in 1990 was reduced by 5% of net family income above $24,769. Payments applicable to taxation years, 1988, 1989 and 1990 made from April 1, 1990 to March 31, 1991 amounted to $39,473,474, $1,230,953,966 and $823,624,168 respectively, a total of $2,094,051,608.

Details of payments under the Family Allowances Act (National Health and Welfare)

(all figures in thousands)

APPENDIX 6

Summary of payments under the Old Age Security Act (National Health and Welfare)

(in millions of dollars)

	Year ended March 31				
	1991	1990	1989	1988	1987
Old Age Security Pension (OAS)	12,781	11,804	10,963	10,248	9,520
Guaranteed Income Supplement (GIS)	3,929	3,889	3,766	3,618	3,452
Spouse's Allowance (SPA)	421	461	473	483	473
	17,131	16,154	15,202	14,349	13,445

A full or partial basic Old Age Security pension is payable at age 65 or later to everyone who has met certain residence requirements.

A Guaranteed Income Supplement is an additional amount payable to pensioners who have little or no income apart from the Old Age Security pension. Entitlement is normally based on income in the preceding calendar year, computed in accordance with the Income Tax Act. Where a married couple is concerned, each is considered to have one half of their combined income.

Spouse's Allowance is payable to the spouse of a pensioner if the spouse is age 60 to 64 and to widows and widowers aged 60 to 64. All recipients must meet certain residence requirements. Entitlement is based on income.

All benefits under the Old Age Security program are subject to change in January, April and October of each year based on increase in the Consumer Price Index.

The benefits in effect as at April 1, 1991 were as follows:

Monthly benefits	$
OAS (basic)	362.37
GIS (maximum)	
Single person or a married person whose spouse is not in receipt of OAS or SPA	430.65
Married couple, both pensioners—Each	280.50
Spouse's Allowance (maximum)	642.87
Widowed recipients	709.73

In March 1991, there were 3,098,506 old age security pensioners, of whom 1,346,483 or 43.46% were also receiving a supplement; the average supplement paid was $254.00. In addition, there were 120,929 spouses of pensioners in receipt of spouse's allowance. The average spouse's allowance benefit was $319.00.

Federal contributions in respect of post-secondary education are included under the Established Programs Financing arrangements found in Part V of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. Total entitlements for each province are based on a equal per capita amount determined in accordance with the legislation. The tax contribution is the current value of a legislatively prescribed number of tax points (and the Fiscal Equalization associated with them). Cash payments are the difference between total entitlements and the tax contribution plus adjustments related to prior years payments. The equalization associated with the tax transfer is paid under the Fiscal Equalization program administered by the Department of Finance. The amount of these cash and tax transfers in 1990-91 is shown above.

Public debt charges	8.2

NOTE TO USER

It would be appreciated if you could complete and return the **Reader's Survey** inserted at the beginning of this volume

Public debt charges

Public debt charges include interest on unmatured debt (including Treasury bills and Canada bills), on specified purpose accounts and on other accounts, cost of issuing new loans, amortization of bond discounts, premiums and commissions, and the costs of servicing the public debt.

The following statement presents details of current year's public debt charges.

	Rate of interest	Amount of principal[1]	Amount expended in 1990-91[2]
	%	$	$

Servicing costs and costs of issuing new loans			43,654,770
			42,791,647,614

(1) For unmatured debt, the amount of principal represents the closing balance as at March 31, 1991. For specified purpose accounts and the other accounts, the amount of principal represents the net closing balance as at March 31, 1991.

(2) Amounts reported in this column represent interest (i.e. interest on unmatured debt (including Treasury bill and Canada bill discounts), on specified purpose accounts and on other accounts) unless otherwise indicated.

(3) Converted to $1 US = $1.1577 Canadian.

(4) These amounts include charges and receipts for swap agreements which correspond to these debt issues.

(5) Converted to 1 SF = $.7959 Canadian.

(6) Converted to 1 Y = $.008208 Canadian.

(7) Term to maturity is 20 years, or such lesser period as may from time to time be fixed by the Minister of Finance on recommendations of the Chief Actuary of the Office of the Superintendent of Financial Institutions, redeemable in whole or in part before maturity only at the option of the Minister of Finance.

(8) Interest on this balance is distributed to the Provinces of Ontario and Quebec on a basis of population.

1990-91
PUBLIC ACCOUNTS

Payments of Damage Claims, Ex Gratia Payments, Federal Court Awards and Nugatory Payments

CONTENTS

	Page
Payments of damage claims	9.2
Ex gratia payments	9.15
Federal Court awards	9.35
Nugatory payments	9.37

NOTE TO USER

It would be appreciated if you could complete and return the **Reader's Survey** inserted at the beginning of this volume

Payments of damage claims

This statement provides, by ministry and program, details for all payments of damage claims of $1,000 or over. Payments of less than $1,000 are reported as one amount at the end of each program, together with the total number of such claims. A damage claim is a claim for damages for which the Crown was liable under the Crown Liability Act.

Ex gratia payments

This statement provides, by ministry and program, details for all ex gratia payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a payment for which no liability is recognized, whether or not any value or service has been received, and that is made as an act of benevolence in the public interest.

JAPANESE REDRESS PROGRAM	
Authority—PC 1988-89/2552	
Whereas, during and after World War II, persons of Japanese ancestry in Canada were subjected to, on a systematic basis, discriminatory actions taken by the Government of Canada under the War Measures Act, the National Emergency Transitional Powers Act, 1945 and other related transitional legislation solely because of their race; the Government of Canada has offered $21,000 to any person of Japanese ancestry who suffered from such actions—

Nugatory payments

This statement provides, by ministry and program, details for all nugatory payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, a nugatory payment is a payment for which no value or service has been received, but for which a liability is recognized.

It would be appreciated if you could complete and return the **Reader's Survey** inserted at the beginning of this volume

FEDERAL-PROVINCIAL SHARED-COST PROGRAMS

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, and this even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

Amounts in roman type are 1990-91 expenditures.
Amounts in **bold face** type are 1989-90 expenditures.
Amounts in *italic* type are expenditures from inception (including 1990-91 expenditures).
(f) Program completed.
(1) Amends reporting in previous year's Public Accounts.
(2) Does not include an amount of $32,006 from inception: not allocated by province.
(3) An amount of $20,284 was issued to the Council of Ministers of Education (Canada). These funds are then redistributed to all provinces. Breakdown not available.
(4) An amount of $19,354 was issued to the Council of Ministers of Education (Canada). These funds are then redistributed to all provinces. Breakdown not available.

Commissions

General information by commission

The purpose of the following statement is to present general information for all commissions that are part of the Government of Canada as an accounting entity, and also for all commissions funded at least 50% by the Government of Canada. Amounts in **bold face** type represent current year estimates and amounts in roman type represent current year expenditures.

COMMUNICATIONS					
Canadian Radio-television and Telecommunications Commission	**180,000**[1]	**275,000**	**26,288,000**	**8,969,666**	**35,712,666**
	98,850[1]	261,496	26,107,684	8,331,107	34,799,137
The Commission was established under Part I of the Canadian Radio-television and Telecommunications Commission Act. It consists of not more than nine full-time members and not more than ten part-time members to be appointed by the Governor in Council. Its mandate is to encourage the implementation of the national broadcasting policy through the regulation and supervision of the Canadian broadcasting system; and to regulate rates and other aspects of the services offered by telecommunications common carriers under federal jurisdiction. The Commission is ongoing.					
National Film Board	**10,000**	**27,000**		**14,000**	**51,000**
	7,575	15,862		33,266	56,703
The Board of Trustees was established under Part IV of the National Film Act, 1950, consisting of the commissioner, who shall be the Chairperson and eight other members to be appointed by the Governor in Council. The Board is permanent.					
CONSUMER AND CORPORATE AFFAIRS					
Competition Tribunal	**100,600**		**592,700**	**1,164,700**	**1,858,000**
	113,932	4,854	667,384	347,910	1,134,080
The Tribunal was established to provide a court of record to hear and determine applications made to it in relation to matters falling under Part VIII of the Competition Act. Term indeterminate.					
Goods and Services Tax Consumer Information Office	**200,000**	**200,000**	**1,037,000**	**18,059,000**	**19,496,000**
	225,926	118,494	938,013	13,968,777	15,251,210
The Goods and Services Tax Consumer Information Office was established pursuant to Section 6 of the Department of Consumer and Corporate Affairs Act. Its mandate is to undertake and publish research with respect to the impact of the tax on prices of consumer goods and services; receives and investigates consumer complaints with respect to the impact of the tax on consumer goods and services; and submit, on a regular basis, reports on activities to the Governor in Council. Determinate term until December 31, 1991.

Hazardous Materials Information Review Commission	**85,000**	**5,000**	**731,000**	**974,000**	**1,795,000**
	84,167	4,568	680,754	335,496	1,104,985
The Commission was established under the authority of the Hazardous Materials Information Review Act. Its mandate is to make decisions on the validity of claims for exemption from the reporting requirements of the Workplace Hazardous Materials Information System; to make decisions concerning the compliance of the material safety data sheets and labels with the relevant legislation; to convene boards to hear appeals on its decisions; and to provide confidential business information to medical professionals in cases of medical emergency. Term indeterminate.					
Patented Medicine Prices Review Board	**101,200**	**30,650**	**1,935,800**	**1,242,350**	**3,310,000**
	94,863	51,440	1,859,706	1,118,225	3,124,234
The Patented Medicine Prices Review Board was established under amendments to the Patent Act which came into force December 7, 1987. Its mandate is to prevent patentees from charging excessive prices for patented medicines. It is also charged with monitoring and reporting to Parliament on overall pharmaceutical pricing trends of all medicines and on investment by patentees in pharmaceutical research and development. Term indeterminate.					
EMPLOYMENT AND IMMIGRATION					
Canadian Advisory Council on the Status of Women	**314,200**	**204,794**			**518,994**
	283,647	150,917			434,564
In 1973, the Canadian Advisory Council on the Status of Women was established as an independent organization funded by the government. The Council was granted legal status through Order in Council PC 1976-781. Its mandate is to bring before the federal government and the public matters of interest and concern to women; and to advise the Minister on such matters relating to the status of women as the Minister may refer to the Council for its consideration or as the Council may deem appropriate. The Council is permanent.					
Immigration and Refugee Board of Canada	**29,427,008**	**1,029,204**	**25,440,992**	**17,350,796**	**73,248,000**
	20,532,118	1,190,620	24,610,542	15,786,997	62,120,277
The Immigration and Refugee Board (the Board) is an independent statutory judicial tribunal established under amendments to the "Immigration Act, 1976" which were passed in July, 1988 by Parliament. The amendments came into effect on January 1, 1989. The objective of the Board is to adjudicate claims to refugee status made by persons in Canada, in accordance with Canada's obligations pursuant to international convention and canadian law; and to make available to persons who have been denied admission to or ordered deported from Canada, as well as to Canadian citizens and permanent residents whose family members have been refused landing in Canada, an independent court to which they may appeal such decisions on grounds of both law and equity.

International Boundary Commission	**72,693**	**12,600**			**85,293**
	70,146	12,594			82,740
The Commission was established under the provision of the Treaty of Washington, April 11, 1908 and the Treaty of Washington, February 24, 1925. Its powers are further defined in the International Boundary Commission Act. The purpose of the Commission is to maintain an effective land and water boundary between Canada and the United States by means of physical demarcation, and to regulate transboundary construction activity. The Commission is a permanent organization.					
National Energy Board	**1,235,100**	**144,000**	**17,025,900**	**4,335,000**	**22,740,000**[3]
	1,192,400	97,532	18,606,348	3,732,946	23,629,226[3]
The National Energy Board was established under Part I of the National Energy Board Act. Its objectives are: (a) to ensure that the best interests of Canada are served in the safe and environmentally sound construction and operation of gas and oil pipelines and power lines subject to federal jurisdiction, in the exportation of electrical power, gas and oil and the importation of gas and oil; (b) to ensure that tolls of pipelines under federal jurisdiction are just and reasonable and that pipeline services are provided on a continuing basis, without discrimination and in a cost-efficient manner; and (c) to advise on the control, supervision, conservation, use, marketing and development of energy and sources of energy, and to fulfill specific responsabilities under the Northern Pipeline Act and the Energy Administration Act.					
ENVIRONMENT					
Canadian Environmental Advisory Council					**800,400**
	38,325	60,002	176,550	550,606	825,483
The Canadian Environmental Advisory Council (CEAC) was perceived, at the time of its founding in 1972, as a means to promote communication and understanding among diverse interest groups in society, and between those groups and the Minister of the Environment. The practical means of implementing this role focused primarily on the provision of advice by the Council to the Minister of the Environment. Appointments are normally for a three-year period, subject to earlier termination by either party, and may be renewed or extended. Term indeterminate.

Canadian Environmental Assessment Research Council					**601,198**
	22,238	35,856	101,198	449,931	609,223
The mandate of the Canadian Environmental Assessment Research Council is to promote research in environmental impact assessment. Appointments are made by the Executive Chairman and normally for a three-year period, subject to earlier termination by either party, and may be renewed or extended. Term indeterminate.					
The Historic Sites and Monuments Board of Canada	**86,000**	**110,000**	**93,796**	**39,810**	**329,516**
	85,660	110,109	114,404	36,345	346,518
The Board was established under Section 6 of the Historic Sites and Monuments' Act by Order in Council PC 1960-2/1976, October 1, 1969. The Historic Sites and Monuments Board of Canada is a statutory board appointed by the Governor in Council to advise the Minister of Environment on the Commemoration of our nation's history. Term indeterminate.					
FISHERIES AND OCEANS					
Canada-Norway Sealing Commission[4]					
The Commission was established through Article 3 of a treaty between the Governments of Canada and Norway on sealing and the conservation of seal stocks in the North West Atlantic Ocean, signed in Ottawa, July 15, 1971, date of coming into force: December 22, 1971. It was established to administer the agreement and submit proposals to the contracting parties, on sealing, conservation of seal stocks, national quotas, opening and closing dates, humane hunting methods, and inspection and control procedures. The Commission has not met since 1982.					
Canada/USA Yukon River Salmon Negociations Council[2]					
		4,041			4,041
The Canada/USA Yukon River Salmon Negociations Council is an advisory council aiding with negotiations between Canada and the United States regarding salmon in the Yukon River. Acts in conjunction with the Pacific Salmon Commission. Term indeterminate.					
Fisheries Prices Support Board	**78,000**	**5,000**	**75,000**	**7,000**	**165,000**
	78,117	4,564	71,717	4,210	158,608
The Board was established by authority of the Fisheries Prices Support Act. Its mandate is to prescribe from time to time, with the approval of the Governor in Council, prices at which the Board may purchase fisheries products; to purchase, directly or indirectly, fish or fish products; and to pay, directly or indirectly the differential between current market price and Board price to the producer. The life of the Board is ongoing.

Great Lakes Fishery Commission	**3,000**	**15,000**			**18,000**
	2,950	14,846			17,796
This Commission was established in 1955 under the Great Lakes Fisheries Convention Act. Its purpose: to conduct investigations into fisheries of the Great Lakes, to install devices and apply lampricide in the Convention area and tributaries thereof, for lamprey control. The Commission is composed of Canadian and U S sections, each served by four commissioners appointed by their respective governments. The life of the Commission is ongoing.					
International Commission for the Conservation of Atlantic Tuna	**1,500**	**10,300**			**11,800**
	1,800	10,385			12,185
This Commission was established under the Fisheries Act and a Convention, adhered to by Canada, effective 1968. The Commission is responsible for studying the populations of tuna-like species in the Atlantic Ocean and its adjacent seas, and for making recommendations to the contract-parties concerning measures required to maintain the population of these fisheries at levels which will provide the optimum sustainable catch. The present council membership consists of Canada, France, Ivory Coast, Japan, Morocco, Portugal, Spain and the USA. Each contracting party is represented on the Commission by no more than three commissioners. The life of the Commission is ongoing.					
International Council for the Exploration of the Sea[2]		6,605			6,605
The Council was established under PC 1967-1696. Its mandate is to encourage and coordinate studies of the marine environment with particular reference to the living resources of the sea with concentration on the North Atlantic. The Council has no regulatory function, but provides scientific advice on request to member governments, groups of member governments or International Commissions. The life of the Council is ongoing.					
International Fisheries Commissions Pension Society		**6,000**			**6,000**
		9 809			9,809
The Society was established under the Canada Corporations Act. Its mandate is to administer pension and related benefit policies for employees and dependents of International Fisheries Commissions established and maintained by Canada and the USA. The life of the Society is ongoing.

International North Pacific Fisheries Commission	**2,100**	**6,600**			**8,700**
	1,350	5,003			6,353
The Commission was established under the North Pacific Fisheries Convention Act. Its mandate is to carry out and give effect to the provisions of the International Convention for High Seas Fisheries of the North Pacific Ocean; to ensure that the fisheries joint interests are maintained at the level of maximum sustainable productivity; to promote and co-ordinate scientific studies necessary to ascertain the conservation measures required and recommend such measures to the contracting parties. The life of the Commission is ongoing.					
International Pacific Halibut Commission	**1,200**	**1,800**			**3,000**
		3,387			3,387
The Commission was established under the North Pacific Halibut Fisheries Convention Act. The Commission was established to conduct scientific investigation and to recommend to governments regulatory measures required for the proper management of halibut resources in the North Pacific Ocean. The life of the Commission is ongoing.					
North Atlantic Salmon Conservation Organization	**3,150**	**19,300**			**22,450**
	1,800	17,192			18,992
The Organization was established under the Convention for the Conservation of Salmon in the North West Atlantic Ocean, October 1, 1983, ratified by PC 1983-2893. Its mandate is to promote conservation, restoration, enhancement and rational management of salmon stocks in the North Atlantic Ocean, through international co-operation. The life of the Organization is ongoing.					
North West Atlantic Fisheries Organization	**1,500**	**2,000**			**3,500**
	600	3,286			3,886
The Organization was established by a Convention adhered to by Canada, effective January 1979, and Regulations made under the Fisheries Act. Its mandate is to promote the conservation and maximum utilization of the fisheries resources of the North West Atlantic and to encourage the co-operation internationally with further consultation regarding these resources. The life of the Organization is ongoing.					
Pacific Region Licence Appeal Board[2]	113,343	45,327			158,670
The Pacific Region Licence Appeal Board (PRLAB) operates under appointment by the Minister of Fisheries and Oceans. It serves in an advisory capacity to the Minister. It was established in 1979 and its role is to conduct hearings to hear appeals from individual commercial fishermen who are seeking issuance of a commercial fishing licence. Term indeterminate.

Pacific Regional Council[2]					
	16,000	25,082			41,082
The Pacific Regional Council (PARC) was created by the Minister of Fisheries and Oceans in April 1987. Its mandate is to advise the Minister and Department of Fisheries and Oceans senior officials on recommended policy to address long term issues. Term indeterminate.					
Pacific Salmon Commission	**62,000**	**68,000**	**60,000**	**27,300**	**217,300**
	61,875	66,910			128,785
The Commission was established under the Pacific Salmon Convention Act. The Treaty provides a unique opportunity to resolve stock interception problems, reduce the overfishing of internationally exploited stocks and open new avenues to increase salmon production through enhancement, stock conservation and rebuilding. Term indeterminate.					
INDIAN AFFAIRS AND NORTHERN DEVELOPMENT					
Beaufort-MacKenzie Delta Land Use Planning Commission	**62,833**	**47,000**			**109,833**
	62,833	47,382			110,215
Denendeh Land Use Planning Commission	**66,765**	**45,770**			**112,535**
	66,765	44,679			111,444
Nunavut Land Use Planning Commission	**77,225**	**2,000**			**79,225**
	77,225	1,913			79,138
The establishment of the three commissions was authorized by TB Minute 798176 on May 22, 1985. The objective of each commission is to develop a land use plan which represents the priorities of each region's residents in the protection of the environment and sustaining the resources of the Northwest Territories. The plans will also provide the necessary framework to guide future economic development decisions in each region. It is unknown as yet how long each commission will continue, however it is probable that each one will operate on an ongoing basis to monitor the implementation of each plan.					
Indian Commission of Ontario	**65,567**	**9,333**	**157,767**	**150,756**	**383,423**
	65,567	23,565	159,492	158,773	407,397
The Commission was established by concurrent federal and provincial Orders in Council and resolution of the Ontario status Indian Chiefs in 1978. The mandate is to assist the Indian people, Canada and Ontario foster Indian self-government and to resolve outstanding issues, usually of a jurisdictional nature. The figure does not show total commission costs, since it is funded on a two-thirds (federal) and one-third (provincial) basis.

Kluane Land Use Planning Commission	**50,000**	**20,000**			**70,000**
	43,955	18,715			62,670
The Commission was established by the Minister of Indian Affairs and Northern Development and the Yukon Minister of Renewable Resources. The Commission is responsible for directing the preparation of the Greater Kluane Land Use Plan and reporting to the Minister of Indian Affairs and Northern Development and the Yukon Minister of Renewable Resources with recommendations for the best use of land and resources in the region.					
Northwest Territories Water Board	**118,000**	**34,500**			**152,500**
	117,400	33,698			151,098
The Board was established under Section 7 of the Northern Inland Water Act, and consists of not less than three and more than nine members appointed by the Minister. Its mandate is to provide for the conservation, development and utilization of the water resources of the Northwest Territories in a manner that will provide the optimum benefit therefrom for all Canadians and for the residents of the Northwest Territories in particular. The Board is permanent.					
Yukon Territorial Water Board	**80,000**	**20,000**			**100,000**
	76,991	19,683			96,674
The mandate for the Yukon Territorial Water Board is to provide professional services. The Water Board is charged with the regulation of water use in the Yukon Territory under the provisions of the Northern Inland Water Act 1970. Each member of the Board is appointed by the Minister of Indian Affairs and Northern Development for a one to three years term. The Yukon Territorial Water Board will exist as long as the Northern Inland Water Act is in effect.					
INDUSTRY, SCIENCE AND TECHNOLOGY					
Eastern Aboriginal Economic Board	**35,000**	**37,000**			**72,000**
	34,567	36,267			70,834
The Board was established pursuant to Section 17 of the Department of Industry, Science and Technology Act. Its mandate is to review applications of aboroginal people for assistance and make recommendations to the Federal Government for its approval.					
Fednor Economic Advisory Board	**84,000**	**64,000**			**148,000**
	79,458	61,005			140,463
The Board was established pursuant to the Department of Regional Industrial Expansion Act. Its mandate is to advise the Federal Government on economic policies, programs and services particularly as they relate to the use of the Federal Economic Initiative in Northern Ontario.

	49,274	30,597			79,871
The Board was established pursuant to Section 17 of the Department of Industry, Science and Technology Act. Its mandate is to review applications of aboriginal people for assistance and make recommendations to the Federal Government for its approval.					
Science Council of Canada		**150,000**		**10,000**	**160,000**
		133,765		8,141	141,906
The Science Council of Canada was established under the Science Council of Canada Act. Its mandate is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology. The Science Council of Canada is permanent.					
Western Aboriginal Economic Board	**46,000**	**67,000**			**113,000**
	45,749	66,200			111,949
The Board was established pursuant to Section 17 of the Department of Industry, Science and Technology Act. Its mandate is to review applications of aboriginal people for assistance and make recommendations to the Federal Government for its approval.					
JUSTICE					
Canadian Human Rights Commission	**368,116**	**127,386**	**293,649**	**15,844**	**804,995**
	376,425	114,974	291,159	23,200	805,758
The Commission was established under the authority of the Canadian Human Rights Act. Its mandate is to receive and investigate complaints of discrimination, to obtain a resolution or settlement where discrimination is established and to combat discriminatory practices and policies by means of information, public education and research. Term indeterminate.					
Law Reform Commission of Canada	**473,000**	**120,000**	**1,832,000**	**2,548,000**	**4,973,000**
	290,033	48,843	1,845,989	2,596,226	4,781,091
The Commission was established by authority of the Law Reform Commission Act. Its mandate is to study and keep under review the laws of Canada with a view to making recommendations for their improvements, modernization and reform. The Commission is permanent.					
1989 Commission on Judges' Salaries and Benefits[2]					
	2,800	6,103		11,648	20,551
The Commission was established under the authority of Section 26(1) of the Judges Act. The mandate was to inquire into the adequacy of the salaries and other amounts payable under the Judges Act and into the adequacy of the Judges' benefits in general. A report from the Commission was required to be submitted within six months of the date of the appointment of the commissioners.

LABOUR					
Labour Adjustment Review Board	**11,500**	**9,936**		**9,807**	**31,243**
	11,500	9,936		9,807	31,243
The Board was established under the Labour Adjustment Benefits Act. Its mandate is to determine whether individuals are eligible to apply to Employment and Immigration Canada for benefits under the Act. The termination date for industries designated nationally under the Act was August 17, 1986 and for industries designated regionally (in seven communities only) the termination date was February 12, 1987. Although the program is now ended, the Board still meets on a regular basis to deal with those cases of layoffs that still fall within the program dates and no actual termination date has been approved.					
NATIONAL HEALTH AND WELFARE					
Canada Pension Plan Advisory Board[2]	16,958	42,194			59,152
The Board was established as a committee under Part III, Section 117 of the Canada Pension Plan (Order in Council PC 1965-799 of May 5, 1965). An amendment to the Canada Pension Plan Act (Bill C-116 of January 1, 1987) included the name change from Canada Pension Plan Advisory Committee to Canada Pension Plan Advisory Board. Its mandate is to review the operation of the Canada Pension Plan, the state of the Canada Pension Plan Investment Fund and the adequacy of coverage and benefits under the Plan. The life of the Board is unspecified.					
Commission for Fair Play[2]		21,143			21,143
The Commission for Fair Play was established in June 1986 by the Minister of State for Fitness and Amateur Sport. The Commission was created as a response to a growing concern by Canadians about the erosion of the principles of fair play and the increasing level of violence in sport. Twenty prominent Canadians from sport, medical and educational communities, the private sector and the media are generously volunteering their time and expertise to promote fair play.					
National Advisory Council on Aging[2]	45,228	65,943			111,171
The Council was established by Order in Council PC 1980-1195, May 1, 1980 as a citizens' advisory body to the Minister of National Health and Welfare. Its mandate is to assist and advise the Minister on all matters related to the quality of life of the aged. The life of the Council is unspecified.					
National Council of Welfare[2]	29,567	30,410			59,977
The Council was established by the Government Organizational Act, 1969, as a citizens' advisory body to the Minister of National Health and Welfare. Its mandate is to advise the Minister on matters pertaining to social welfare policy. The life of the Council is unspecified.

	2,216,683	513,719	2,203,454	392,220	5,326,076
The Commission was established under the authority of the Pension Act. Its mandate is to adjudicate claims for compensation due to death or disability incurred during military and other selected service. Term indeterminate.					
Veterans Appeal Board	**1,136,446**	**60,000**	**1,611,759**	**266,795**	**3,075,000**
	1,132,518	39,470	1,591,760	245,242	3,008,990
The Board was established under the authority of the Veterans Appeal Board Act. Its mandate is to act as the final tribunal for appeals on adjudication of disability pensions and allowances. Term indeterminate.					

Note: amounts in **bold face** type represent current year estimates and amounts in roman type represent current year expenditures.

* For details related to current year expenditures, see following statement called—"Details of travel and living expenses".

(1) Does not include the salaries of full-time members. Attachment to Orders in Council establishing their salaries stipulate that "The specific salary of any person named in the schedule to the attached Order in Council is confidential information".

(2) Estimates not available.

(3) Does not include statutory items.

(4) Amounts not available.

(5) The above costs exclude Regional Community Board member fees. These are paid as professional services.

(6) In accordance with Treasury Board Travel Regulations.

Commissions—*Continued*

Details of travel and living expenses

The following statement presents detailed information on each commission's member. The member's status and the authority fixing the rate of travel and living expenses are identified by the following codes:

Status	Code
Full time member employed in the Public Service	1
Full time member not employed in the Public Service	2
Part time member employed in the Public Service	3
Part time member not employed in the Public Service	4

Authority fixing rate	Code
Governor in Council	A
Statute(s) of the Commission	B
By-law(s) of the Commission	C

Name and position of members	Status*	Authority fixing rate*	Rate and basis	1990-91 Expenditures

* See introductory paragraph above.
** Expenses incurred.
(1) Includes transportation costs.
(2) Details not available.
(3) Pursuant to Treasury Board Guidelines.
(4) In addition to the per diem rate are reimbursed actual transportation costs while in travel status.
(5) In accordance with Treasury Board Travel Regulations.

Education leave costs

This statement provides details of educational leave costs incurred in the current year. For the purpose of this statement, an education leave is a leave granted to an employee for participation in a full-time educational or training course of a duration of three (3) months or more conducted outside of the Public Service.

[1] Four employees were paid salaries.
[2] Six employees were paid salaries.
[3] One employee was paid salaries.
[4] Two employees were paid salaries.
[5] These figures do not include members of the Armed Forces. None of the various training programs, particularly the Post Graduate Program, achieved at University are considered to fall within the educational leave definition.
[6] Seventeen employees were paid salaries.

Financial assistance given to railways by the Government of Canada in 1990-91 (with cumulative figures to March 31, 1991)

The 1952 Canadian National Railways Capital Revision Act stated that "The Minister shall include annually in the Public Accounts a summary statement of all assistance, including land grants, guarantees and capital subsidies but not including grants made pursuant to statutes for the relief of unemployment, that has at any time been given by the Government of Canada to each of *(a)* the National System (Canadian National Railway System), including its predecessor companies; *(b)* the Pacific Railways (Canadian Pacific Limited) as defined in the 1952 Canadian National-Canadian Pacific Act, including its predecessor companies; and *(c)* any other railway".

The following statement presents the budgetary and non-budgetary financial assistance showing annual and cumulative payments. Cumulative budgetary assistance includes miscellaneous program expenditures in which the corporations have benefited. Only individual payments of $50,000 or over are reported in this statement.

Railways have been interpreted to include the following for purposes of this statement: *(i)* for Canadian National Railways—all companies owned, operated or managed by Canadian National, *(ii)* for Canadian Pacific Limited—only companies engaged in transportation, communications and hotel activities.

Non-budgetary assistance represents the net increase or decrease to loans, investments and advances.

Budgetary assistance represents a charge to budgetary appropriations which affect the annual deficit or surplus of the Government.

(s) Statutory authority.

(1) Cumulative land grants given to Canadian National Railway System including predecessor and affiliated companies and to Canadian Pacific Railway Company and other companies included in that system are 5,728,912 and 32,848,477 acres respectively.

(2) Total shares issued: 93,000 no par value common shares.

(3) Controlled by Canadian National Railway.

(4) Controlled by Canadian Pacific Limited.

Losses of $1,000 or more

This statement provides details of losses of $1,000 or more which occurred in the current year, and which were due to accidental destruction of, or damage to, assets which would normally be covered by insurance had insurance existed. The Government, being self-insured, absorbs losses when they occur.

[1] The amounts reported in this column represent interest unless otherwise indicated.

[2] The amounts reported in this column represent the closing balances of asset accounts as at March 31, 1991. They generally do not represent amounts of principal on which interest is calculated and/or dividends paid.

Travel expenses of ministers and parliamentary secretaries

This statement provides details of the travel expenses of ministers and parliamentary secretaries incurred in the current year while on official departmental business. For the purpose of this statement, travel expenses include transportation, accommodation, meals and other expenses. The following items are excluded from this statement:

- travel expenses of ministers' staff, or of other persons travelling with ministers and parliamentary secretaries;
- hospitality costs extended on behalf of the Government where it is considered to be essential, as a matter of courtesy, or to facilitate the conduct of Government business;
- travel expenses of Members of the House of Commons serving on various parliamentary committees; and
- any moving, transportation and travel expenses paid for by the House of Commons on behalf of its Members.

Recoveries from responsible third parties (subrogation)	1,875,869		1,875,869
Overpayment of compensation recovered from claimants	11,444		11,444
Penitentiary inmates compensation recovered	58,463		58,463
	44,154,662	2,814,687	46,969,349
Net expenditures	30,386,578	10,137,932	40,524,510

[1] Includes the net payments of compensation respecting:
(a) Government employees (Government Employees Compensation Act);
(b) merchant seamen (Merchant Seamen Compensation Act); and,
(c) employees of mines now operated by Cape Breton Development Corporation who contracted silicosis prior to acquisition of mines by the Corporation.

[2] Represents the federal Government's net share of administration expenses of provincial boards.
The claims of Federal employees eligible for compensation are dealt with and paid by the provincial workers' compensation boards from funds advanced by the federal Government. Claims of employees resident in the Northwest Territories are processed by the WCB of Alberta.

THE PRESIDENT'S MESSAGE

I am pleased to present the eighth consolidated *Annual Report to Parliament on Crown Corporations and Other Corporate Interests of Canada.*

Reporting to Parliament on the affairs of Canada's Crown corporations is an essential part of the accountability framework established under Part X of the *Financial Administration Act* (FAA). This *Annual Report to Parliament* is the principal means by which the government informs Canadians about its corporate holdings. It presents comprehensive information on the mandate, performance and financial data for all parent Crown corporations and their wholly-owned subsidiaries. Information is also presented on the other corporate interests of Canada, such as entities owned jointly with another level of government or the private sector, membership interests, and international organizations.

In my 1990 report, I indicated that considerable progress had been made in more effectively managing our Crown corporations. The need to improve productivity and better manage scarce resources was recognized as a major goal for both corporate executives and government. Significant progress was made in 1990-91 towards achieving this goal and this progress reflects the government's commitment to good expenditure management. A few of the achievements in 1990-91 are discussed below.

Highlights of Achievements in 1990-91

- amendments to the *Financial Administration Act* were enacted to reinforce an effective management relationship between Crown corporations and government and to strengthen their accountability to Parliament;
- the House of Commons approved legislation providing for the wind-up of four parent Crown corporations (Canadian Livestock Feed Board, Canadian Patents and Development Limited, Harbourfront Corporation, and Mingan Associates, Ltd.); and the change of status of two parent Crown corporations (Canada Harbour Place Corporation and Canada Museums Construction Corporation Inc.);
- the government initiated the privatization of Petro-Canada, and sold 19.5 per cent of the corporation to the private sector. The initial public share offering was completed in July 1991;
- in the 1991 federal Budget, the government announced that it will sell its shares in Telesat Canada, sell CN's oil and gas division, CN Exploration, and wind up Petro-Canada International Assistance Corporation;
- improved operating efficiencies led to a reduction of approximately 6,000 employees on Crown corporation payrolls since 1989-90;
- financing required from the Government of Canada by means of budgetary funding increased only marginally in 1990-91. Over the last five years, this funding has declined by about $0.5 billion or 11 per cent, in 1986 constant dollars;
- financing required through borrowings from the Government of Canada continued to decrease in 1990-91. Over the last five years, there has been a decline of $2.3 billion (in current dollars) or 14 per cent, in the indebtedness of Crown corporations to the Government of Canada;
- Crown corporation profits increased substantially to reach $503 million. Dividends and other contributions to the Government of Canada increased by 41 per cent over the previous year, reaching $210 million in 1990-91.

Further details of these and other developments are presented in Part I Section I of this report, **Overview of the Crown Corporation Portfolio.**

Additional Information in This Report

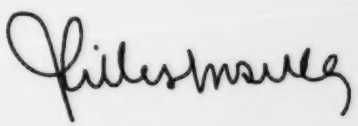
Pursuant to the amendments to the *Financial Administration Act* passed into law on May 8, 1991, my previous *Quarterly Report to Parliament on Tablings of Summaries and Annual Reports for Crown Corporations* is now required to be presented annually. This information appears in Part II of this report.

Continued Commitment to Effective Management

Solid progress has been made in promoting sound management of Canada's corporate interests. Moreover, the recent changes to Part X of the FAA will help build on the momentum achieved thus far.

In light of the current fiscal framework, Crown corporations have also been asked, as employers, to comply with the spirit of the government's wage restraint policy. Moreover, the Chief Executive Officers and chairpersons of Crown corporations will see their salaries frozen in 1991-92 and will not receive performance pay for this period.

Crown corporations will continue to play an important role in Canada's economy and public life, not only by delivering key goods and services, but through their important contributions to our national identity. As we face the difficult challenges of the 1990s, our Crown corporations must continue to accomplish their public policy goals through the most cost-efficient means. Their current contribution to federal deficit reduction will help us ensure a prosperous future for all Canadians.



Gilles Loiselle

Ottawa, Ontario
November 8, 1991

INTRODUCTION

The President of the Treasury Board's Annual Report to Parliament

The President of the Treasury Board's Annual Report to Parliament summarizes the businesses and activities of all parent Crown corporations and the other corporate interests of the Government of Canada. It includes listings of all Crown corporations and of all corporations of which any shares are held by, on behalf of, or in trust for the Crown or any Crown corporation. In addition to individual audited financial statements for the parent Crown corporations, aggregated employment and financial data, including borrowings of parent Crown corporations, and other information are provided. The Report is divided into four parts:

Part I provides consolidated financial data on all parent Crown corporations, as reported by them at their financial year-end falling on or before July 31, 1991. It also provides other corporation-specific and aggregated information and lists the subsidiaries of Crown corporations. This year, an overview of the portfolio of parent Crown corporations has been added.

Part II reports on the tablings in Parliament of corporate plan and budget summaries and annual reports for each parent Crown corporation.

Part III lists all other corporate interests of Canada other than Crown corporations, and provides supplementary information about them.

Part IV contains the audited financial statements for each of the parent Crown corporations.

The Report responds to Sections 151(1) and 152(1) of Part X of the *Financial Administration Act*. During the upcoming year the advantages of releasing the Annual Report as a separate publication to replace Volume III of the Public Accounts will be evaluated. This year, it is being tabled as a separate Annual Report to Parliament and will also be included as Volume III of the Public Accounts of Canada which are referred to the Standing Committee on Public Accounts for review.

Statement of Responsibility

This Annual Report to Parliament on Crown Corporations and Other Corporate Interests of Canada is prepared under the direction of the President of the Treasury Board by the Crown Corporations Directorate of the Department of Finance and Treasury Board Secretariat. It responds to requirements of the *Financial Administration Act* that a consolidated report on the businesses and activities of parent Crown corporations, including information on all Crown corporations and other corporate interests of Canada, be tabled in Parliament.

PART I

BUSINESSES AND ACTIVITIES OF PARENT CROWN CORPORATIONS

PART I

BUSINESSES AND ACTIVITIES OF PARENT CROWN CORPORATIONS

Introduction

Part I of this Annual Report is a compilation of the financial affairs of 58 parent and three acting parent Crown corporations at their financial year-ends, including:

- the 50 parent Crown corporations contained in the listings of Schedule III of the FAA, that is, 35 in Part I and 15 in Part II;
- eight parent Crown corporations which, by s. 85(1) of the FAA, are exempt from the provisions of divisions I to IV of Part X of the FAA.
- three subsidiaries of listed corporations which, by Orders pursuant to s. 86(2) of the FAA, report their affairs as if they were parent Crown corporations: Canada Lands Company (Mirabel) Limited, Old Port of Montreal Corporation Inc., and Petro-Canada International Assistance Corporation.

It consists of four sections:

1. **Overview of the Crown Corporation Portfolio**

   - The **Overview of the Crown Corporation Portfolio** identifies the industries within which the corporations operate, and presents a summary of the major events affecting Crown corporations during the past year including an assessment of underlying trends and performance.

2. **Summary Financial Information and Employment Data**

   - **Table 1** presents financial and employment data for each parent Crown corporation as at the corporation's year-end.
   - **Table 2** provides data on the net earnings (loss), cash flow and financing activities as at each parent Crown corporation's year-end.
   - **Table 3** compares the financial position of parent Crown corporations with the total recorded investment of government as at March 31, 1991, the federal government's fiscal year-end. The table segregates Canada's investments into loans and advances, and investment in these corporations.

     Note: The Bank of Canada is excluded from the summary tables because of the unique nature of its operations.

3. **Summary Pages for each Parent Crown Corporation**

   - This section contains a summary page for each parent Crown corporation. Each page summarizes the corporation's financial performance for the past five years, and presents basic information about the corporation's mandate and background, along with general corporate data.

4. Listings of Crown Corporations and their Investments

The *Financial Administration Act* states that the Report of the President shall include a list naming, as of a specified date, **all Crown corporations** of which any shares are held by, on behalf of, or in trust for the Crown or any Crown corporation.

- The **Statistical Summary of Crown Corporations and their Investments** presents the number of parent Crown corporations, subsidiaries and associates on a comparative basis with those of the previous year.

These listings are grouped as:

- **Listings of Parent Crown Corporations with their Wholly-owned Subsidiaries, Other Subsidiaries and Associates**. Any change in the status of these corporations between their respective corporate year-ends and July 31, 1991 is noted in a footnote.

- **Changes to the Listings During the Year** shows the names of parent Crown corporations and changes in their holdings, e.g, subsidiaries and associates deleted or added to the listings, since the last Annual Report. The changes are measured from their previous corporate year-end.

1. OVERVIEW OF THE CROWN CORPORATION PORTFOLIO

The following section presents a current and retrospective review of the structure, performance and activities of the parent corporations in the federal Crown corporation portfolio.

I SECTORAL OVERVIEW

CHART A, Portfolio of Parent Crown Corporations by Sector, presents the individual Crown corporations in the portfolio in relation to seven sectors of the economy: transportation, energy and resources, agriculture and fisheries, development and construction, government services, culture, and financial intermediaries. The portfolio consists of 58 parent corporations, and three Crown corporations -- Canada Lands Company (Mirabel) Limited, Old Port of Montreal Corporation Inc., Petro-Canada International Assistance Corporation -- that have been directed to report as parent corporations.

In aggregate, Crown corporations' total assets of $80.5 billion in 1990-91 were concentrated in the government services and finance sectors, which together accounted for 67 per cent of the total. Excluding the Bank of Canada, total assets amounted to $55.3 billion.

Total employment stood at 134,803 for the 1990-91 reporting period, and was concentrated in the transport and government services sectors which together accounted for 72 per cent of the total. Canadian National Railway Company (CN) in the transport sector and Canada Post Corporation, in government services, provided over 62 per cent of all Crown corporation employment during this period.

II PORTFOLIO RATIONALIZATION

The 1991 federal Budget reaffirmed the government's commitment to privatization and announced that future net proceeds from the sale of Crown corporations would go to the Debt Servicing and Reduction Account, which will be used for deficit reduction.

In the twelve-month period ending July 31, 1991, the government:

- announced in the February 26, 1991, Budget its intention to sell CN's oil and gas operation, CN Exploration;
- announced on June 11, 1991, its intention to accept an offer for the sale of Nordion International Inc.;
- completed the sale of over 42 million shares of Petro-Canada at $13 each on July 3, 1991;
- completed the sale of 10.4 million shares of Cameco Corporation at $12.50 each on July 11, 1991.

As well, the government tabled Bill C-38, the *Telesat Canada Reorganization and Divestiture Act* on October 23, 1991, to sell its shares in Telesat Canada. The government is also seeking a purchaser for Theratronics International Limited.

Bill C-8, *The Crown Corporations Dissolution or Transfer Authorization Act*, which was passed by the House of Commons and referred to the Senate in May 1991, provides for a change in status for six Crown corporations: four Crown corporations -- the Canadian Livestock Feed Board, Canadian Patents and Development Limited, Harbourfront Corporation and Mingan Associates, Ltd. -- will be wound up and the ownership of Canada Harbour Place Corporation and the Canada Museums Construction Corporation Inc. will be transferred to other federal entities. The 1991 Budget also announced that Petro-Canada International Assistance Corporation would be wound up.

Since the May 1985 federal Budget, which announced the government's intention to privatize Crown corporations and other holdings no longer requiring public ownership, twenty privatization initiatives have been undertaken and nine corporations have been wound up.

LEGEND

† The Local Port Corporations include: Halifax; Montreal; Prince Rupert; Quebec; Saint John; St. John's and Vancouver. The Pilotage Authorities are the Atlantic, Great Lakes, Laurentian and Pacific authorities.

✓ Subsequent to the corporate year-end of Petro-Canada (December, 1990), an initial public offering was completed on July 3, 1991 for 19.5% of the corporation. The corporation is therefore no longer a parent Crown corporation as of this date.

‡ Petro-Canada International Assistance Corporation, a wholly-owned subsidiary of Petro-Canada Limited, was requested by Order in Council to report as if it were a parent Crown corporation. The 1991 federal Budget announced that it would be wound up.

★ Bill C-8 will provide for a change in status for these six corporations: the wind up of four corporations and transfer of ownership of two more to other entities.

~ Canada Lands Company (Mirabel) Limited and Old Port of Montreal Corp. Inc., wholly-owned subsidiaries of Canada Lands Company Limited, were requested by Order in Council to report as if they were parent Crown corporations. As of March 31, 1991, the former corporation ceased operations as its mandate has now been fulfilled and is therefore no longer acting on this basis.

b billions of dollars

III ENHANCING FINANCIAL AND OPERATING PERFORMANCE: A FIVE-YEAR RETROSPECTIVE

Employment

CHART B, Employment, illustrates the decline in full-time Crown corporation employment during the last five years, from 183,000 in 1986-87 to about 135,000 in 1990-91, a decrease of 26 per cent. This reduction results from two key elements of the government's fiscal agenda -- the privatization or dissolution of corporations no longer fulfilling public policy objectives, and increased operational efficiencies in Crown corporations. Approximately 58 per cent of the net decline in Crown corporation employment over the last five years is attributable to privatization and 42 per cent to efficiency gains. Efficiency gains led to employment reductions of 6,000 among the Crown corporations since 1990.

Profits and Cash Flow

Fifteen of Canada's Crown corporations operate in a commercial and competitive environment. They are listed under Part II of Schedule III of the *Financial Administration Act* (FAA). Despite the impact of the recession, these commercial parent Crown corporations generated profits of $227 million in 1990-91, compared to $137 million in 1989-90, and maintained a cash flow of $1.2 billion in 1990-91 consistent with 1989-90.

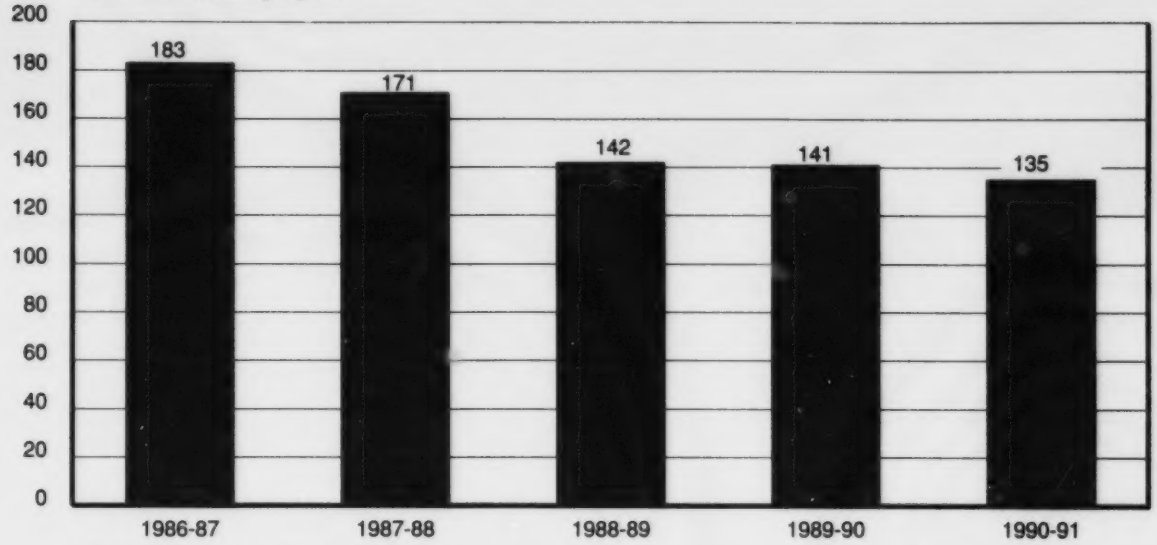
Dividends

Dividends and other contributions to Canada paid or declared by Crown corporations in 1990-91 totalled $210 million, an increase of 41 per cent over the previous year. Of the fifteen commercial Crown corporations, which normally would be expected to generate profits, twelve paid dividends or made other contributions to Canada in 1990-91 compared to nine corporations in 1989-90. The largest contributions were made by: Canada Ports Corporation and the Local Ports Corporations ($98 million); Canada Post Corporation ($60 million); and Petro-Canada ($35 million).

Budgetary Payments from Canada

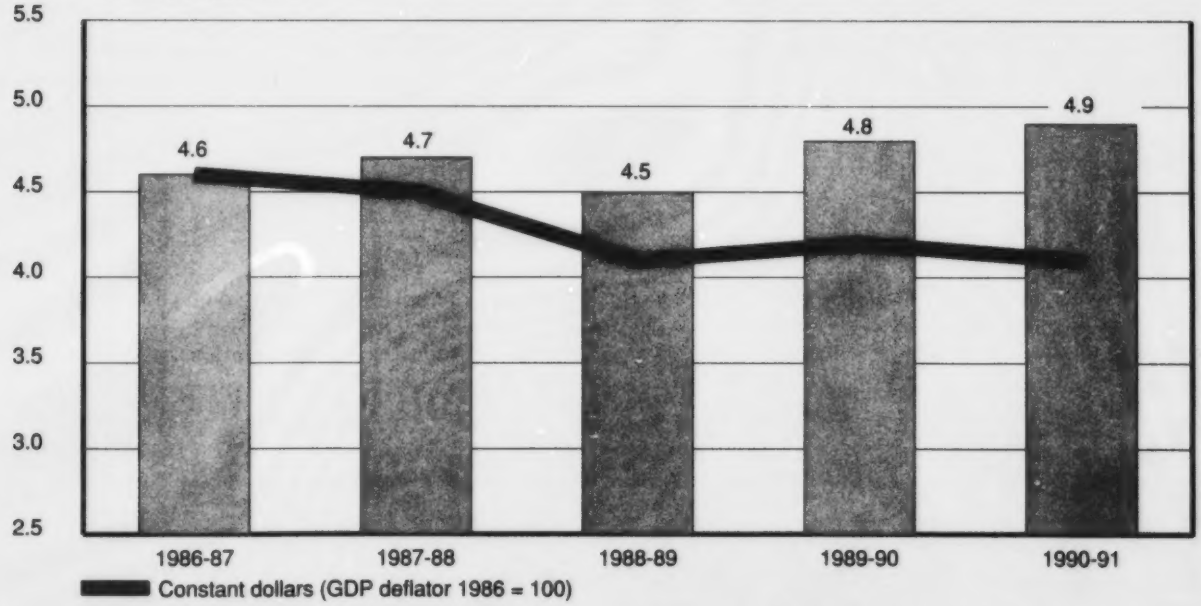
Thirty-eight parent Crown corporations received appropriations from Canada to cover program costs or capital expenditures in 1990-91. As a whole, payments to these corporations increased marginally by 1 per cent in 1990-91 to $4.9 billion from $4.8 billion in 1989-90, as depicted in **CHART C, Budgetary Appropriations.** Over the last five years, budgetary funding, in 1986 constant dollars, has declined by 11 per cent.

Chart B : **EMPLOYMENT***
1986-87 TO 1990-91
in thousands of employees



* Includes Bank of Canada employment
Source: Annual reports of Crown corporations and other sources.

Chart C : **BUDGETARY APPROPRIATIONS**
1986-87 TO 1990-91
in billions of dollars



Source: Audited financial statements of Crown corporations, found in part IV of this report.

Borrowings

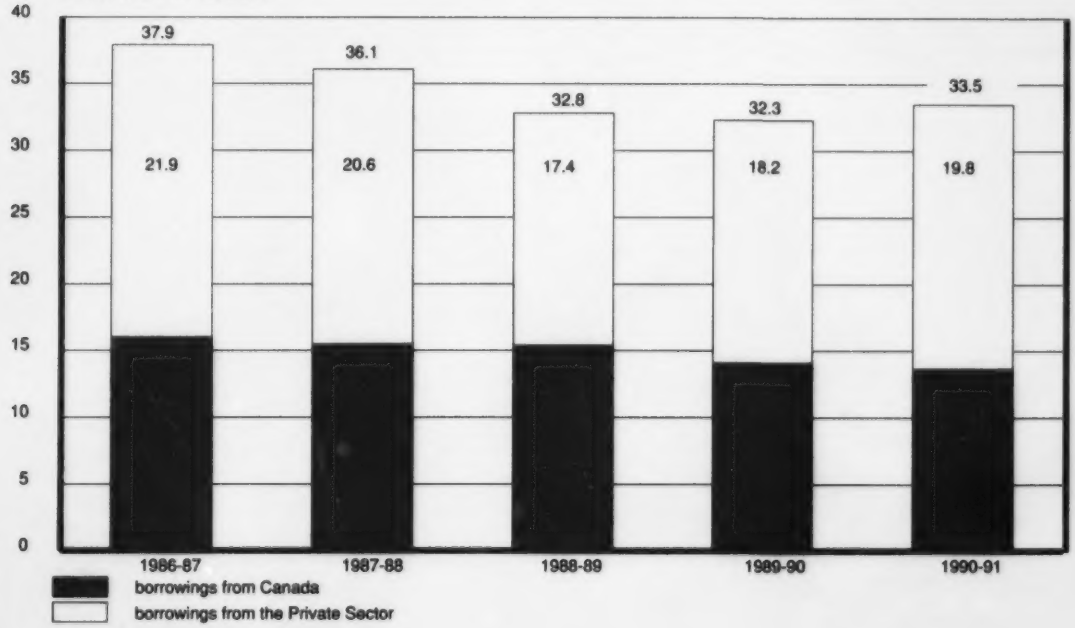
CHART D, Total Borrowings by Crown Corporations, illustrates that, over the last five years, total borrowings outstanding by Crown corporations have declined to $33.5 billion in 1990-91, a 13 per cent decline from the level of $37.9 billion in 1986-87. Borrowings from Canada continued their downward trend, from $16 billion in 1986-87 to $13.7 billion in 1990-91.

Government of Canada's Investment

Canada's financial interest in Crown corporations at March 31, 1991, was $22.4 billion (before a consolidation adjustment and allowance for valuation). Over the last five years, loans, investments and advances by the government to Crown corporations have decreased by $ 3.0 billion or 12 per cent. Further details may be found in Volume I of the *Public Accounts of Canada*, Section 6.

Chart D : **TOTAL BORROWINGS BY CROWN CORPORATIONS***
1986-87 TO 1990-91

in billions of dollars



* Excluding Bank of Canada.

Source: Audited financial statements of Crown corporations, found in part IV of this report.

IV SELECTED CORPORATE HIGHLIGHTS

Highlights of significant corporate developments during 1990-91 include:

Atomic Energy of Canada Limited (AECL) announced a new contract at the end of 1990 with the Korea Electric Power Corporation to build a new nuclear power reactor, Wolsung 2. This will involve twinning the existing Wolsung 1 with another 600 MW unit. The project will require $400 million in Canadian design, engineering and equipment, the bulk of which will come from the private sector. During 1990, AECL was invited to negotiate with Romania for a new contract to complete the first of its partially-built Candu reactors.

Canada Deposit Insurance Corporation continued to reduce the deficiency in the Deposit Insurance Fund, from a deficit of $0.85 billion in 1989 to $0.6 billion in 1990 -- an improvement of 25 per cent. Over the last five years, the deficiency has come down by 48 per cent, from a high of $1.25 billion in 1986. The corporation's objective is to eliminate the Deposit Insurance Fund deficit by 1994.

Canada Development Investment Corporation (CDIC): In July 1991, Cameco Corporation, which was 38.5 per cent owned by Canada Eldor Inc., (a CDIC subsidiary), and the Government of Saskatchewan (61.5 per cent) through the Saskatchewan Mining and Development Corporation, undertook an initial public offering of 20 per cent of its shares. The intention is to sell the remaining shares to the public by 1995, market conditions permitting. Canada Development Investment Corporation also commenced the sale processes for Nordion International Inc. and Theratronics International Limited during 1990-91.

Canada Lands Company (Mirabel) Limited ceased operations on March 31, 1991. Steps are being taken to dissolve the corporation as its mandate has now been fulfilled. As of April 25, 1991, it will no longer report as an acting parent Crown corporation.

Canada Mortgage and Housing Corporation (CMHC) has continued to assist in providing affordable, suitable and adequate shelter for Canadians. Its commitment to assist 42,000 new social housing units in 1990-91 brought the total number of housing units receiving subsidies to over 640,000. In addition, its Mortgage Insurance Fund continued to assist private sector market housing and operated on a self-sufficient basis, earning $117 million of net income during 1990 and increasing its year-end surplus to $164 million.

Canada Ports Corporation and the seven Local Port Corporations reported record revenues of $180 million from their operations in 1990. Part of the increase can be attributed to a rebound in the volume of grain handled across the Ports Canada system after the slump brought on by the 1988-89 drought. Traffic volumes were up at most of the Ports Canada ports, most noticeably at Vancouver, Québec and Montreal. In the 1990 federal Budget, the government requested that Canada Ports Corporation and the Local Port Corporations pay dividends of about $100 million as a contribution towards federal deficit reduction in 1990. This contribution was received in 1990-91.

Canada Post Corporation recorded a $14 million profit for 1990-91, the third consecutive profitable year for the corporation, and paid a dividend to the government of $60 million in 1990-91 and subsequently $5.7 million in June 1991. Nearly 10 billion pieces of mail were delivered in 1990-91, an increase of 6 per cent from 1989-90, and 97 per cent of properly-prepared letter mail was delivered on time.

Canadian Broadcasting Corporation (CBC) undertook a corporate reorganization to remove unnecessary duplication, delegate responsibility and accountability, and foster more efficient and effective management. In the process, the 1990-91 budget was reduced by $35 million. A further restructuring and expenditure reduction plan was announced on December 5, 1990 in order to meet a projected $108 million shortfall in fiscal year 1991-92. The measures included restructuring regional television services, ceasing local production in three television stations and downsizing eight others, recovering the cost of carrying the Parliamentary channels and Radio Canada International, and reducing the work force by approximately 1,100 positions.

Canadian National Railway Company (CN): The corporation's net income declined to $7.7 million from $205.8 million in 1989. This was attributable to the economic downturn, lower export trade by many railway customers, and continuing competition from the trucking industry. Despite this, the company did succeed in further reducing its long-term debt during 1990, from $1.87 billion to $1.76 billion.

The ***Export Development Corporation*** (EDC) and Canadian exporters faced difficult circumstances during 1990 due to a slowdown in world economies, the Persian Gulf crisis and aggressive use of concessional financing by other exporting countries. Debt problems in developing countries resulted in a $304 million increase in EDC's non-performing loans. In spite of this, EDC increased its business volume by 7 per cent to $6.1 billion, and after providing $96 million for loan losses and insurance claims, earned a small profit of $6.3 million compared to a loss in the previous year of $198.8 million.

Farm Credit Corporation (FCC) continues to manage its recovery in the midst of on-going challenging business conditions. In accordance with its 1988 Recovery Plan, $200 million of Consolidated Revenue Fund debt was converted to equity in 1990-91, in addition to the $600 million converted the previous year. The Recovery Plan contributed to improved financial performance resulting in a net income of $20 million for 1990-91, its first profit since 1981-82. The Corporation is making progress in reducing arrears by working cooperatively with farmers and the Farm Debt Review Boards.

Marine Atlantic Inc. held its 1990-91 operating subsidy at $120 million, without reductions in service to the public. This was achieved largely through greater operating efficiency and productivity improvements, including a reduction of 100 employees, mostly at head office.

Museums: On July 1, 1990, the *Museums Act* established four new parent Crown corporations (the ***Canadian Museum of Civilization, Canadian Museum of Nature, National Gallery of Canada***, and ***National Museum of Science and Technology***). Previously, all four had been part of the National Museums Corporation. The corporations released their first annual reports and audited financial statements for the nine-month period ending March 31, 1991.

Petro-Canada's net income increased to $181 million in 1990 from $20 million in the previous year, while its cash flow rose by 37 per cent to $621 million. This improvement was aided by the rise in oil prices following the 1990 invasion of Kuwait, to an average of U.S. $24.50 per barrel from U.S. $19.58 per barrel in 1989. Other significant events during the year included the acquisition of ICG Propane Inc. and the start of construction on Hibernia in which the company has a 25 per cent interest. In July, 1991 the first tranche of Petro-Canada's privatization was completed with the sale of 19.5 per cent of Petro-Canada's shares for total proceeds of $546 million. Petro-Canada strengthened its capital structure by using the net proceeds of the initial public offering to reduce its short-term debt.

The ***Royal Canadian Mint*** (RCM) continued to report profits, and ended 1990 with net income of $10.4 million, a 33 per cent increase from the $7.8 million reported in 1989. During 1990, the RCM paid dividends totalling $2.3 million to the Government of Canada (based on 1989 earnings).

VIA Rail Canada Inc.: During the past year, VIA operated a smaller, restructured network at reduced cost to the taxpayer. At the same time, improvements in productivity, performance and quality of service were realized. VIA received $382 million in budgetary payments during 1990, compared to $532 million in the previous year.

V GOVERNMENT POLICIES AFFECTING CROWN CORPORATIONS

As instruments of public policy, Canada's Crown corporations are expected to comply with the spirit of the government's broader policies. In particular, Crown corporations are required to implement two government policies: official languages and employment equity.

With respect to **official languages**, the Treasury Board Secretariat is working jointly with Crown corporations to ensure implementation of the *Official Languages Act* adopted in 1988, most notably through official languages agreements. A total of $2.6 million was allocated (under the terms of section 109 of the *Official Languages Act*) to projects developed by Crown corporations in 1990-91. Designed to assist Crown corporations to meet their obligation to create a workplace conducive to the use of both English and French as languages of work in prescribed areas of the country, the program has funded projects totalling over $10 million in the three years since the promulgation of the Act. The President of the Treasury Board tables an Annual Report to Parliament on the status of official languages programs in all federal institutions, including Crown corporations.

As regards **employment equity**, Crown corporations and other federally regulated employers with 100 employees or more are required under the *Employment Equity Act* to implement employment equity and to report annually on the results to the Minister of Employment and Immigration. Detailed statistical data on employment equity in Crown corporations and other federally regulated business organizations are published in the **Annual Report to Parliament on Employment Equity**, tabled by the Minister of State for Employment and Immigration.

On March 31, 1991, the Treasury Board Secretariat completed its six-year project of assisting and advising Crown corporations in the development, implementation and analysis of employment equity strategies. Moderate progress has been made in increasing the representation of the four designated groups -- women, visible minorities, persons with disabilities and aboriginal peoples -- over the six-year period. Although Crown corporations are no longer required to provide an annual employment equity action plan to the Treasury Board, the requirement to report under the *Employment Equity Act* remains in place.

2. Summary Financial Information and Employment Data

Financial Information and Employment Data: Description of Tables 1 and 2

Tables 1 and 2, summarize financial data, including employment and aggregate borrowings by corporations, as of their financial year-ends,falling on or before July 31, 1991, in accordance with the requirement in subsection 151(3)(b) of the *Financial Administration Act* (FAA). The year-ends of the corporations vary (i.e. March, April, July, August and December) and the data for individual corporations is from the most current year-end on or preceding July 31. The audited financial statements for each Crown corporation, from which the data was extracted, are found in Part IV of this report.

Reporting of data is based on the following definitions:

- **Liabilities** (current and long-term) include obligations (defined as short-term and long-term borrowings and capital leases) and other liabilities (accounts payable, accruals, and deferrals and other). The sum of current and long-term liabilities is the total liabilities.
- **Shareholder's Equity** represents the equity of Canada. For some corporations, the excess of assets over liabilities is not deemed to be Equity of Canada because of the nature of their operations.
- **Employment** is the number of employees as at the financial year-end of the corporation. The data relate to full-time employment in all parent Crown corporations listed in the *Financial Administration Act* and their wholly-owned subsidiaries at corporate year-end, as provided by the corporations.
- **Net Earnings (Loss)** is after taxes, where applicable, and all extraordinary items. In some cases, net earnings (loss) is "Excess of Parliamentary appropriation over cost of operations".
- **Cash Flow** from operations is defined as Net Earnings (Loss) from operations plus or minus items not requiring cash outlay for example, depreciation, amortization, gain on disposal of assets, etc.
- **Changes to Obligations,** also called changes in net borrowings, includes changes during the financial period in outstanding long-term and short-term borrowings and capital leases.
- **Budgetary Funding from Canada** comprises Parliamentary appropriations given to the parent Crown corporations and their wholly-owned subsidiaries for capital and operating purposes. Payments for which a class or kind of recipient is eligible are excluded from these data. (An example of such an exclusion is payments to railways under the *Maritime Freight Rates Act*).

Comparison of Financial Position With Recorded Investment of Government: Description of Table 3

This table compares the financial position of each parent Crown corporation with the total recorded investment of the government in these corporations as at March 31, 1991, the government's year-end. The information is drawn from Volume I of the Public Accounts of Canada and is based on the financial statements for each Crown corporation. Since more than one-half of the corporations have other than March 31 year-ends, most of the data have been obtained from unaudited financial statements.

Reporting of data is based on the following definition:

- **Loans and Advances, and Investments** represent amounts recorded as assets (financial claims represented by debt instruments and ownership interests) in the accounts of Canada.

Table 1

FINANCIAL POSITION AND EMPLOYMENT OF PARENT CROWN CORPORATIONS

— = not applicable

Notes to Tables 1, 2 and 3

Tables 1, 2 and 3

1. Petro-Canada International Assistance Corporation and two subsidiaries of Canada Lands Company Limited (Canada Lands Company (Mirabel) Limited and Old Port of Montreal Corporation Inc.) are shown amongst Schedule III-I corporations since, though not scheduled, they had been directed, pursuant to section 86(2) of the FAA, to report their affairs as if they were Schedule III-I parent Crown corporations. Canada Lands Company (Mirabel) Limited ceased acting as a parent Crown corporation on April 25, 1991 with completion of its mandate on March 31, 1991.

2. While the accounts of Petro-Canada International Assistance Corporation are included in Petro-Canada Limited's consolidated financial statements, they are reported separately (see also note 1).

3. Four wholly-owned subsidiaries have been added to the tables because their financial status is not consolidated with their parent Crown corporation: Canada Lands Company (Vieux-Port de Québec) Inc., Canertech Inc., The Jacques Cartier and Champlain Bridges Incorporated, and The Seaway International Bridge Corporation, Ltd. The financial statements for Canertech Inc. for the nine months of 1990 were not available at time of printing. The corporation was dissolved November 2, 1990.

4. The Bank of Canada is excluded from these Tables due to the unique nature of its operations. The corresponding data (in millions for dollar figures) for the Bank of Canada is as follows:

   - Table 1: total assets, $25,274.5; total liabilities, $25,244.5; shareholder's equity, $30.0; employment, 2,301.
   - Table 2: net earnings, $2,408.5; cash flow, not applicable; total changes to obligations, $494.9; budgetary funding, nil.
   - Table 3: total assets, $23,453.0; private sector borrowings and other liabilities, $23,131.8; Government liabilities, $291.2; total liabilities, $23,423.0; loans and advances, nil; equity investment, $5.9; total recorded Government investment, $5.9.

   Note: net earnings are paid to the Receiver General for Canada.

5. Financial variables for Petro-Canada Limited are included in Petro-Canada's figures.

Table 1

6. Employment data differ from those published by Statistics Canada in its Public Sector Employment and Renumeration. With respect to Petro-Canada, the comparable employment figure for the previous corporate year-end is 8,797, as reported in its annual report. Employment data for the four pilotage authorities include contract pilots and those for Marine Atlantic Inc. include part-time and seasonal staff. Data for the Canada Development Investment Corporation relate to the parent Crown corporation only.

7. The shareholder's equity for Canada Deposit Insurance Corporation represents the position of the Deposit Insurance Fund.

Table 2

8. Canada Post Corporation received cultural and special mail subsidies totalling $148.5 million from the Department of Communications which are not included in the budgetary funding total. Last year, this subsidy was $240 million.

Table 3

9. Data for this table have been extracted from Sections 5 and 6 of Volume I of the Public Accounts 1990-91.

10. The total Recorded Investment of Government of $22,387 million is reduced by a consolidation adjustment of $666 million and an allowance for valuation of $5,650 million to give a net total investment of $16,071 million. The adjustment for the consolidation is for the loans, investments and advances in Atomic Energy of Canada Limited, Canadian Broadcasting Corporation, Canadian National (West Indies) Steamships, Ltd., Harbourfront Corporation, Mingan Associates, Ltd., VIA Rail Canada Inc., and other Crown corporations since they are part of the Government's reporting entity. Details are provided in Volume I of the Public Accounts of Canada.

11. These corporations are consolidated in Volume I of the Public Accounts as they are recognized for accounting purposes as part of the Government's reporting entity.

* *Figures may not equal total due to rounding.*

3. Summary Pages for Each Parent Crown Corporation

A Summary Page is presented for each Parent Crown corporation and for the three subsidiaries that report their affairs as if they were parent Crown corporations.

Each Summary Page includes basic information about a corporation's mandate, origins, present status, and names the senior officers, closest to the time of printing, as well as a summary of financial information at each Crown corporation's year-end.

Financial Summary Definitions

FINANCIAL POSITION:

- **Total Assets**: represents all assets reported by the corporation in its audited financial statements.
- **Obligations to the Private Sector**: short-term borrowings, long-term borrowings, capital leases plus any other debt-like instrument.
- **Obligations to Canada**: short-term borrowings, long-term borrowings, capital leases, and other debt-like instruments. Amount does not include deferred Parliamentary appropriations (budgetary funding).
- **Shareholder's Equity**: represents the equity of Canada. For some corporations, the excess of assets over liabilities is not deemed to be Equity of Canada because of the nature of their operations.

OPERATIONS:

- **Revenues**: includes revenues from all sources generated by the corporation. The amount includes income from: commercial activities, interest income, other income such as gain on sale of assets, and Parliamentary appropriations where these are specifically included in revenues.
- **Net Income (Loss)**: is after taxes, where applicable, and all extraordinary items. It includes Parliamentary appropriations (budgetary funding) where the corporations have included these in earnings. In some cases, Net Income (Loss) is "Excess of Parliamentary appropriations over cost of operations".
- **Cash Flow** from operations: is defined as Net Income (Loss) from operations plus or minus items not requiring cash outlay for example, depreciation, amortization, gain on disposal of assets, etc. Cash flow would also include Parliamentary appropriations (budgetary funding) where the corporation includes these in the computation of net income.

RECEIVED FROM/PAYMENTS TO CANADA:

- **Budgetary Funding**: comprises Parliamentary appropriations given to the corporations for capital and operating purposes and includes amounts paid directly to its subsidiaries unless the subsidiary reports separately from the parent. Payments for which a class or kind of recipient is eligible are excluded from these data. (An example of such an exclusion is payments to railways under the *Maritime Freight Rates Act*).
- **Loans and Investments**: represents loans and/or capital invested by the Government of Canada.
- **Loan Repayments**: payments made during the year by the corporation to the Government of Canada on loans outstanding at the year-end of the corporation.
- **Dividends**: are dividends paid by the corporation to the Government of Canada during the fiscal year of the corporation. Figure includes cash recoveries from Canada (where applicable), and other types of payments/contributions made to Canada.

ATLANTIC PILOTAGE AUTHORITY

MANDATE

To establish, operate, maintain and administer a safe and efficient pilotage service within designated waters in and around the Atlantic provinces.

BACKGROUND

Established in 1972, the Authority provides pilotage services to the Atlantic region. With the approval of the Governor-in-Council, it has the power to make regulations in order to meet its objectives. These regulations may prescribe the establishment of compulsory pilotage areas; the ship or classes of ships which are subject to compulsory pilotage; the circumstances under which compulsory pilotage may be waived; the tariffs or pilotage charges; and the classes of licences and classes of pilotage certificates that may be issued. The Authority is required to set fair and reasonable tariffs that ensure self-sustaining operations.

Appropriate Minister:	The Honourable Jean Corbeil, P.C., M.P. Minister of Transport	Incorporation:	1972; pursuant to the *Pilotage Act* (R.S.C. 1985, c. P-14)
Chairman and Chief Executive Officer:	C.R. (Ted) Worthington	Head Office:	Suite 1203 Bank of Montreal Tower 5151 George Street Halifax, Nova Scotia, B3J 1M5
		Status:	Schedule III, Part I Not an agent of Her Majesty
Auditor:	Auditor General of Canada	Department:	Transport

ATOMIC ENERGY OF CANADA LIMITED

MANDATE

To develop the utilization of atomic energy for peaceful purposes. The mandate is prescribed by s. 10 of the *Atomic Energy Control Act*, as that section read before its repeal, and by its charter and articles of incorporation.

BACKGROUND

Founded in 1952, AECL develops Candu power generating technology. It operates research and development laboratories at Chalk River, Ontario and at Pinawa, Manitoba. Three provincial utilities received federal financing for nuclear facilities through AECL and make repayments to it which are passed on to Canada. The corporation was responsible for Candu reactors built in Argentina and in Korea and is providing services related to Candu reactors under construction in Romania. Its design and engineering teams contribute to the continued improvement and development of nuclear power stations and nuclear technology in general. In 1988, the Radiochemical and Medical Products components of AECL were incorporated as wholly-owned subsidiaries (Nordion International Inc. and Theratronics International Limited) and transferred to Canada Development Investment Corporation for sale to the private sector. Enabling legislation concerning the sale of both corporations was enacted on January 30, 1990. On December 28, 1990, AECL and the Korea Electric Power Corporation signed agreements for the purchase by South Korea of a second CANDU nuclear generating station (Wolsung 2).

Appropriate Minister:	The Honourable Jake Epp, P.C., M.P. Minister of Energy, Mines and Resources	Incorporation:	February 14, 1952 under Part I of *Canada Corporations Act*; continued July 8, 1977 under the *Canada Business Corporations Act*; certificate amended July 15, 1982
Chairman:	Robert Ferchat	Head Office:	344 Slater Street Ottawa, Ontario, K1A 0S4
Chief Executive Officer:	Dr. Stanley R. Hatcher	Status:	Schedule III, Part I An agent of Her Majesty
Auditor:	Auditor General of Canada	Department:	Energy, Mines and Resources

FINANCIAL SUMMARY ($ million) Financial year ending March 31.

	1990-91	1989-90	1988-89	1987-88	1986-87
Financial Position

[1] From three lines of operations: Nuclear Power Operations, Research and Development and Decommissioning Activities. Revenues include appropriations received.
[2] Includes $70 million of revenues in Nordion and Theratronics. See Note 3 in AECL's 1988-89 Annual Report.
[3] Adjusted to remove repayments to outside parties.

BANK OF CANADA

MANDATE

The Bank of Canada is responsible for the formulation and implementation of monetary policy in Canada and acts as the government's fiscal agent. The Bank has the sole right to issue paper currency intended for circulation in Canada and it fixes the percentage of the deposit liabilities of chartered banks which they must maintain as secondary reserves. It conducts open-market operations, buying or selling securities as, in its judgement, the progress of Canada's economy requires. As fiscal agent, it handles the issue of securities of Canada and payment of related interest and principal; it also cashes and negotiates cheques drawn on the Receiver General. It administers the Exchange Fund Account and acts as agent for the government's operations in the foreign exchange market.

BACKGROUND

The Bank was created under the *Bank of Canada Act* in 1934 as Canada's central bank.

Appropriate Minister:	The Honourable Don Mazankowski, P.C., M.P Deputy Prime Minister and Minister of Finance	Incorporation:	1934, by the *Bank of Canada Act* (R.S.C. 1985, c. B-2)
		Head Office:	234 Wellington Street Ottawa, Ontario, K1A 0G9
Chief Executive Officer:	John Crow	Status:	Acts as the fiscal agent of the Government of Canada; is exempt from the provisions of Divisions I to IV of Part X of the *Financial Administration Act.*
Auditor:	Coopers & Lybrand and Peat Marwick	Department:	Finance

FINANCIAL SUMMARY ($ million) Financial year ending December 31.

	1990	1989	1988	1987	1986
Financial Position					
Total Assets	25,275	24,780	24,319	23,023	20,945
Liabilities:					
Deposits[1]	2,009	2,434	2,759	3,388	2,895
Notes in Circulation	22,970	22,093	21,032	19,447	17,911
Other[2]	266	223	498	158	108
Shareholder's Equity	30	30	30	30	30
Operations					
Revenues	2,615	2,425	2,110	2,008	2,092
Expenses, before depreciation	187	172	159	151	143
Net Revenue Paid to Canada	2,409	2,239	1,938	1,844	1,936

[1] Includes Government of Canada deposits.
[2] Includes Government of Canada liability payable in foreign currencies.

Note: The nature of the operations of a central bank makes its financial statements unique in their import. For example: the Bank's assets are mostly securities of Canada and its revenues are mostly the interest paid to it by Canada on those securities. Therefore, the substantial net income which the Bank pays to Canada is essentially the completion of a circular flow of cash, diminished by the amount of the Bank's operating expenses.

CANADA COUNCIL

MANDATE

To foster and promote the study, enjoyment and production of works in the arts and to coordinate UNESCO activities in Canada and Canadian participation in various UNESCO activities abroad, apart from political questions and assistance to developing countries.

BACKGROUND

The Council receives a Parliamentary appropriation each year for its operations. As well, it administers the $50 million Endowment Fund which was created by its Act and other funds established through private donations. It is a charitable organization for the purposes of the *Income Tax Act*.

Appropriate Minister:	The Honourable Henry Perrin Beatty, P.C., M.P. Minister of Communications	Incorporation:	1957, by the *Canada Council Act* (R.S.C. 1985, c. C-2)
Chairman:	Allan Gotlieb	Head Office:	99 Metcalfe Street Ottawa, Ontario, K1P 5V8
Chief Executive Officer:	Joyce Zemans	Status:	Exempt from Divisions I to IV of Part X of the *Financial Administration Act* Not an agent of Her Majesty
Auditor:	Auditor General of Canada	Department:	Communications

[1] Includes budgetary funding received from Canada.
[2] Outlays on grants include both the Endowment and Special Funds.

CANADA DEPOSIT INSURANCE CORPORATION

MANDATE

To provide limited insurance for deposits with federal institutions (banks, trust and loan companies) and approved provincial institutions (trust and loan companies). To promote standards of sound business and financial practices for member institutions and to promote and otherwise contribute to the stability and competitiveness of the financial system in Canada.

BACKGROUND

The corporation was established by the *Canada Deposit Insurance Corporation Act* in 1967. Member institutions pay annual premiums to the Deposit Insurance Fund to meet depositors' claims. Recent payments to depositors of insolvent financial institutions have caused this fund to have a net deficit position. Premium rates were increased in 1985.

Appropriate Minister:	The Honourable Don Mazankowski, P.C., M.P. Deputy Prime Minister and Minister of Finance	Incorporation:	1967; by the *Canada Deposit Insurance Corporation Act* (R.S.C. 1985, c. C-3)
Chairman:	Ronald McKinlay	Head Office:	Suite 1707 50 O'Connor Street P.O. Box 2340, Station D Ottawa, Ontario, K1P 5W5
Chief Executive Officer:	Jean Pierre Sabourin	Status:	Schedule III, Part I An agent of Her Majesty

[1] Represents deficiency in the Deposit Insurance Fund.

[2] Certain figures in the statement of changes in financial position for 1987 and 1986 have been reclassified, and are not comparable to 1988, 1989 and 1990.

CANADA DEVELOPMENT INVESTMENT CORPORATION

MANDATE

To effectively manage its assigned Crown corporations and investments and to privatize its holdings, when appropriate.

BACKGROUND

CDIC manages its wholly-owned subsidiaries, Canada Eldor Inc. (successor to Eldorado Nuclear Limited), Cartierville Financial Corporation, Nordion International Inc., and Theratronics International Limited. Canada Eldor held a 38.5% interest in Cameco (prior to a public offering of Treasury shares in July, 1991) and the province of Saskatchewan (through Saskatchewan Mining and Development Corporation) held 61.5%. CDIC also holds shares in Ginn Publishing Canada Inc. (51%) and Varity Corporation (1.8%). CDIC manages, on behalf of Canada, Teleglobe Canada and the government's holdings in National Sea Products Limited.

Legislation authorizing the privatization of Nordion International Inc. and Theratronics International Limited received Royal Assent on January 30, 1990. The Government announced, in June 1991, that Nordion International Inc. will be sold to MDS Health Group Limited. Negotiations are proceeding with respect to Theratronics International Limited. An initial public offering of Cameco treasury shares (20%) was completed in July 1991 at $12.50 per share. The remaining shares are expected to be sold by 1995. Canada Eldor Inc. now owns 30.8% of Cameco.

Appropriate Minister:	The Honourable John McDermid, P.C., M.P. Minister of State (Finance and Privatization)	Incorporation:	1982; by Canada Development Corporation under the *Canada Business Corporations Act.* Letters patent, May 26, 1982
Chairman:	Patrick J. Keenan	Head Office:	Suite 2703 Scotia Plaza P.O. Box 320 Toronto, Ontario, M5H 3Y2
Chief Executive Officer:	Ward C. Pitfield	Status:	Schedule III, Part II An agent of Her Majesty
Auditor:	Peat Marwick Thorne and the Auditor General of Canada	Department:	Finance

[1] The financial summary for 1990 includes the consolidation of Cartierville Financial Corporation Inc. and Canada Eldor Inc. The same entities were consolidated in 1989 and 1988. Only Cartierville was consolidated in 1987 and 1986.

[2] The financial statements of Eldorado Nuclear Limited were consolidated with those of the corporation only from October 1, 1988 onwards. (Subsequent to that year end, Eldorado's name was changed to Canada Eldor Inc.).

[3] Notes payable to Atomic Energy of Canada Limited for CDIC's purchase of the shares of Nordion and Theratronics.

CANADA HARBOUR PLACE CORPORATION

MANDATE

To manage real property and promote the presence of the federal Government at Canada Place in Vancouver, B.C.

BACKGROUND

The Corporation was incorporated in 1982 to design, construct and manage Canada Place, a facility built by the federal government as its contribution to Expo 86. The facility includes a cruise ship terminal, a hotel, an office complex, a convention centre (formerly the location of the Canadian pavilion at Expo 86) leased to the Province of British Columbia, a parking lot, and various commercial and public use areas. The government announced in the February 1990 Budget that the Corporation would be wound up and its assets transferred to another federal entity. Bill C-8, currently being considered by Parliament, provides for the wind-up and transfer of Canada Harbour Place Corporation.

Appropriate Minister:	The Honourable Jean Corbeil, P.C., M.P. Minister of Transport	Incorporation:	1982; by letters patent (no. 132316) under the *Canada Business Corporations Act*
Chairman and Chief Executive Officer:	Thomas G. Rust	Head Office:	Suite 1001 999 Canada Place Vancouver, British Columbia, V6C 3C1

CANADA LANDS COMPANY LIMITED

MANDATE

To acquire, purchase, lease, hold, improve, manage, exchange, sell, or otherwise deal in or dispose of real or personal property or any interest therein.

BACKGROUND

Formerly the Public Works Land Company Limited, the corporation has not been involved in any financial transactions. It has three wholly-owned subsidiaries: Canada Lands Company (Mirabel) Limited, Old Port of Montreal Corporation Inc., and Canada Lands Company (Vieux-Port de Québec) Inc. It also holds leases for two properties in London, England and two properties on Indian reserves in Canada. Canada Lands Company (Mirabel) Limited ceased operations March 31, 1991, and steps are being taken to dissolve it. As of April 25, 1991, it ceased to act as a parent Crown corporation.

Appropriate Minister:	The Honourable Elmer MacKay, P.C., M.P. Minister of Public Works	Incorporation:	1956; by letters patent; reorganized under the *Canada Business Corporations Act*, September 19, 1977. Certificate of Continuance under the *Canada Business Corporations Act* July 7, 1981
		Head Office:	Sir Charles Tupper Building Confederation Heights Tower F Riverside Drive Ottawa, Ontario, K1A 0M2
Chief Executive Officer:	Lawrence J. O'Toole	Status:	Schedule III, Part I An agent of Her Majesty
Auditor:	Auditor General of Canada	Department:	Public Works

FINANCIAL INFORMATION Financial year ending March 31.

The annual audited financial statements show that no value is assigned to any of its assets mainly because the accounts of its subsidiaries are reported separately and are not consolidated with those of this corporation since any increases in the equity of the subsidiaries are not likely to accrue to the parent.

CANADA LANDS COMPANY (MIRABEL) LIMITED

MANDATE

To administer, pending disposition, and sell on behalf of the Crown, properties peripheral to the Mirabel airport. The corporation has completed its mandate and ceased operations March 31, 1991.

BACKGROUND

Since July 1982, the corporation has managed the lands which the Crown had acquired for the international airport at Mirabel but which were not required for the functioning of the airport. A program for the sale of all those properties was developed and implemented by the corporation. The corporation ceased operations effective March 31, 1991. Authority has been granted in accordance with paragraphs 91(3)(b) and 91(1)(e) of the *Financial Administration Act* to dispose of all or substantially all of its assets and to proceed with its dissolution.

Appropriate Minister:	The Honourable Elmer MacKay, P.C., M.P. Minister of Public Works	Incorporation:	1981; by Canada Lands Company Limited, under the *Canada Business Corporations Act*
Chairman and Chief Executive Officer:	Jocelyne Ouellette	Head Office:	9850 Belle Rivière P.O. Box 180 Mirabel, Quebec, J0N 1S0
		Status:	A wholly-owned subsidiary of Canada Lands Company Limited. Until April 25, 1991, it had been directed to report its affairs as if it were a parent Crown corporation. An agent of Her Majesty
Auditor:	Auditor General of Canada	Department:	Public Works

CANADA MORTGAGE AND HOUSING CORPORATION

MANDATE

To promote the improvement of housing and living conditions, the construction of new houses and the repair and modernization of existing houses.

BACKGROUND

Established in 1946, the corporation conducts research and provides policy advice and acts as the government's agent in the provision of grants, contributions and subsidies for the advancement of housing and community development. Its mandate has been split into three categories:

The **Corporate Account's** primary activities are residual lending and land management. CMHC manages significant land holdings, for development and disposal, in partnership with the provinces and in its own portfolio. The loans and investments are made under all three planning elements: Market Housing, Social Housing and Housing Support with the major emphasis (approximately 75%) on Social Housing projects.

The **Minister's Account** delivers Market Housing, Social Housing and Housing Support Programs. Market housing programs assist private market stability and promote home ownership and cooperative housing. Social housing programs assist households in need, to obtain affordable, suitable and adequate shelter. The Housing Support programs pursue research and development on national housing standards, promote housing quality improvements, and provide other ancillary services including national housing statistics. Approximately 95% of the total activity relates to Social Housing.

The **Administered Funds** include four insurance and guarantee funds administered on behalf of the Government of Canada: Mortgage Insurance Fund; Mortgage-Backed Securities Guarantee Fund; Home Improvement Loan Insurance Fund and the Rental Guarantee Fund. The Mortgage Insurance Fund facilitates mortgage lending by reducing the risk to lenders. The Mortgage-Backed Securities Guarantee Fund encourages the secondary market trading of mortgages. Together, the Mortgage Insurance Fund and the Mortgage-Backed Securities Guarantee Fund support market housing initiatives by ensuring availability of an adequate supply of mortgage funds.

Appropriate Minister:	The Honourable Elmer MacKay, P.C., M.P. Minister of Public Works	Incorporation:	1946; by the *Central Mortgage and Housing Corporation Act* (R.S.C. 1985, c. C-7). Amended March 16, 1979 to *Canada Mortgage and Housing Corporation Act*
Chairman:	Claude F. Bennett, Q.C.	Head Office:	700 Montreal Road Ottawa, Ontario, K1A 0P7
Chief Executive Officer:	Eugene A. Flichel	Status:	Schedule III, Part I An agent of Her Majesty except when s. 14 of its Act applies.
Auditor:	Deloitte & Touche and the Auditor General of Canada	Department:	Public Works

[1] The financial statements of the Corporate Account, Minister's Account, the Mortgage Insurance Fund and other Insurance and Guarantee Funds have been presented separately to preserve their identity and provide meaningful information concerning the Corporation's distinct business activities.
[2] The Corporate Account financial summaries have been restated for 1987 and 1986.
[3] Transfer of net income (after income taxes) to the Receiver General for Canada.
[4] Includes $248 million in recovered losses.
[5] Cash Flow reflects the Mortgage-Backed Securities Guarantee Fund only. The Home Improvement Loan Insurance Fund and Rental Guarantee Fund do not have statements of Cash flow.

CANADA MUSEUMS CONSTRUCTION CORPORATION INC.

MANDATE

To construct, in the National Capital Region, new buildings for the National Gallery of Canada, the Canadian Museum of Civilization, and any other museum that the Governor-in-Council may direct.

BACKGROUND

Construction of the new museum buildings has been completed and the corporation plans to cease active operations by December 30, 1991. The Order in Council authorizing the establishment of Canada Museums Construction Corporation (CMCC) (P.C. 1981-1838) states that, unless otherwise directed by the Governor-in-Council, the corporation is to be wound up after completion of the construction projects. Bill C-8, provides for a change in status in CMCC from parent Crown corporation to subsidiary of Canada Lands Company Limited. The corporation will be dissolved once outstanding liabilities and claims are resolved.

Appropriate Minister:	The Honourable Elmer MacKay, P.C, M.P. Minister of Public Works	Incorporation:	1982; by letters patent (No. 0132114) under the *Canada Business Corporations Act*
Chairman and Chief Executive Officer:	Lawrence J. O'Toole	Head Office:	55 Murray Street P.O. Box 395, Station A Ottawa, Ontario, K1N 5M3

CANADA PORTS CORPORATION

MANDATE

To plan and coordinate the development of the 15 ports and harbours, to achieve the objectives of the national ports policy and to support Canadian international trade objectives.

BACKGROUND

The corporation was established in 1983 with responsibility for the 15 ports and harbours across Canada that previously fell under the jurisdiction of the National Harbours Board. Subsequently, parent Crown corporation status was given to seven of the local ports: Montréal and Vancouver (in July 1983), Halifax, Québec and Prince Rupert (in June 1984), St. John's (in June 1985), and Saint John (in December 1986). These corporations are now operating with a high degree of local autonomy. The corporation monitors their activities and is directly responsible for the administration, management and control of the eight ports and harbours without parent Crown corporation status.

Appropriate Minister:	The Honourable Jean Corbeil, P.C., M.P. Minister of Transport	Incorporation:	1983; pursuant to the *National Harbours Board Act* (R.S.C. 1970, N-8, s.3); reconstituted by the *Canada Ports Corporation Act* (R.S.C. 1985, c. C-9)
Chairman:	The Honourable Ronald Huntington, P.C.	Head Office:	8th Floor 99 Metcalfe Street Ottawa, Ontario, K1A 0N6
Chief Executive Officer:	Jean-Michel Tessier	Status:	Schedule III, Part II An agent of Her Majesty
Auditor:	Coopers & Lybrand	Department:	Transport

FINANCIAL SUMMARY ($ million) Financial year ending December 31.

Dividends	20.7[4]	0.1	0.1	1.0	26.7[4]

[1] In 1987, $17.8 million loan principal owed to Canada was forgiven. That amount and related interest forgiven was added to the corporation's contributed capital.
[2] Equity includes the Interport Loan Fund: 1990, $32.1 million; 1989, $28.6 million.
[3] Includes $2.8 million budgetary appropriation (capital grant) and a $26.6 million Government of Canada grant for the establishment of the Interport Loan Fund.
[4] Includes contribution to Canada (cash recovery) of $20.4 million in 1990 and $26.7 million in 1986.

CANADA POST CORPORATION

MANDATE

To operate a postal service on a self-sustaining financial basis while providing a standard of service that will meet the needs of Canadians.

BACKGROUND

The *Canada Post Corporation Act* requires the corporation to fulfill its mandate while improving and extending its products and services, and to conduct its operations on a self-sustaining financial basis. The corporation is also called upon to manage its human resources "in a manner that will both attain the objects of the corporation and ensure the commitment and dedication of its employees". Canada pays subsidies to the corporation in support of the publishing industry, for Northern parcel mails, parliamentary free mail, and blind persons' free mail. The corporation does not receive operating subsidies from Canada.

Appropriate Minister:	The Honourable Harvie Andre, P.C., M.P. Minister of State and Leader of the Government in the House of Commons	Incorporation:	1981; by the *Canada Post Corporation Act* (R.S.C. 1985, c. C-10)
Chairman:	Roger L. Beaulieu, Q.C.	Head Office:	Sir Alexander Campbell Building Confederation Heights Ottawa, Ontario, K1A 0B1

[1] Canada Post receives cultural and special mail subsidies from the Department of Communications, which are not included in the budgetary funding total.

CANADIAN BROADCASTING CORPORATION

MANDATE

To provide radio and television services in both official languages incorporating a wide range of programming that informs, enlightens and entertains. The programming is to be predominantly and distinctively Canadian and contribute to a shared national consciousness and identity. The CBC is subject to the conditions of any licence or licences issued to it by the CRTC and is subject to any applicable regulations of the CRTC.

BACKGROUND

Established in 1936 by the *Broadcasting Act*, major amendments were made to this Act in 1958, 1968, and 1991. The most recent revisions to the *Broadcasting Act* received Royal Assent on February 1, 1991 (entry into force in June 1991), and brought the control and accountability framework applicable to CBC more in line with that of the Crown corporations scheduled in the *Financial Administration Act*.
